THE VOICE OF HAWAII

All "U" men not Physically examined report at gym Monday between 7:30 a. m. and 10:30 a. m.

VOL. VII — UNIVERSITY OF HAWAII, HONOLULU, HAWAII. FRIDAY, OCTOBER 5, 1928. — NO. 4

FIRST A. S. U. H. ASSEMBLY TODAY

"FIGHTING DEANS" MEET ALUMS AT STADIUM IN ANNUAL BATTLE TOMORROW

First Game of Season For University Men; Practice Hard

EX-DEANS STRONG

Klum Names Tentative Line-Up in Manoa Squad

The "Fighting Deans" will appear in their first encounter of the season against the Alumni of the University this Saturday down at the stadium.

The hard work which the Varsity has been going through will in part be justified when the whistle blows for the initial kick-off. The players in Saturday's "grid show" have been rehearsing their parts diligently for the past month. Just how good the 1928 Varsity will be this Fall will depend, mainly, upon the showing they put up when they meet the "diploma" satelites.

Student Support Needed

The success of the season will not rest wholly upon the shoulders of the players. The element of support by the student body will contribute to a great degree to the winning or losing of the tough games which the squad will be called upon to play this season.

Tough Job

Coach Klum has had a great deal of difficulty in selecting the right combination for his 1928 model and Saturday's game will probably help him a lot to discover the merits or demerits, whichever the case may be, of the prospective "pigskin" charges. The first game of the season has always been a "Jinks" for "Proc" and this year he expects to break the run of bad luck which has always attended his initial games of the season.

The Line-Up

Coach Klum, while he has not made it a certainty, has named the following players to start the ball rolling down the field in this weekend's gridiron fest:

(Continued on Page 3)

PAN-PACIFIC LUNCH

University students are urged to attend the weekly luncheon of the Pan-Pacific Union at the Y. W. C. A. Monday noon at 12 p. m., which is to be presided by President Crawford. The Australian debaters will be introduced at this time. A table has been reserved for the University and there is still room for eight on this table. Tickets are selling at 50 cents apiece.

"Y" Launches Finance Drive

Beginning Monday, October 8, the campus "Y" will launch its annual financial drive for funds to carry on the work of the coming year. The goal is $400 from the student body. Every man will be asked to give something. The campaign will be carried on only during the week, October 8 to 12 inclusive.

The canvass will be carried on by students divided into two teams headed up by Shiku Ogura, and Charles Kenn. Under each team will be three divisions with four men in each division, making a total of 24 men canvassing during the week of the drive. Each day at 12:30 p. m. all the canvassers will meet in room 106 of Hawaii Hall to give daily reports. The executive committee headed up by C. Ashton feels that the drive will be a complete success.

Hawaii Union Sells Tickets

Tickets for the two Australian-Hawaii debates are now on sale by members of the Hawaii Union. There are two classes of tickets, student and adult and these in turn have been classified into the double admission ticket, which sells at a dollar for adults and 50 cents for students and which admits the bearer to both of the debates, and the single ticket which is good for only one. The latter is priced at 75 cents for adults and 35 cents for students.

In view of the fact that the two topics for debate are of universal interest, and there is an opportunity of saving from 20 to 50 cents, people are urged to purchase double admission tickets.

Only a limited number of these tickets have been printed and students are requested to get theirs as soon as possible.

Debate History At Varsity Is Interesting

Three International and Five Intercollegiate Contests

The debate with the University of Sydney Monday night will be the third international debate and the fifth intercollegiate debate in which the University of Hawaii has participated. The other international debates were with Oxford University in Honolulu in 1925, and with the University of the Philippines in Manila, in 1928.

Oxford First

The first team to visit Honolulu for an intercollegiate debate was the Oxford team, one member of which was a son of Premier Ramsay MacDonald of Great Britain. The University of Hawaii won the decision on the question "Resolved, that prohibition in the United States is a failure." The local team was composed of Shunzo Sakamaki, Kensuki Kawachi and Walter Short.

Sydney in 1926

The second forensic tilt in Honolulu was with the University of Sydney in the fall of 1926. This was not an intercollegiate debate, for only one member of the Hawaiian team was a student, Sakamaki. Sakamaki's speech in favor of democracy was instrumental in winning the decision for the Honolulu team. Dr. William Godsall, the leader of the Sydney team, is returning this year and will participate in the debate Monday night.

Oregon Debaters

The following year, 1927-1928, marked the first debate with a uni-

(Continued on Page 2)

Faculty Members To Use Swim Pool

The University swimming pool will be open to all faculty members every Wednesday afternoon from 4:30 to 6:00 o'clock. During this time only faculty members will be allowed to use the tank.

If at the end of the month a sufficient number of faculty members has taken advantage of this privilege, these hours will be set aside for them permanently.

AUSSIE TEAM ARRIVES FOR DEBATE TOUR

Stopping Off For One Week; Two Contests With Varsity

GOING TO COAST

Will Discuss White Australia and Democracy

With two teams from the University as their first American opponents, the University of Sydney's debating trio consisting of Dr. H. G. Godsall, W. S. Sheldon and N. C. L. Nelson arrived this morning for a one week visit before proceeding to the mainland where they are scheduled to meet 85 colleges and universities in debates. They arrived this morning on board the R.M.M.S. Aorangi from New Zealand.

Outstanding

The outstanding member of the team and a "kamaina" here is Dr. Godsall who made his initial trip to Hawaii as a member of the first visiting Australian debate team which met representatives of the University in 1926 on the question of Prohibition. Those who attended that contest will recall the brilliant work of Godsall on the platform.

Malihinis

The other two men of the visiting group of speakers are not so well known in local debating circles due to the fact that this is their first appearance in Hawaii. Both are reputed to be witty and fluent debaters with a well-grounded knowledge of the so-called informal English style of debating.

Date Changed

The date for the first contest has been changed from Saturday evening, October 6 to Monday night (October 8) so as not to interfere with the Dean-Alumni football dance that is to follow tomorrow's game. The topic and place for the debate remain the same—"White Australia," at Mission Memorial Hall.

Dai Ho Chun, Ah Leong Fong and Jack Wakayama will represent the University in the first of the

(Continued on Page 3)

"To Wear or Not to Wear" Is Campus Issue

Student Opinion on latest Wahine fad Solicited

To "wear or not to wear" (ankle socks) on the college campus, that is the question which the students of the University will ponder over concerning the latest fad in women's dress.

Just as a unique way of getting students' opinion on this question, Ka Leo is conducting a questionnaire, which is to be found elsewhere in today's paper. The results of this ballot however will not affect in any way, this fad which some of the students are adopting. No names will be made public so that students may feel free to give their unbiased reasons.

Against It

When given an opportunity to express their opinions of this matter, the members of the costume appreciation class under Madam Anna Dahl, were definitely against this new "invasion" because they felt that bare legs destroyed smartness and good taste or dignity and beauty. Some thought them childish, indecent, immodest and one fair maiden went farther and declared that it was a return to barbarism.

About 24 members agreed that socks could be worn only when the wearer was actually engaged in sports such as tennis, golf, hiking or gymnasium work; when worn with decidely "sport" dresses at the proper time and place, though they contended that it was out of place at school, on the street and at afternoon teas and dances. The appearance and the age of the wearer should be taken into consideration, and the age limit allowed by the class varied from 13-27 years.

Excerpts

The following are some of the excerpts taken from several of the papers: "worn with strictly sport costume," "they are ridiculous with high heels," "absolutely out of place on the street," "for young boyish types for sports" and "there is a set time and place for all things."

Some of the women in the class considered the question from the viewpoint of whether or not the men admired this style and here are some of the rules which they claim all

(Continued on Page 2)

Alumni Dance Tomorrow Nite

The Alumni Association of the University of Hawaii will honor the student body of the University and faculty with a dance Saturday evening, October 6th, at 8 p. m., in the gymnasium.

The dance promises to be a grand affair, with approximately 100 Alumni members expected to be present. Many are coming from the different islands to witness the annual Alumni-University football game.

An excellent six-piece orchestra, conducted by Isaac Hakuole, will furnish the music for the dancing. There will be fun galore, with special entertainments adding to the enjoyment of the evening. The dance will be from 8 to 12 p. m. Refreshments will also be served during the evening.

Every student is urged to attend the dance, and to take an active part in the festivities of the evening. Incidentally, the Alumni Dance will bring together students of the past and the present.

Those on the dance committee include: Chairman William Hartman, Carl Farden, and Joe Gerdes. Will there be a good time? "And how!" replies the committee.

Fencing Classes On Campus Have Weekly Meetings

Joe Sweezy Instructs in Sabers; Lee Brown is Foils Master

Fencing classes are now meeting for two afternoons a week on the lawn in back of the new Botany building. The class in sabers at 4 o'clock on Monday and Wednesday with Joe Sweezy instructing, and the class in foils meeting at 4:30 on Tuesdays and Thursday under the direction of Lee Brown.

The class in Sabers is being instructed by Joe Sweezy who learned his art from an alumnus, Valili Eremeef, formerly an officer of the Russian army. There are nine members in the class so far, including three girls. The boys are Lee Brown, also instructor in foils, Reynolds Burkland, Hugh Patton, Arcenio Octavio, Hing Luke, Katsuki and Alfred Hess. Although some of the members have had previous experience in fencing the majority of the class is just beginning and the first few lessons have been occupied with elementary exercises. There is quite a bit of talent as well as enthusiasm among the members and plans are being made for a match late in the fall with a class being organized at the Honolulu Academy of Music under Wallace Dow, who has studied fencing in Europe.

Lee Brown Instructs

The class in foils is being conducted by Lee Brown who instructed at the University last year and at Punahou the year before. There are five in this class including some of those who are also studying sabers. They are Hugh Patton, Alfred Hess, Katsuki, George Goo and Lyde McCleery. Mr. Stroven who came from Leland Stanford University to instruct in English here, is planning to help Lee Brown with this class and give him some ideas from the Stanford classes in foils. The class is now trying to get some new equipment through the A. S. U. H. as it is difficult for the members to work with the old materials they now have. They are progressing rapidly, however and plan to have some matches with local teams in the near future.

MEETING TO BE HELD IN GYMNASIUM

Football Rally On Program; Occasion Important

STARTS AT NOON

Crawford, Klum, W. Mihata and Clarke Will Speak

Today at 12:30 p. m. in the new gymnasium the Associated Students of the University of Hawaii will hold its first assembly of the year. Included in the program of the meeting is a rally for the football team which plays its initial game of the season, tomorrow at the Honolulu Stadium, against the Alumni.

Importance Stressed

The importance of the occasion was stressed by Edward Towse, president of the Association in an interview with Ka Leo.

"Unless students in general show enough interest in undergraduate activities to be willing to attend these assemblies of the A. S. U. H. we cannot hope to have real University spirit," the student leader declared.

The Speakers

President Crawford, Coach Klum and Colonel Adna G. Clarke are slated to address the students at today's gathering. In addition to these men, Walter Y. Mihata, captain of the Pan-Pacific debating team which recently toured the Orient, will speak on some phases of the trip.

All persons are urged to be prompt in order that the business part of the session which is to precede the rally and the addresses may be dispatched at the beginning. Several important matters concerning the government of student affairs are to be brought up for discussion at this time.

Larger Attendance

With the gymnasium completed, officials of the student organization are of the opinion that the attendance at assemblies will be much larger than that in the past when no room capable of accommodating more than 300 persons was available on the campus. They pointed out the fact that in former years, Hawaii Hall, which was used as a meeting place was invariably filled to capacity and that many who wanted to attend were kept away on account of the lack of space.

FOOTBALL MEGAPHONES NOW ON SALE

Board Confers Three Degrees

The board of regents at the University of Hawaii, following their meeting of September 21, has announced the following degree conferences on students now attending mainland medical colleges: Rebecca Lee, at Yale Medical School, B.S.; Edward Toshikazu Shimokawa, St. Louis School of Medicine, B.S.; and Daikichi Matsuzawa, Northwestern Medical School, B. A.

By completing three years of required pre-medical work at the University of Hawaii and one year of regular work at their chosen professional colleges, these students have automatically shortened their medical course from the usual 8-year study to 7 years. First year work at the medical colleges must, however, conform with university degree requirements.

Joint Poultry Convention At U. H. Is Planned; Three Day Conference

Believing that a joint convention between the proposed Hawaiian Poultry Producer's Limited and the poultry producers of the territory would be a big step toward uniting local poultrymen for a better understanding of the industry, the University of Hawaii plans to hold its annual conference October 22, 23, and 24.

Many Cooperate

Motion pictures; field trips; and lesson talks on poultry diseases, breeding, culling, incubation, brooding, feeds, housing, marketing; demonstrations; and trips to various poultry farms on Oahu are scheduled. Co-operating in this conference to make it a success are the Federal Experiment Station, the new Co-operative Association, and the University, and poultrymen on the other islands are urged to attend. Most meetings will be held on the campus, according to President David Crawford who announces the following tentative program:

Tentative Program

Monday

Opening address, President Crawford.

Discussion of the Hawaiian Poultry Producer's Limited.

Inspection of University Poultry Plant, caponizing demonstration.

Poultry Possibilities in Hawaii.

Poultry Breeding.

Poultry Diseases.

Culling and Line Breeding.

As entertainment, some horse play.

Tuesday

Opening address, Professor Henke.

Discussion on organization, Hawaiian Poultry Producer's Limited.

Poultry movies.

Poultry accounts.

Incubation and breeding.

Marketing of Poultry products.

Poultry feeding.

Poultry house construction.

Wednesday

Field Day, visits to leading poultry ranches and hatcheries on Oahu.

It is hoped that every poultryman in the territory will attend, and notifications of acceptance are being received by the agricultural extension department at the University.

CITIZENSHIP

The first assembly of the Associated Students of the University of Hawaii is called for this afternoon. Aside from being the initial meeting of the year, this convocation should be of great interest in that matters of much importance pertaining to student government at the University are to be brought up for discussion and debate. Unless enough students attend, nothing can be done in the way of introducing new features or making changes in rules or the constitution governing the procedure of student affair.

Every student is or should be an active member of the A. S. U. H. This is particularly his own organization, brought into being by his express desire. It is his community and he is one of its members, a full-fledged citizen. The opportunities and privileges which accrue from membership in this organization are many and varied. At the same time there are certain obligations which he must fulfill if he is to do his duty as a good citizen.

Howbeit, there are not a few individuals who lost sight of the fact that citizenship implies responsibilities. Our community at the University is no different than others in this respect. The percentage of "University citizens" who fail to live up to some of the requirements is altogether too large. The attendance at the first convocation in the gymnasium some weeks ago was miserably small. Yet there was no reason for such a showing, for due publicity had been given, regarding the time, and place of the meeting. The only excuse was lack of initiative, loyalty and apathy to student government.

There should be no cause why we cannot have a large attendance at today's assembly. The session itself will not take longer than one hour, and surely sixty minutes a month is not too much for one individual to give up in the interest of good student government.

BY ALL MEANS

Dramatics has taken a definite hold at the University, so much so that it is one of the major extra-curricula undertakings on the campus. The semester plays, "dramatic nights" and other programs of a similar nature have attracted the attention of not only students but the town folk as well. The general opinion has been highly complimentary to us, and there is not the slightest doubt but that the time, effort and energy expended by our players in these productions have been worth it.

To date our would-be Thespians have been laboring under a serious handicap—the absence of a building or room where rehearsals could be held without interruptions. Classrooms, lecture halls and even laboratories were made use of by members of the Dramatic Club and others. These places however, were but poor substitutes for a rehearsal room, and at times the inconveniences in the way of poor acoustics, insufficient light and cramped quarters were too much even for the most patient and "least temperamental" actress.

The suggestion now comes that the Administration turn over the old Botany building to the Play Production Class under Miss Floralyn Cadwell, to be used as a "little theatre" for the production and dramatization of plays. It is said that with some slight alternations this building can be converted into an excellent playhouse with an audience-capacity of seventy-five.

Ka Leo is for this movement. It believes that the old Botany classroom could not serve a better purpose. The time has come for us to have some room or building that persons interested in dramatics may call their own, a rendezvous where they can gather for rehearsals and discussion. Our undergraduates are talented and hard-working, our director capable, the University and the community are interested in student dramatics. By all means let us have a "little theatre."

WELCOME HOME, ALUMNI

Tomorrow evening the University will be the guest of the Alumni, at a dance. It will be a fitting close to what is really a home-coming day for our graduates, many of whom have come from distant parts of the island and the territory for the occasion. A large number of these have tucked away their sheepskins for a long, long time. Tomorrow's event will serve as a reunion for former classmates who have lost sight of one another with the completion of their university career. Welcome home, Alumni—no matter which team wins, we extend to you a sincere Aloha.

NO OCCASION FOR ANXIETY

In order to allay the fears of many who have been led astray by mere rumors, Ka Leo wishes to announce through its editorial column that the questionaire which it is conducting, concerning the use of ankle socks by women students on the campus, will not in any way influence the administration in its policy or attitude toward this "weighty" subject. It is simply an attempt of the student paper to obtain the view of the campus citizen on this somewhat important topic of the day. Co-eds who entertain the suspicion that their personal liberty will be trampled on may rest assured that nothing of the kind is going to happen.

Teacher: "What language is spoken by the natives of Cuba?"
Jimmy: "Cubic."

"Say, Johnny, how'd you get that black eye?"
"Because I did not choose to run."

Debate History at University Is Interesting

(Continued from Page 1)

versity from the mainland United States. The University of Oregon "around-the-world" team engaged in two debates with the Deans on the question of extra-territoriality in China, and Philippine independence. The University won the first and lost the second debate. Representing the University in the first debate were Dai Ho Chun, Mitsu Kido and Ah Leong Fong; in the second debate, Walter Mihata, Shigeo Yoshida and Q. L. Ching.

Bates College

Bates College, of Lewiston, Maine was the next opponent of the University, invading Honolulu in the spring of 1928. In a highly spirited contest the University was victorious. Bates had previously defeated teams representing Harvard, Princeton and Oxford. Kido, Ching and Yoshida represented Hawaii in this debate.

Good-Will Debaters

The University participated in a unique debating tour this year. A team composed of Walter Mihata, Dai Ho Chun and Stowell Wright, Japanese, Chinese and Anglo-Saxon, was sent to the Orient on a "good-will" speaking tour, under the auspices of the Pan-Pacific Union. They engaged in debates and oratorical contests against the University of the Philippines and the best colleges and universites of Japan, making a very creditable showing. The University has been invited to make another such tour at a future date.

The decision in the debate with the University of the Philippines was left to the newspapers, who gave it unanimously to Hawaii.

In addition to the intercollegiate debates, the University has met a "town team" of Honolulu citizens on the forensic platform. The meeting occurred in the spring of 1928. The prohibition question provided the argument and no decision was awarded.

Interclass Debates

Interclass debates were inaugurated in the spring of 1927 and have become an annual tradition. In the two contests held to date the freshman team has been victorious.

The interclass debates are sponsored by the Hawaii Union, the oranization which is modeled on the plan of the Oxford and Sydney Unions. Membership in this organization is an honor reserved for students who have participated creditably in debate contests.

Bright Future

This year the plans for debate are bright. The outstanding debates scheduled so far are the two with the University of Sydney next week. Arrangements are being made with Doshisha University, Kyoto, Japan, to send a team to Honolulu in April, 1929. The Union also plans to arrange debates with mainland schools and the possibilities of debate trips to Australia or to the mainland are contemplated.

Dramatic Club Picks J. Sweezy

Joe Sweezy was elected president of the Dramatic Club, which held its first meeting of the school year last Thursday; Helmeth Horman, vice president; and Miss Floralyn Cadwell its faculty advisor.

Re-election of officers was necessary because of the resignation of its spring-elected president, John Deveraux, who is attending Stanford University this year.

After the selection of officers, there were discussions on limiting the membership to the Club to only those who would be interested and willing to work for the benefit of the Club; and on the selection of leaders for the year to direct the plays which are to be presented on Dramatic Nite every month.

Dramatic Nite at the Central Union Parish house has always been popular to all and the club hopes that all who are interested in dramatics will make it more its nite by attending and bringing their friends.

Why is a lawyer like a fish?
Because he's always after debate (de-bait).

* * *

"Why the black crepe on the door? Is your roommate dead?"
That's not crape. That's the roommate's towel.

Campus Cafeteria Ready to Serve at All Times; Slogan is Adopted

Mrs. J. M. Coxhead, Manager, presents her views; University eating place undergoes change in Summer

"Service with a Smile"—that is our slogan here," said Mrs. J. M. Coxhead, manager of the University cafteria in a recent interview. "We are always anxious to serve the students in any way we can—class banquets, teas, dinners, or picnic lunches."

Notice Changes

Ever since the University started students have been commenting on the changes that were made during the summer in the furnishings of the cafeteria. All the tables have been painted a bright green, and cheerful curtains have been put up at the windows. The students served on every day number more than 300; the evening meals average about 85, breakfasts 35, and noon meals from 185-197.

Candies, cakes, ice cream, pies, pops, cookies, milk, hot coffee, and fruit are served during the day from eight o'clock in the morning till five o'clock in the afternoon. Sandwiches may be obtained between the hours of eight to eleven in the mornings and one to five in the afternoons. Creamed chicken seems to quite a favorite. As for the desserts, our old standbys—ice cream and pie are most in demand.

Plenty of Vitamin

Students eating at the "cafe" need have no fear regarding the vitamin contents of the foods. At every meal four vegetables are served besides potatoes and rice.

On Sundays there is a special 65 cent chicken dinner—"the kind that Mother used to cook." Students as well as outsiders avail themselves of the opportunity.

Mrs. Coxhead said that now that the football season is opening, she is handling all the football banquets to "help the boys put on weight."

Likes Students

She spoke very highly of the courtesy and fellowship of the student body and wished to have the students know that the management is willing to put on any home dish requested by them. She wants the students to feel that the cafeteria is their home. Outsiders too are always welcome.

New Department Is Organized by Edward Himrod

Edward Himrod, who taught several years ago in McKinley and Iolani Hight schools, is organizing a university preparatory and coaching department in the Honolulu Business College. He returned recently from California, where he spent three years teaching.

Standards Set

His report on the Subject A examinations in English shows that real standards are being set for students in English. The examiners in the University of California and the Junior College of the State fail from 50 to 75 per cent of those taking the examination, Himrod states. One example of any one of a dozen errors is taken as grounds for failure. Those failing to pass the Subject A tests, even after admission to the university, are put in a "bonehead" class, and have to pay ten dollars a semester extra until they pass the test.

To Help Older Folks

The coaching department of the Honolulu Business College aims to help people of mature years, who would be out of place among boys and girls of a regular high school. Instruction is individual, permitting progress according to the time and ability of the student. Slow, normal, and rapid students do not interfere with each other. Failure is eliminated, as the student continues on an assignment until he masters it.

Except for private lessons, the work of the coaching department is to be carried on during the afternoons and evenings. Students will be given admission to the study hall, and opportunity for help with their difficulties. Every possible assistance will be given in outlining courses of study to fit individual needs Himrod concluded.

The basic Subject

"The basic subject in our school is English," Himrod declares. "If a student can and will master English, he has a good chance for success with other subjects. If he cannot or will not master English, his case is well-nigh hopeless.

"Here is a tip to pass along to every student all the way down to the first grade. Take the fullest advantage of every opportunity to learn English. It can't do you any harm. The higher you go in school work the more you will need facility in the correct use of spoken and written English"

Plunger in his column says he gave the football men "the once over"—headline.
He must have strained his eyes.

Dr. T. Bailey in American history course: ". . . .and the river was anchored."

"My greatest ambition is to sing for the public."
"Why not join the Salvation Army?"

A. W. S. Council Holds Early Sessions

The council of the A. W. S. is holding eight o'clock meetings to formulate plans and the program for the coming year. A meeting will be called in the near future to announce these plans and it asks every woman student of the University to attend.

The council members are selecting chairmen for the following committees: social, program, music, big sister, rest room, vocational, publicity, scholarship, membership, and athletics. Every member of the association will be asked to serve on one of these committees.

When the women students enrolled they filled out questionaires for the Dean of Women, underlining the committees on which they were willing to work. The council is using this information in placing girls on committees.

The big sister committee functioned during freshman week and very freshman girl had a big sister among the upper classwomen to assist her in enrolling.

The athletic committee is something new on the campus this year and it will sponsor inter-class competition among the women.

All the committees last year were active with plans. A great deal was accomplished by the rest room committee under whose efforts a new couch and pillow covers and new window curtains were secured. As a result of the new furnishings and the new paint to harmonize with the colors, the women's rest rooms have been improved in appearance. This year the committee will try to have more chairs and an additional mirror in the rooms.

The program and social committees are always in demand and the quality of the work carried on by those in charge is responsible for the success of the socials, parties and teas conducted by A. W. S. every month.

C. E. Martin to Replace George

Dr. Charles E. Martin, who is Professor of Political Science and Dean of the Faculty of Social Sciences of the University of Washington, is coming to the University of Hawaii the second semester (1928-1929)to head the political science department which will be left vacant when Dr. William H. George goes back to the University of Washington to resume his professorship there. Dr. Martin and Dr. George are the authors of "American Government and Citizenship" which is now being used as a textbook in the Political Science 100 this year.

Dr. George is taking the place of Dr. K. C. Leebrick who is on the faculty staff of the University of Syracuse. He has been studying political conditions in Hawaii since he came here and is preparing to write books on Hawaii.

Questionaire on Wahine Ankle Fad Issued by Ka Leo

(Continued from Page 1)

well dressed women follow: "the young men do not admire them," "conveys impression of carelessness of dress," "should not attract attention by looking common," "ugly knees and scarred legs and unsightly," "all fads are not smart," and "depends on type of girl."

Opinion Wanted

After reading some of the comments made by the members in the costume appreciation class, Ka Leo asks that all students in the University give their unbiased and unprejudiced opinion on the subject, which, no matter what the result, may be, will not affect the style now on the campus.

Coed: "There's soap in this food."
Waiter: "That's all right; needs something to wash it down."

C. S. A. To Stage Double 10 Dance

A "double 10" dance in honor of China's Independence Day will be given by members of the Chinese Students' Alliance at the University gymnasium, Saturday evening, October 13 at 8 p. m. In view of the fact that the day falls on Wednesday, officers of the organization decided to stage the affair on Saturday of the same week.

Music will be furnished by Alama's orchestra and refreshments are to be served. Admission for members of the Alliance is 25 cents while non-members will be assessed 50 cents. One ticket admits a couple.

"Double 10" as it is popularly known is celebrated throughout the Chinese republic. It marks the fall of the old Manchu rulers and the birth of representative government in China. The name was coined from the coincidence in the day of the week and the month—October 10, the tenth day of the tenth month or "double 10."

Questionaire

Are you in favor of our co-eds wearing ankle socks to classes. (Check after one of two answers).

No..... Yes..X..

Your reasons if any Because it makes my eyes brighter and !!!

Your name.....

(Turn In At A. S. U. H. Office)

LEE WRITES TELLING OF CHINA TRIP

Canton Modernized; Buildings Made In Western Style

SPEAKS AT MEET

Declines Offer There Because Desirous Of Returning

No country is far enough from Hawaii, to make people who have once been here, to forget the islands, nor is any position alluring enough to keep anybody, who has once been on the faculty staff of the University of Hawaii, away from the buildings at the "foot of the rainbow," for Dr. Shao Shang Lee of the Chinese department writes to President David L. Crawford that he is anxious to return. Dr. and Mrs. Lee are now visiting China.

At the time of writing his letter, Professor Lee had almost completed his hasty study of the political, social, religious, and educational conditions in Canton and was planning to proceed to visit North China. He states that in spite of the heat he was able to enjoy his visits to the various institutions, for the coming of autumn made the weather much cooler.

Speaker at Conference

His letter in part follows: "I have just returned from Paak Hok Tung where a student conference is being held and I was invited to be one of the speakers. Last night I gave a lecture on "The Contribution of Christianity to China." The students seemed to be intensely interested in what I had to say and their earnestness and sincerity inspired me. They numbered about 110, half of whom are girl students. They come from the various Middle Schools in Canton and Hong Kong. They were certainly a very fine group of students and I wished that some of them could come to our University some day.

"The city of Canton has been so modernized that I could hardly recognize it when I first landed. I was sorry to find that many of the magnificent old Buddhist temples have been torn down to give way for the construction of modern buildings of western style. Some of the great monasteries that I used to visit when I was a boy are no more.

Political Unrest Over

"The political unrest in south China seems to be over. The people rejoice over the success of the Nationalists in unifying the country. The political and military leaders seem to be very conscientious of their responsibilities. They are working hard to build up a very strong central government with Nanking as its new capitol. I have been assured that the so-called "civil war" will be a thing of the past.

"During the past two months I have witnessed in Canton the opening of the Reconstruction conference, the educational conference, the conducting of the health campaign, and the continuation of the construction of the Canton stret-car tracks. The period of reconstruction seems to have been ushered in.

Visited "Blue Valley"

"I made a special trip to Chu Hung "the Blue Valley" to visit the ancestral home of Dr. Sun Yat-sen. I was accompanied by Mr. Lum Ying-Wen, a graduate of Chungshan University, who has been admitted as a junior in our College of Arts and Sciences. Through the kindness of Mr. Lum's father, two soldiers were detailed to join us as guards and guides (although there was really no need of them). Traveling in the adjunct districts is very safe. Banditry and kidnapping have not been heard of for several months. Those in authrity have done well in keeping peace and maintaining order.

Declines Offer

"I was offered a position to help in conducting China's foreign affairs, but I declined. Honolulu is too good a place to leave behind and the university is too dear to me."

Dr. Lee saw an exhibit of pictorial art and may purchase two pieces for his class work. An old friend of Dr. Lee's owns several thousand volumes of Chinese literature which he is willing to present to the University, but because they have been so torn and worn and would cost a great deal to be repaired, Dr. Lee will not attempt to bring them here when he returns.

Met U. H. People

He met Dr. Kalfred Lum, and the University Good Will Team, all of whom have returned to Hawaii. Dr. Lee regretted that because of his attack of sickness, he was unable to accompany the team to Manila.

Dr. Lee had also been visiting his parents and found them in the best of health. He spent several days with them and before returning to Shanghai, he and Mrs. Lee planned to make them another visit.

Plunger's Sportlight

It seems that the general opinion around the campus is that the Varsity is in for a picnic tomorrow. One of the Frosh was heard to remark that he "guessed the team would make three or four touchdowns and then call it a day." The sooner the student body gets over that idea the better it'll be both for the squad and for itself.

The Varsity has never beaten the Alumni. Don't forget that. And over-confidence coupled with any degree of carelessness isn't going to win the game tomorrow either.

Fielding H. Yost, Michigan mentor and one of the outsanding football coaches in the country, said, in part, at the Wolverine rally before the Minnesota game of 1926, "The support of the student body is of such vital imporance to the success of any team that it cannot be overestimated.'

Michigan came from behind the following day to beat the Gophers 7-6 and the yelling of the rooting section played no small part in the victory. After Joesting had individually advanced the ball over sixty yards to a touchdown giving Minnesota the lead, Michigan came back in the last quarter with a barrage of passes which fairly swept the Gophers off their feet. Finally, a triple pass, Molenda to Friedman to Oosterbaan resulted in the tying touchdown. Friedman kicked the goal, winning the game and the Big Ten championship.

The Michigan stands were in a continual uproar whether their team was ahead or behind. And that's what we want tomorrow. Let's have the Varsity feel and know that the entire rooting section is behind them, win, lose, or draw.

Incidentally, if the squad had as good a "line" as some of the girls on the front steps of Hawaii Hall have—we'd schedule to play West Point Thanksgiving.

The World Series is on with the Cardinals a 7-5 favorite over the Yankees as we go to press. The odds are quoted through the courtesy of Mun Kwai Lau, baseball expert and Wall Street gambler extraordinary. Personally we pick the Cards to win through superior condition and a stronger pitching staff. Ruth, Gehrig, and Lazerri are all ailing; and Alexander, Haines, Sherdel, and Frankhouse should form a combination hard to beat with only Hoyt and Pipgras to pit against it.

Miss Euphie Shields On Absence Leave

Miss Euphie Shields who has been connected with our library for several years has gone to the mainland, on a year's leave of absence to take up a library course at Simmons College.

Alice Alexander who has come from New York State library is taking the place of Miss Shields.

Since the first of July many new additions have been made to the already numerous books in our library in the form of donations. It is interesting to know that the following countries have made the contribution: China, Canada, Philippine Islands, Lithuania, India, Belgium and Switzerland. Besides above there have been many local gifts as well as those from the mainland of the United States.

A bit of advice just before the six-weeks exams when the weeding of so-called undesirable students will take place.

Don't wander through life aimlessly,

Your likely to interfere with someone else's aim.—Writer's Digest.

Deans Battle Alums Tomorrow Noon at Stadium

(Continued from Page 1)

Left end, "Cocky" Coxhead; right end, George McKenzie; left tackle, "Bull" Towse; right tackle, "Bully" Baker; left guard, "Tiny" Hooper; right guard, "Nobs" Nobriga; "Windy" Weight will handle the ball at center. In the backfield will be "Jocko" Judd at quarterback, "Pet" Macfarlane at fullback, and "Red" Holt and "Wee" Whittle will play halfback.

The Alumni

For the Dean Alumni, the following players are most likely to start the game:

Don Smith and Walter Holt, ends; Arthur Wriston and Buck Wong, tackles; Nakamura and Kaeo, guards; and Johnny Traut at center. Grant Morse will call signals while Wise and Fernandez play halfback and "Dusky" Brash will play fullback.

A Strong Combine

In starting the above named varsity players, Klum thinks he has found a possible strong combination. All the members of the squad are expected to get into the game however, so that a definite worth of each man may be ascertained. It will be noticed that seven players on the Dean squad are veterans of past campaigns with Klum, while four of the starting "pigskin toters" are new in Varsity grid circles. Coxhead hails from McKinley high school, where he played such good ball that the "powers that be" decided to name him as All Star end last year. He has been showing up fairly well in practice so a good deal is expected from him this week-end.

New at "U"

George McKenzie has seen action in senior league football with the Town Team and the Oahu Blues. This is his first year at end, however, and the exact worth of his ability will not be known until later on in the season. "Tiny" Hooper is a big addition to Klum in that his weight is above average and he has seen service in "big league" games with the Oahu Blues. He formerly went to Kamehameha and was a star there. Nobriga, while he has not played outside of high school circles, has shown up well in practice so his efforts Saturday will be closely watched by the Dean mentor.

All in all, with the support of the student body and a display of spirit which the players have shown in practice, the University of Hawaii should show heels to them all during the coming months.

Lady: "I want to buy some lard."
Grocer: "Pail?"
Lady: "I din't know you could get it in two shades."

Frosh Cadets Win Promotions

After a strenuous week of examination, the military department has announced the names of the cadets who are to become corporals in the various freshman companies. The cadets were quizzed on the fundamentals of military science.

At the same time those selected as cadets first class were also announced as a result of the examinations.

Those who were selected for the rank of corporal are W. L. McCleery, M. Martinsen, M. W. Payne, F. L. Fullaway, E. H. Hara, Y. Katsuki, Robert Lee, J. Y. T. Leong, T. F. Nobriga, H. V. Rath, A. W. Hess, M. W. Westgate, E. C. Hooper, A. S. Kong, A. F. Nobriga, T. M. Waddoups.

The following men were picked to become cadets first class: D. S. Judd, K. Kayano, N. L. H. Krauss, E. K. Vannatta, R. C. Perry, J. P. King, R. T. F. Lum, L. W. M. Chang, D. B. Chung, L. H. Good, J. Y. T. Wong, G. F. Florison, H. L. Marques, K. W. Tom, L. W. Crosby.

BECK ANNOUNCES NEW SPORTITORIAL

Mr. Beck, English instructor and faculty advisor for Ka Leo, has announced that in the near future there will appear a sport page in the university paper.

"I believe," says Mr. Beck, "that there is enough interest in varsity sports to support the new feature. Of course we will need a great deal of outside help and we expect contributions from students who are not registered in Journalism."

The new page will carry accounts of activities in the gymnasium classes as well as current sports news.

Kam Tai Lee, editor of Ka Leo, has requested that all students who have any information about any phase of sport activity which is of interest to the readers of the paper, to hand it in at the Ka Leo office.

Discussion Groups Of College Life Sponsored By "Y"

College life groups sponsored by the University Y. M. C. A. under the direction of Kenneth Chun sophomore, will conduct discussions on the questions "How Large should the world of a freshman be?," "What is the freshman viewpoint on the whole problem of boy's and girl's relationship?" and "How honest shall we be?"

The purpose of the college life group is to help the freshman know more about what the University has to offer besides book knowledge. Opportunity will thus be given to students to do independent thinking on problems which will be of interest to all freshmen, and they will come into contact with some of the professors outside the classroom and meet them as friends.

Bride: "Oh, Jack wake up! I can feel there's a mouse in this room."

Groom: "Well, just feel that there's a cat in here, too, and go to sleep."

We hope that your season will be a successful one.

Australians Team Comes To Debate Varsity Speakers

(Continued from Page 1)

two tilts, while Shigeo Yoshida, Kim Fan Chong and Makoto Nukaga make up the personnel of the second Varsity team. The latter group will defend the negative side of the question, "Resolved: that the government of the British Empire is more democratic than that of the United States."

The regular three-judge system of awarding the decision will be used. The judges for Monday's debate will be Judge J. J. Banks, Mr. Robbins Anderson and Rev. John Erdman.

The Judges

Mr. Antonio Perry, Principal Miles Cary of McKinley High School, and President Twitchell of Punahou Academy will judge the second debate.

President D. L. Crawford will preside at the first debate and Mr. Arthur G. Smith, of the Board of Regents, will act as chairman of the Thursday night argument.

Football Manager For Season Picked

By G. M.

An essential cog in our football machinery is the managerial system. K. C. Lau was appointed manager for the season and he has been doing some admirable work with the help of his assistants.

Chad Penhallow is his first assistant. Chad has charge of the equipment and supervises its distribution and care. Solomon Tseu is general manager under Lau. "Fukunaga" Koga has charge of the weight chart and sees that the athletes do the required amount of weight reducing. Fred Paoa has the job of rubbing the men, so that they need not complain of sore muscles.

The "dummy" squad consists of Richard Sakamoto, "Kaisan" Tanaka, "Tuesday Night" Lau, and H. B. Luke. These men take care of the tackling dummy, and they are always on hand to help out with any sundry tasks which present themselves.

One seldom hears of these men, due, probably, to the interest in the team itself. The managers put in long hours of duty and their thanks is generally a bawling out from the tired players.

All this discourse on the football managers merely shows the spirit which any University can not get enough of in its student body. Plunger, give three for the football managers.

Courses Given By Dr. Harada Have Large Enrollment

Clases in Japanese language, literature, history and Oriental religions have showed a great increase in enrollment, according to Dr. Tasuku Harada, professor in charge of these courses.

Many students at the University other than those of Japanese parentage have become interested in the courses, especially in the study of oriental religions. The latter course includes such religions as Christianity, Confucianism, Buddhism, Shintoism, Mohammedanism, Jaidism, Zoroastrianism, Jainism, Sikhism, Hinduism and Taoism.

At present, there are 128 students enrolled in his courses 25 of whom are taking intermediate Japanese; 48 are registered in the advanced Japanese class; 15 are studying Japanese literature; 23, Japanese history and 16, oriental religions. Because of the yearly increase of students, Dr. Harada is planing to have some assistants next year.

CHIPS
By Don Hall

Rah, Rah, Rah,
Team, Team, Team

Well, even if I have been here only one month, I can tell that football season is about to start.

All the wahines are busy thinking of clever things to say during games. You know the kind I mean. Some sweet young thing looks up at you, with almost human intelligence in her eyes, "Now do tell me All about it," she warbles, "I'm so interested. I mean I'm SIMPLY THRILLED by it all."

Then the fun begins. First you explain, that in spite of her opinion, that the team does not get together between plays to tell jokes. This will probably strain her credulity, and when she learns that the goal posts are not jumping stands, she will simply show her disbelief, by a very superior smile. After the first half, and you have explained until you're hoarse, She suddenly sighs and says patiently, "I understand ALL of that, dear, but what's the ball for?" Well, maybe the darned things mean well.

You know, I have noticed, I confess, that on this campus stockings rate about as well with the women as garters do with the men. This state of affairs causes difficulty. I see some brown-stockinged damsel in the distance, and mentally, I exclaim, "Ah, at last-my friend-a modest woman." She approaches, and in a state of mild satisfaction, I idly observe. Alas, alas, imagine my embarrassment when, upon closer inspection, it appears that the lady in question has no other covering for her pedal extremeties, than a rather heavy and a very deceptive coat of tan. So like Diogenes af old, I sadly ope mine eyes, and once more begin my search for a modest woman.

This stockingless idea is no doubt, very economical, and as some one suggested—a girl may have a new design or color, every times she inadvertently falls.

The only thing to be said against the idea of some legs bare and others fully clad, is this. The Gentlemen who inhabit the front steps are continually required to exert their intellect to determine if the girl across the steps or in the hall, wears stockings. This point should be brought to the attention of the S. P. C. A.

Every time a woman approaches it is—To be or not to be, that is the question. Whether it is nobler in the mind. To cover beauty's own dear legs with silk. Or leave such bothersome apparel behind. At a distance it is really a toss-up-"Yes, yes, indeed, there's a point," as our esteemed Professor George would say, "It is a toss-up." E Pluribus Unum, or as we say in Latin, heads or tails.

Wel, goodbye, little boys and girls, next week I promise I will not write of the stockingless brigade—So this concludes the story of the "TWO BARES."

You can catch Dad at breakfast with these:

Why are clouds like coachmen? Because they hold the rains reins).

Why is the letter A like a honeysuckle? Because a bee always follows it.

Japan Students In First Meeting At Fuller Hall

K. Fujiwara Presides; Board Recommends T. Kurihara

Seventy-five student attended the first get-together meeting of the Japanese Students' Association held at the Y. W. C. A. Fuller Hall last Starday night.

Kenji Fujiwara, a freshmin at the University and vice-president of the organization, presided at the meeting, due to the resignation of Francis Sato, who was elected president last May, on account of ill-health.

At this meeting, the name of Thomas Kurihara was presented as the choice of the executive board for president. No further nominations were made, as many of those present were non-members. Additional nominations, however, may be made through a written petition, containing the signatures of 15 or more bona fihe members, Fujiware said.

Talks on Drive

Lincoln Kanai, a junior, who was appointed chairman of the membership campaign by the acting president, gave a short talk on his plans for the membership drive and asked all to become members and take full advantage of the privileges that go with membership.

In affiliation with the drive, the association will sponsor the annual dance, the time and place of which has not been decided yet; it is hoped, however, that it will be held some time within this or the next month, Kanai announced.

Speaker of the Evening

The speaker of the evening was Walter Mihata, who captained the University of Hawaii goodwill debating team that made an extensive tour of the Orient under the auspices of the Pan-Pacific Union. He gave a graphic description of life and present conditions in Japan and China, of the splendid reception and acclamation the team received in the Island Empire, of the general attitude of the Japanese leaders toward Americans and toward the Hawaii-born Americans of Japanese parentage.

"We are Americans," Mihata said, "and the Japanese in Japan want us to become good American citizens as they are trying to be good Japanese citizens. They want us to strive to work for a better understanding between the Orient and the Occident. With a wholehearted faith in us, they are looking forward to a day when America and Japan will be the best of friends."

Games were the chief diversion of the evening, and refreshments were served generously.

Mildred Nerio and Gertrude Kadota of the University were on the reception committee and Thomas Fujiwara of McKinley was in charge of refreshments.

Food Econ. Class Visits Jelly Factory

The members of the food economics class at the University brought home samples of Guava Jelly they had helped make Monday afternoon at the jelly factory on the corner of Beretania and Alexander.

When the class arrived at the factory, one of the three large vats was about a sixth full of syrup, and the girls watched their host brush a rim of crisco about half way up the vat to prevent the syrup from boiling over.

The heat was turned up to 220 degrees for a short time, and then the jelly was sucked out through a rubber pipe and strained. It ran through more pipes into glass jars. Two Japanese women set on the tops which were later clamped on with a machine.

The glasses were then turned upside down and run through a steam bath. Finally they were labelled and packed, and taken to May's and Day's for retail distribution.

The factory puts out jellies and jams made from many Hawaiian fruits—pineapple, guava, mango, poha, papaia, etc. The syrup is strained twice before it is boiled, the first time through two gunny sacks with a layer of muslin between, and then through three layers of cloth.

Ka Pueo Holds Regular Meeting

The regular business meeting of Ka Pueo was held on Tuesday evening, October 2, at 7:30 at the home of Rachel Lower in Waikiki.

A large majority of the girls was present as well as the two faculty members, Mrs. Crawford and Miss May Gay.

Plans for entertainments in the near future, dues and other business of the club were discussed. It was decided that the next meeting will be held at the home of Grace Rourke in Manoa on October 15.

The meeting was adjourned and ice cream cakes and punch were served to the members.

SOPH CLASSMEN ELECT PENHALLOW

Harry Chadsey Penhallow was elected on September 28 to the vice presidency of the Sophomore class.

The failure of Cornwall Friel, late president of the class, to return to the University this Fall made the office of Vice President vacant through the Presidential Succession clause which exists in the class constitution. By this clause, Alice Bevins was automatically made president for the present term of office. She was scheduled to be Vice President this Fall.

The nominations and number of votes polled by each nominee are as follows:

Penhallow 52, George Perry 22, William Loher 17.

The total number of votes cast was 91. The number of eligible voters in the Sophomore class is 198. Results of the election show that less than half of the class were disinclined to cast their vote.

Hawaii Union Holds Meeting

Five former members and nine regular members, met at Charles A. Hemenway's residence in Kahala for a dinner meeting of the Hawaii Union, September 27.

Dinner was served at 7 p. m., followed by a business meeting. Kam Tai Lee, president of the Hawaii Union presided at this meeting.

The discussion of the coming debate as to the time and place, and the Doshisha University oratorical team visit took place.

Professor N. C. Beck was elected debate manager for all University debates hereafter.

Walter Mihata and Dai Ho Chun gave brief reports of their Orient tour.

Those present were Dean A. L. Andrews, Arthur Smith, Charles Hemenway, Walter Mihata, D. Yap, Q. L. Ching, Y. F. Lee, M. Kido, K. T. Lee, S. Yoshida, D. H. Chun, K. Hayakawa, J. Wakayama, M. Nukaga, K. Tsubaki, Ah Leong Fong, N. C. Beck, and Joe Gerdes.

Hui Lokahi Party Is Strenuous Affair

Members of Hui Lokahi and T. A. B. C. have fully recovered from the party given Sunday at the beach home of Dr. Dean at Punaluu.

Among those present as it were, the Nobriga brothers, the St. Sure brothers, the Messrs Good, Bob Perry, Peacock, Coxhead, King, McLean, Hess, Shingle, Weber, Bartels, Stuart Judd, and the members of Hui.

Big Harry was master of ceremonies arrayed like Solomon in all his glory (or was it the Queen of Sheba?) in a pink holoku, assisted by Kojac Baker and Fred Steere. The latter two were jealous and tried unsuccessfully to part Big Harry and his raiment. Failing in this they wet him down thoroughly with pitchers of ice water supplemented with contributions from the nose and buckets.

There were volley ball games and it might be mentioned that all a team needs to win is to have Fred Stone for a scorekeeper. There was also swimming, followed by showers given from buckets, and the hose, mostly against the wishes of the recipient. Bridge for the social lions in which the players were cooled by fresh water when overheated.

Eats of course—ice cream, soda pop—some of the latter being used as squirt guns and as hair tonic—buns, the chosen people's forbidden fruit (grunt), and the old standby, Irish salad.

The day was spent in bathing suits and no one really felt!! like getting dressed before 5 p. m., when they "folded their tents like the Arabs, and silently stole away."

Did they enjoy themselves? Truthfully, it is hoped they did.

Hygiene Lectures In Girls' Gym Period

Freshman girls will have lectures on first aid and hygiene in their gymnasium periods beginning this semester.

Until the present time the entire period has been used for exercise and short periods of rest. Miss May Gay, physical instructor, at the University, has decided to give short talks to the freshman girls on first aid and hygiene during these rest periods between exercises. This will not only be beneficial for the girls, she says, but will be a good way of using time that would otherwise have been wasted.

"Malihini" Prof. Is Impressed With Liquid Sunshine"—headline.

It is no small wonder that he didn't get pinched for taking a shower in the Manoa rain.

Prof.: What does he mean when he says, "Scratch a man and you find a savage underneath?"

Co-ed: Surely, if you scratch a man he'd naturally react because his instincts are aroused. He'd react under stress of emotion.

Overheard on the college green:

Fair one: Wonder why the boys wear red ties?

Zoology stude: They are colorblind.

Psychology stude: No, sex intinct.
