## ASUH Holds First Parade of Season

The first of two pep parades sponsored by the ASUH was held at noon yesterday with approximately forty cars, decorated with festoons and streamers of green and white, participating.

The procession was led by a member of the Honolulu Police department with the bandwagon and other private cars following. Arthur Chun, ASUH president, was in charge of the affair.

It is announced by the graduate manager's office that at the end of the second pep parade which will be held on November 25, the day of the game with the Town team, individual prizes will be awarded to those students having the best decorated cars at the two parades.

## Professor Sinclair Is Head Of New Oriental Institute

Director Will Arrange  
to Bring Educators  
From East

To interpret the culture and civilization of the East to the West, the establishment of the Oriental Institute which will consolidate all Far Eastern studies at the University will take place in 1936 under the direction of Professor Gregg M. Sinclair.

A tentative outline of plans has been announced by Professor Sinclair. Four chief departments in the Institute will include instruction, research and translation, publications, and exchange professors and lecturers.

The department of instruction will offer a number of courses in Oriental languages, literature, history, civilization, philosophy, religion and art. A knowledge of language will enable the student to understand the psychology of the people and to aid him in research work. An adequate program in English of the literary masterpieces of Japan, China and India will be treated. History and civilization will also be emphasized to give an appropriate background with which to understand the happenings of the future in the Pacific. Philosophy and religion will receive considerable attention due to the religious contribution made by the Orient. Art will be of major interest.

#### Research and Translation

It is expected that research and translation in some special phase of Oriental civilization will be carried out. Fellowships will be awarded to permit advanced students to complete their research after spending one or two years of study in Honolulu. The cooperation of Japanese, Chinese and Indian universities will be sought for this purpose.

Publications of monographs and research pamphlets, translations, monthly notes of interesting facts by the fellows, and a quarterly have been planned.

Arrangements for exchange of professors between the University of Hawaii and Mainland universities, with Japanese, Chinese and Indian universities will be a part of the work of the Institute. These transfers will be mutually helpful by aiding the Occidental to receive an intellectual prospective and by giving the Oriental an opportunity to study Western methods of research.

An attempt will be made to build up the library on the Orient. At present the University library possesses several thousand volumes and with the recent gift of the Prince Fushimi collection of books, it ranks probably sixth among American college libraries in the number of volumes.

The School of Pacific and Oriental Affairs which was started in 1932 will be an important part of the Institute. Arrangements will be made to bring authorities on Oriental and Pacific cultures and civilizations here to teach during the summer. Establishment of the Oriental Institute which will coordinate and extend the work of the Oriental Studies department and the School of Pacific and Oriental Affairs is the culmination of 15 years of experimentation.

#### Sinclair Is Director

The University of Hawaii was one of the first American colleges to develop a comprehensive program of courses on the Orient. Studies have been made in race mixture, racial psychology, and anthropology. Directing the Oriental Institute will be Professor Sinclair who has long been a student of Oriental literature, history and art. He spent six years in the Orient before coming to Honolulu. Since 1928 he has been associate professor of English at the University.

To seek cooperation of other universities and make contacts, Professor Sinclair will make a world tour next year.

Prof. Shao Chang Lee, professor of Chinese language and literature who is at present exchange instructor at Lingnan university, will be an associate in the new organization.

#### Classes Praised

On behalf of the ASUH, President Arthur Chun late last night congratulated the junior and sophomore classes for their splendid work in sponsoring the pep rally Tuesday night.

## Students Learn New Grid Song At First Rally

Sophomores and Juniors  
Combine to Sponsor  
Rooters' Meeting

### Former All-American Is Guest Speaker

"Rah For Our Dear Hawaii," a new song, composed by Dai Keong Lee and Moana Peterson, was introduced to the students at the sophomore-junior pep rally held in the University gymnasium Tuesday evening. Stanley Bento, junior, was master of ceremonies. Clarence Lyman headed the committee in charge.

The University band, led and conducted by Carl Hancey, furnished the music for the evening. Candidates for yell leaders were introduced. Don Gusterson and his Central YMCA acrobats presented tumbling numbers. The Police Glee club entertained with a hula and several songs. George Clark and Sam Kaapuni rendered two guitar duets.

Colonel Adna G. Clarke of "F-i-i-ight, Ha-a-w-a-i-i-i, F-i-i-ight" fame told about his football days when he starred for his team as "dummy hangar."

Captain Charley Born, Dean end coach and an All-American for two years, spoke on the meaning of school spirit and commented on the tough schedule ahead of the 1935 Hawaii team. He asked the cooperation of each student in backing the team throughout the season.

"I am a newcomer here, having been here eighteen months, during which time I have refereed 24 games. The thing that stands out in my mind is the fact that mainlanders do not understand that Hawaiian athletics are on par with their athletics. Hawaii is going out to show them that their 1934 victory is no fluke, and whether they are able to do this depends on your support."

## Editor Resigns From Yearbook

Applications for Vacated  
Position Are Due  
Tomorrow Noon

Half an hour after he had selected a temporary staff to carry on the work he had begun, A. Gilroy Greenwell, resigned from the post of editor-in-chief of Ka Palapala, University yearbook. His resignation was accepted by the student council at its meeting last Friday afternoon.

At the meeting Arthur Chun, ASUH president, thanked Greenwell on behalf of the student body for the preliminary work he had done on the yearbook.

Greenwell has withdrawn from the University because he is now undergoing a series of medical treatments preliminary to an operation. During his two years at the University he was active in journalism. He was associate editor of last year's Ka Palapala and was editor of the 1935 handbook.

The board of publications will meet tomorrow to consider applications for the editorship of the book, and will make recommendations to the council. Any active member of the ASUH may apply for the position. Applications must be submitted to President Chun not later than tomorrow noon.

## Senior Prexy Calls Meeting of Council

Members of the senior class council are requested by Frank Hustace, president, to meet in Dean hall 103, tomorrow at 12:45 p.m. Plans for the year will be formulated and discussed at the gathering.

Other interested seniors may attend the meeting, Hustace said.

## Senior Class Gives Turkey to Winner Of Essay Contest

Any ASUH member who desires to win a big fat 20-pound turkey for his Thanksgiving dinner should enter the senior class essay writing contest, which is open to students of all four classes at the University.

The contest is unique in that the winning essay will be given as an oration at the Thanksgiving convocation.

Students who have literary ability but have had no experience in forensics should not hesitate to enter the contest. They are reminded of the provision that the writer of the best manuscript will be coached in his oration by a member of the faculty of the English department.

All manuscripts must be in the hands of Col. Adna G. Clarke on or before November 4.

Pres. David L. Crawford and faculty members have heartily endorsed this contest.

## ASUH May Send A Representative With Grid Team

Francis King Is Chosen  
to Consider Finances  
of Proposition

As an indication of its interest in the plan of sending a student representative to the mainland with the football team, the student council at its last meeting appointed Francis T. King, business manager of publications and last year's exchange student to the University of Southern California, as a committee of one to look into the financial side of the question.

Aileen Ukauka, chairman of a committee appointed last week by Arthur Chun to consider the advisability of sending a student body representative, reported in the negative, her reason being that it would be too late for the ASUH to carry out the plan. She recommended that the ASUH send a representative the next time the varsity team makes a trip.

The council appointed King because of the enthusiasm shown by him in the matter. If enough money can be raised within the next few days, there is a strong possibility that the ASUH will send a student representative to the Mainland, it was pointed out in the council. Graduate Manager Theodore Searle believes an undertaking of this nature will cost at least \$400 of which \$100 will come from the ASUH treasury.

The matter will be given final consideration at the student council meeting this Saturday afternoon.

## Campus Orchestra May Be Available For UH Socials

Jazz music will soon be available for campus social functions according to Carl Hancey, director of music, if plans for the formation of a jazz orchestra prove successful.

Only University men will be allowed to join the orchestra, which will consist of ten pieces. The first appearance is scheduled for December.

The jazz band is one of the several new musical units to be started by Mr. Hancey for the first time in University history. Among these are the concert orchestra and the "German Band," a stunt affair. A music library has been started, new instruments have been bought and snappy uniforms will soon be supplied to the band if the sample which arrives next week from the mainland is approved by the student council.

The concert orchestra was organized at a meeting last week in Farrington hall with 35 members. It will be composed of 12 violins, two violas, three cellos, two string basses, two clarinets, two flutes, two saxophones, two trumpets, two trombones, three horns, one tympan and a piano.

#### Man Has Grown

The human race has grown a full two inches in average height during the last century, Dr. Edith Boyd, University of Minnesota, reported after extensive research.

## Theater Guild Commences Work On Productions

"Richard of Bordeaux"  
Is First Major  
Play

### Students Are Urged to Turn Out Now

Committee chairmen to take charge of the various groups of work for campus productions during the coming year have been selected by the Theater Guild council. Scenery construction will be handled by Adolph Desha; stage management by A. J. McKinney; costumes by Molly Webster; lighting, Frank Hustace; properties, Lorraine Williams; publicity, Ellen Bairos; casting, "Doc" Wyman, Campbell Stevenson and Paul Jarrett; and theater management, Bill Kinsley.

The Theater Guild council will take charge of the reading of major plays, scenery designing, and will act as the committee on one-act and radio plays.

Paul Jarrett, president of the University Theater Guild organization, announced that a large cast will be needed for the Caucasian play, "Richard of Bordeaux," which is to be given probably in December. He asks all those interested in it to turn out early. Tryouts for the Japanese and Chinese plays will be held soon. Applicants should arrange interviews now with "Doc" Wyman, Campbell Stevenson, or Paul Jarrett.

Work has already begun on the properties and costumes for "Richard of Bordeaux." Molly Webster and Lorraine Williams, who are in charge, would like any one interested in costume designing or anyone knowing where properties of the 14th or 15th century periods can be obtained, to cooperate with them in the work.

## Weekly Class In G. R. Leadership Will Meet Today

As one of the phases of its educational program, the University YWCA will sponsor a course in Girl Reserve leadership for all University women students. Miss Norma Sims of the Honolulu YWCA will conduct the weekly class, which will meet for its second time today at 3:30 p.m. in room 202, Hawaii hall.

The class will meet for only 10 weeks, during which time a scrapbook will be kept by each member. Practical training in Girl Reserve leadership will be emphasized. No fees will be charged for the course.

This project is sponsored by the YWCA education committee, headed by Lydia Chun, temporary chairman. Any University woman student interested is urged to meet today with the class. Miss Louise Kelley, general secretary of the Hilo Girl Reserves, and Miss Anne MacMasters, general secretary of the Kauai Girl Reserves, urge the island girls to participate in this class.

Meetings will be held on October 17, 24, 31; November 14, 21; December 5, 12; and on January 9, 16, and 23.

## Enrollment May Reach New Mark

Latest registration figures show that there are 1956 students, compared to the total registration of last year, which was 1984 students. According to the registrar's office, the present figure is expected soon to reach 2000, a mark never attained before by the University.

The enrollment is: arts and sciences, 514; applied science, 382; teachers college, 281; fifth year, 48; graduates, 127; unclassified, 446; non-credit, 158; total, 1,956.

Last year's enrollment was: arts and sciences, 521; applied science, 391; teachers college, 205; fifth year, 58; unclassified, 421; graduates, 79; non-credit, 175; total, 1,984.

#### Raises Funds

Princeton university administrators recently announced an expansion plan that calls for the raising of \$7,750,000.

## Deans Beat Kamalums In Third Senior Game

Identification Photos  
Taken Tomorrow

All students, both old and new at the University, who have not had their identification picture taken for University records are requested to go to Hawaii hall 207 between 12:15 and 1:30 p.m. tomorrow. Pictures will be taken at this time.

## Juniors Lick Sophs In Soccer Battle

Interclass Skirmish Was  
Hard-fought

Flashing a hard driving offensive and an airtight defensive, the juniors routed the sophomores 3-0 in a thrilling soccer game yesterday to establish themselves as the leading team of the interclass series.

The game was hard fought throughout, the winning scores being made in the dying moments of the last quarter.

Up to the final period the juniors were content with a 1-0 lead. The sophomores took advantage of their scoring opportunity at the beginning of the fourth quarter and quickly converted a goal for the tying score. With five minutes left to play the juniors unleashed a terrific drive and made two goals in rapid succession, one being made on a free kick. The final whistle found the juniors storming the sophomores for another goal and it was the daring work of the sophomores' goalie that prevented this drive from being made a score.

Adolph Desha, Rupert Salki, Calvin McGregor, Robert Putnam and Henry Min furnished the spark of the junior offensive. The sophomores performed brilliantly as a team but was not able to match the sterling play of the upperclassmen. The senior soccer squad takes on the sophomores in the next game scheduled for Friday afternoon.

## Chun Urges Clubs To Pick Delegates For ASUH Forum

Plans for the creation of a unit to handle the administration of activities in which the University student body appears before the community are almost complete. All accredited clubs and organizations on the campus are asked to select their representatives to this body within the next few days and to submit the names to Ralph Matsumura secretary of the student body.

The first meeting has been tentatively set at the beginning of next week so it is imperative that the organizations select their delegates at the earliest possible date. Ex-officio members of the forum will be Miss May Gay, adviser to the Associated Students, Theodore Searle, graduate manager, Arthur Chun, president of the ASUH, and Ralph Matsumura.

The setting up of this board means a step further in the unifying of all clubs and will materially aid in adjusting the calendar, according to Chun. With the departure of the school team only a few weeks hence, a busy round of events will occupy the attention of the newly created forum.

## Publications Board To Meet Tomorrow

ASUH President Arthur Chun has called a meeting of a temporary board of publications to discuss important matters tomorrow at 12:45 p.m. in the ASUH office.

The following people are requested to be present: Albert R. Horlings, Willard Wilson, Florence Wilder, George Clark, Ralph Yempuku, Theodore Searle, and Mark Westgate.

The board will consider the letting of printing contracts for Ka Leo and Ka Palapala.

Applications for editorship of Ka Palapala also will be brought up for consideration.

## George Aki Shines to Give Rainbows a 19-7 Win

DASHES 82 YARDS

Furtado, Kaulukukui Also  
Show Up Well for  
Manoa Eleven

Intercepting a lateral pass and romping 82 yards for a score, George Aki, sensational Rainbow fullback, brought a 19-7 victory to the University of Hawaii over the powerful Kamehameha Alumni eleven in the third game of the Honolulu Senior Football Association.

With the ball resting on the University's 11-yard line, Kamehameha called for a lateral. Henry Aikue received a short lateral from Danny Wise and then shot another lateral just as he was being tackled to Johnny Kerr. Kerr juggled the ball and Aki, who apparently had the play diagnosed, promptly took the ball out of Kerr's hands and galloped to the opposite goal for the score. No Kam player attempted to run Aki down as he was well out of the reach of the closest Warrior.

The Manoa squad scored a touchdown in the first three minutes of the game. Dan Lau booted the ball to the Rainbows' 42-yard line where it was grounded by Edmund Kaaa of the Warriors.

Morse hit the line for seven yards and Ahuna added two more through the same hole. On the next play Furtado ran around the right end 35 yards to bring the ball on Kam's 14-yard line. Ahuna carried the ball three times from this point for the first score. Try for the extra point by Piltz was good.

#### Tally Second Time

The Deans' second score came only a few minutes later. Kerr punted to Hawaii's 42-yard line. Furtado gained five yards on the first play. Hawaii was penalized five yards for offside. On the next play Furtado passed 33 yards to Espinda who was downed on the Kam 25-yard line. Ahuna tried the line on two plays but failed to gain. Furtado took the ball on third down for a 9-yard gain. Morse hit center for three more. After unsuccessful line plays Furtado passed to Mike Gonsalves who was downed on the 3-yard line. Furtado crossed the line on a spinner. Piltz failed to convert.

Kam's only score came after a series of long runs and passes. On the kickoff Jonah Wise returned the ball 33 yards to place it on Hawaii's 42-yard line. Danny Wise passed to Kerr for 16 yards and first down on the Deans' 26-yard line. Danny Wise again passed to Kerr for another first down on the 7-yard line. Aikue hit the line for a four yard gain. Andrew Boyd, Kamehameha's star fullback, was hurried into the game at this point and scored after three line plays. Kerr converted for the alumni team.

#### Warriors Threaten

Kam threatened continuously in the second half but lacked the necessary punch to tally. The Wise-to-Kerr combination was a constant menace to the Hawaii secondary. Time and again this combination completed passes for long gains.

Kamehameha presented unexpected opposition to the University team. Many of the pre-game dopsters had figured the Rainbows eleven to be three touchdowns stronger than the Kalihi aggregation.

Kamehameha and University both gained through each other's line for huge yardage. Hawaii made big gains around the ends from scrimmage. However, the passing attack of the Rainbows' squad was far from being any real threat. Kamehameha was alert at all times and blocked many of Furtado's and Kaulukukui's toses.

An estimated crowd of 13,000, the largest turnout for this season, witnessed the nocturnal gridiron struggle on the Honolulu stadium.

Aki, Kaulukukui, Furtado and Espinda stood out for the Rainbow eleven. Kaulukukui ripped off huge yardage in the last quarter to throw the Kam eleven constantly on the defensive.

## Publication Heads Should Be Members Of New Board

The creation of a new board of publications to consist of eight members, is one of the proposals of Arthur Chun, ASUH president. When this plan is sent to the student council for approval, there are indications that there will be a heated discussion on the question of membership in the proposed board.

At present the board of publications consists of the editors-in-chief of Ka Leo O Hawaii and of Ka Palapala, the business manager of publications, a member of the student council, and the faculty adviser of publications. In this arrangement all members have the power to vote on matters arising in board meetings.

The proposed board, according to Chun's plans, will consist of the ASUH president, ex-officio, two faculty members, the graduate manager of the ASUH, an alumni representative, and three students to be appointed by the ASUH president or elected at large.

Strange as it may seem, the two editors-in-chief and the business manager will NOT be eligible for election or appointment. They will be allowed only participation in board meetings and will have NO vote.

Should the three places on the board reserved for students not be filled by the two editors and the business manager? It would seem reasonable and very sensible to give these persons, vitally interested in the publications, an opportunity to vote on matters directly related to their work.

Why should the editors and business manager be discriminated against when, it is assumed, they are THE three students most familiar with the editing and financing of the publications?

Ka Leo suggests that the two editors and the business manager be given regular membership, including voting power, in the new board. And if for some reason unknown to Ka Leo there must be student representatives appointed or elected at large, then let there be only ONE such, not three. Politics which always accompany an election will thus be reduced two-thirds.

## The New English Ruling

Freshmen and sophomores are reminded of the new English department ruling to the effect that one must obtain a "C" average in English before one is allowed entrance to the junior class. Formerly a "D" was the passing mark, but the University believes, and properly so, that English should be given major emphasis on this campus. Many of our students will find immediate benefits forthcoming due to their ability to speak and write English fluently as a result of their extra labor to earn the required higher grade.

This system will so raise the standard of English at the University that we shall no longer be criticized for "turning out excellent executives, incapable of speaking proper English."

## UH Contributions Amount to \$1800 In Welfare Drive

Results of the United Welfare drive at the University up to Monday show that \$1857.33 has been collected in comparison to the total of \$1569.85 solicited in 1934.

The faculty staff and the Pineapple Producers Cooperative association contributed \$1758.50; individual students, \$79.08, and organizations, aside from the ROTC and ASUH, \$19.75.

Among the organizations contributing \$3 or more are the ROTC, \$22.74; the ASUH assembly, \$9.80; Hui Iiwi, \$5; Home Economics club, \$3; and Phi Epsilon Mu, \$3. Other club contributors are the Commerce club, Eta Lambda Kappa, the Engineering club, the YWCA and Yang Chung Hui.

Those who helped in the drive included 20 AWS members, Mrs. A. L. Andrews, Mrs. O. N. Allen, Mrs. B. O. Wist, Mrs. C. P. Wilsie, Mrs. M. K. Riley, Mrs. C. H. Edmondson, Mrs. R. S. Kuykendall, Mrs. M. Students will be selected to take part in the conference by this committee. "Students who attend the conference will be selected for their intellectual background," said Dr. Paul S. Bachman, adviser to the group. "We wish to have those who are best prepared to take part in the discussions, and popularity on the campus will play a less important part in the selection than it has in the past."

The planning committee will also consider suggested topics for discussion at their next meeting, but the final selection will be made by those attending the conference.

Those composing the committee are Charles F. Loomis, representing the Hawaii group of the Institute of Pacific Relations; Paul S. Bachman, Felix M. Keesing, Andrew W. Lind, Harold J. Hoflich and William H. George, representing the faculty; Carl Herron and Harry Lee, University YMCA; Paul Jarrett, International Relations club; Arthur Chun, Associated Students; Doris Ross, Associated Women Students; Lydia Chun, YWCA; and George Schofield, Martha Jane Hottel and Seido Ogawa, exchange students.

## Helen Chan Is Social Chairman At Lingnan

Word has been received here that Helen Chan, exchange student from Lingnan university last year, has been selected social chairman of Student Union, the student body organization at the Chinese university. Miss Chan will also represent Canton in the girls' singles event in the national tennis tournament to be held in Shanghai this month.

The former exchange student, who is majoring in western literature, was prominent in athletic and social events at the University. She was a member of Yang Chung Hui.

## Hui Iiwi Neophytes Wear Hula Skirts To Join Song Club

Twenty-eight girls were initiated into the Hui Iiwi music club last Friday. The initiates, wearing complete hula outfits, had to sing and dance the hula while they asked the old members to sign their paddles. The initiation came to an end that evening with a luau and stunts given by the new members in the cafeteria.

The club membership now totals 63. The new members are Mele Ainoa, Kaliko Burgess, Jennie Ching, Beatrice Cockett, Maile Cockett, Haunani Cooper, Mary Duvauchelle, Dorothy Hosea, Martha Jane Hottel, Mamie Jensen, Annie Kim, Leina-ola Lee, Miyo Hee Lee, Violet Lee, Iolani Luahine, Belle Lowry, Rebecca Macy, Jeanette Nakuma, Gladys Naone, Clara Shultz, Ellen Stewart, Esther Waihee, Florence Young, Alyce Lee, Zelle Sutherland and Amy Richardson.

With so large a membership, the officers and adviser, Mrs. Dorothy Kahananui are looking forward to a successful musical year. The officers of the organization are Elsie Crowell, president; Anita Kong, vice-president; Dorothy Vierra, secretary; and Ella Wittrock, treasurer.

## Expert Riflemen May Get Medals

For the distinction of qualifying as expert riflemen, seven University cadets may be awarded Warrior of the Pacific medals if their qualifications are approved by the ASUH Student Council at the next meeting.

The rifle experts are Robert L. Stevenson, Frank Hustace, Howard Cooper, Howard de Vis-Norton, Charles Lum, Eunsik Kang and Moriyooshi Uyeno.

The first test of training for the ROTC regiment will be staged tomorrow morning on the "School of the Soldier." All freshmen companies will be given a two and one-half per cent handicap over the sophomores. Tryouts for the positions of corporals will also be held.

## NYA Offers Aid to Needy Students

### Application Forms May Be Secured Now

Although student employment under the National Youth Administration will not begin immediately, application forms are now being distributed at the office of the dean of women under the direction of Miss Cenie S. Hornung.

Students who are needy and could not attend the University without the financial aid made available may qualify for NYA assistance. The scholastic program of these students must be equivalent to approximately three-fourths the normal program.

The type of work that the college determines must follow the regulation that it be socially desirable. It must be work that would not otherwise be done and must not replace jobs heretofore carried by the college budget. A student may not work more than thirty hours in any week or eight hours in any day.

Members of the faculty who wish part time student help are requested to send applications to Miss Hornung. Details about work regulations are on file in room 212 Hawaii hall.

Last year approximately 200 received aid from FERA employment. Results of this project have indicated that constructive work valuable to the University and the community was accomplished.

## Juniors Must Pay Dues Immediately

## YONDER OF THE RAINBOW

By FRANCIS T. KING

The impending maritime strike on the Pacific Coast will have its local repercussion in a serious tie-up of local vessels engaged in freight and passenger service between the Mainland and the Islands. The effect of this is all too apparent to us here in the Islands. Without this service we are helpless. We are for the most part dependent on the Coast for many of our foodstuffs and materials used in the normal pursuit of business.

We would be in the proverbial spot if shipments of building materials, office supplies, paper used in newspaper publishing, and heavy machinery were to be stopped. Our very economic existence would be threatened as we are not self-supporting economically; that is all too well apparent if one but looks around him. Just think how little we could produce if we were cut off from the Mainland.

At the present time this threatened strike is in its preliminary stages on the Pacific Coast; it has already broken out on the Gulf coast. There is at this time a strike of stevedores on the handling of "hot cargo" or freight that has been transported or previously handled by strike breakers.

From this beginning the strike might affect all the marine professions and longshoremen. If this happens our position would be most precarious.

Honolulu citizens realize this and are trying their best to keep our port open. This necessitates a firm control of the local stevedores and seamen. There have been moves on the part of union organizers to help the seamen and stevedores to get organized into unions which would be under the control of the parent organization with its headquarters on the Mainland. There is a problem that has arisen from these unionization efforts; it is alleged that some of the union agents are connected with the left wing faction of those unions that have caused all the trouble on the coast. These agents have been active in trying to get the local men into their faction of the union.

However, if the local seamen don't wish to join a union they have the privilege to stay out. If they do wish to affiliate themselves they should be given the right to do so with no intimidation from employers or union men. Businessmen should not interfere with these men in their desires and neither should the agents try to coerce others into the hui. It is an American right to organize, as it is an American right to act independently. We must, however, remain neutral and let the seamen do as they please just so there isn't any man-handling or strong-arm tactics being used by any side.

### What Yells Can Do

Editor, Ka Leo:

The University of Hawaii has a splendid team—perhaps that explains the feeling among students that it does not need any extra special cheering to help it win. Maybe the team does not need that sort of help, but what some good yells at a game can do toward strengthening that intangible thing, School Spirit, is amazing.

In addition to this it is self-evident that some lusty rooting is about all the majority of the students can do to participate individually toward the victory they want.

Cheer leaders, give that rooting section yells that satisfy; then they will show you something. Some of the yells are so short that they are over before half the people know they have begun. A chanting drawl will help this a bit.

At the game with the Mickalums an echo yell was quite well done, only it was not an echo, but merely a doubling up on letters. Try letting the men give the first sound and the women follow it—then you will hear an echo that will amaze Echo Mountain itself.

Then, too, why not sing the Fight song? There is one—I hear people talking about it, and the band practices it some times—just listen to them in the morning. Sing it before the game—yodel it at the half and let its stirring strains be heard during any other stray moments.

Yours for better football spirit,  
I'm willing to yell!

### Denver Makes Reception Plans

Editor, Ka Leo:

All Denver is anxiously awaiting the arrival of the University of Hawaii football team. Plans have been made for your reception and they intend to try to please you as much as you pleased them in Hawaii last year. They have a better team too, at least it is better judging by the games they have played so far. They have played three games and have won all three. Colorado Aggies were conquered recently in a thrilling game in Denver to the score of 20 to 14. Both teams showed decisive punch, the game was played wide open, and the crowd got more than its money's worth in thrill and enjoyment.

The first play to be presented here at the University Theatre this year will be "Yellow Jack" which, by the way, was the first play of the Theatre Guild last year in Hawaii. They will have to go some to do as well as we did in that play.

I come from Hawaii so they tell me here, I am having quite a time to get them to say Hawaii correctly but I am afraid it is too much of a job. I will be glad to see the football team when they arrive and you can count on me to do all I can to help you.

Aloha,  
Kenneth J. Bull

## This Collegiate World

(By Associated Collegiate Press)

Business men, speaking before groups of future Rotarians, tap their fingers and remark, "Ah, yes, no young man could better occupy himself during these depression years than by going to college."

And a thousand college presidents, with one eye on the school account books, agree enthusiastically. In fact, if more young men and women with money to spend, don't agree with them this year, another batch of small colleges are due to wipe the blackboards free from chalk and call it a day. Ten colleges closed within the last couple of years, while several others consolidated.

Others are putting up a strong fight to save themselves. The methods they have used in this fight are just now coming into the open, thanks to an investigation by the Association of American Colleges.

The Turk report shows that American schools of higher learning have amazingly degraded themselves in the frantic competition for students. Says the reporter: "The business world has had few practices in unethical competition that cannot be matched somewhere in the college world."

Colleges offer "scholarships" lavishly, which are, in reality, only out and out grants-in-aid and have no merit basis. One man estimates that out of 200,000 freshmen last year, only 15 per cent paid all expenses. Unscrupulous high school principals make deals with the colleges, whereby they provide two paying students to every scholarship. Alumni get commissions on each high school graduate they drag into the fold of Alma Mater.

And the frame of mind of the students themselves who are thus escorted through college? Says an investigator: "Flattered by many proposals and at last bribed, they act as if they owned the campus. Professors find them critical, demanding, unsympathetic." And, of course, a student who had entered a college at the earnest request of prexy himself, would find it mighty hard to flunk out.

The average college professor, we suppose, would think of his slim purse and remark, "Times have not changed," after reading that.

The "pedagogue" was originally a slave.

He was a slave in the Athenian household, where he looked after the safety of the master's sons. Under the Roman empire, he became the instructor of the boy slaves in the households of the nobles. These slaves were known as the "paeda-

gogiani"—from which term it is believed our word "page" is derived.

A future Sam Johnson at the University of Michigan develops a few word definitions: Honesty—fear of being caught. Truth—lack of tact. Courage—combination of stubbornness and resignation. Pleasure—one half memory; one half anticipation. Love—one half imagination; one half biology. Moron—one who is content with a serene mind.

New developments in campus etiquette are outlined by a dean at the University of Iowa (Iowa City). He thinks that students should wait three minutes for an instructor to appear, five for an assistant professor, eight for an associate professor and ten for a full professor or dean.

To which we amend: O.K.—if the faculty will do this: Allow freshmen to be two minutes late, sophomores five minutes, juniors ten minutes and seniors fifteen minutes.

Following our valuable custom of making known all the newest philosophies of education we introduce to you the latest course of study at the University of Wyoming (Laramie). It is a course in dude ranching. You study book-keeping, botany, journalism, food purchasing, contract laws and speech making.

What! Nothing about how to appeal to the instinct of romance in beautiful, rich, eastern girls?

Nothing about how to roll a cigaret with one hand, at full gallop?

My goodness, it looks like a course of work!

Minneapolis, Minn. — Minnesota statisticians and figure-hunters have blasted another idea that is prevalent among collegians.

Women students spend only 76 cents more per month in beauty shops than men do in barber shops! And she spends only a fraction of the amount that men spend on tobacco.

These figures were revealed in the results of a survey of the buying habits at the University of Minnesota made by an insurance company. The survey showed that clothes form the greater part of the co-ed's budget, while food is the largest item in the collegian's budget.

# Seniors Win First Soccer Game, 3-0 Against Yearlings

## Few Students Attend Interclass Tussle Last Friday

Booting the ball three times for scores, the mighty senior men turned back a fighting band of freshman soccer enthusiasts in a thrilling match last Friday 3-0.

Although outscored the freshman team battled hard throughout the entire game and was denied victory because of superior teamwork on the part of the seniors. Many of the freshmen were enjoying their first soccer tilt and their showing on the greensward was creditable despite this fact.

The seniors, however, deserve every bit of praise for their victory. Their brilliant play at times won the admiration of the small crowd which witnessed the interclass struggle.

To Masuto Fujii, Tadami Uchiumi and Andrew Wong must go the lion's share of the senior victory. Charles DuBols also showed well for the seniors. Homer Hayes and Alonzo Hutchinson were the bright lights of the losing frosh team.

# Girls Make Plans For Swim Meets

## Sports Competition Begin October 22

Plans for girls' inter-organization and interclass swimming meets were made at a meeting Monday afternoon by the board of Women's Athletic association and representatives of the girls' campus clubs.

All entries for the seven events of the inter-organization meet must be turned in to Molly Webster, swimming manager, by noon Saturday. The meet is scheduled for Tuesday, October 22, at 4 p.m. at the University tank.

The list of events includes: 25-yard freestyle, novice; 50-yard freestyle, open; 25-yard backstroke, novice; 25-yard breaststroke, novice and open; 75-yard medley, open; and 100-yard relay. Each girl will be allowed to enter only two events besides the relay.

The interclass meet will be held October 29-30 at 4 p.m. Class managers selected were Peggy James, freshmen; Reaka Franson, sophomores; Edna Tavares, juniors; and Masae Yoshimasa, seniors.

Arrangements for a bonfire-supper and swimming party to come on November 1, at the end of the hockey season, were discussed by the board. Lorraine Williams was appointed to make the detailed plans. Practice for the interclass hockey games will be held Wednesday and Friday mornings at 7:30 a.m. near the gymnasium.

Following a discussion of how many sports an organization should enter to become eligible for points toward the cup, the board members and representatives decided four out of the six sports should be the minimum.

Dates set for the inter-organization games are: volleyball, November 18; basketball, January 13; rifle, March 3; tennis, March 26; baseball, March 31. Practice for the games will begin one week in advance of the schedule. Interclass games will follow the inter-organization games.

Monday afternoon another meeting of the board will be held at 3:30 p.m. in the gymnasium to decide a point system and ways of raising money. President Mary Greason has asked that all board members and organization representatives be present.

Ten thousand students at a Los Angeles relief school are paid to go to school—and doctored if they cut classes!

# FOUR LEADING PLAYERS ON THE DEAN ELEVEN

These four gridders most likely will make the trip to the Mainland when Coach Otto Klum and his Rainbow cohorts leave Honolulu on October 28 with 27 players. On the Continent, the local collegians will stack up against teams representing the University of Denver and

the University of California at Los Angeles. From left to right, they are: Lex Brodie, end; Maynard Piltz, quarterback; Tommy Kaulukui, left halfback; and Maikai Gonsalves, end.

## MAC'S SPORT SMACKS

By Calvin C. McGregor

Well, that was a mild upset! UCLA took the measure of the strong Stanford team on the Pacific coast and as a result definitely establishes herself as the leading team on the west shore and one of the nation's greatest.

The Deans take on the UCLA team November 15 in the Los Angeles Coliseum and if they win the Deans will be given nation-wide ballyhoo for the first time in the history of Hawaiian football. Furthermore, the University of Hawaii will receive a national rating from the football board and will no doubt be placed close to the top. Should Hawaii get this rating, then local football fans and University of Hawaii students will be thrilled when the board considers our players for All-American honors. One or two University players would have to be given All-American honors and this in itself should be an incentive for any team to win a ball game.

I realize that Hawaii will be up against a great team when they tackle the Bruin squad but I know, personally, that the Manoa eleven should battle on even terms with the best that the Uclans have to offer. Hawaii has its greatest team now and should be on par with the best that the number one mainland team has to offer.

Perhaps, many of you have been wondering what Coach Spaulding's Los Angeles team has for their material. Here is the dope that you've been waiting for and probably what our local newspapers have been waiting to get! Most of these notes were taken by the writer during the Uclans spring practice out at Westwood last year so you can be assured that this information is first-hand.

As I predicted in earlier issues of the Ka Leo, Chuck Cheshire would be the key man of the Bruin's offensive power. Scanning the sports page of our local papers I find that Chuck has done noble work and has lived up to my predictions. He was responsible for victories over Stanford, Utah Aggies and Oregon. Chuck tips the scales at 170 pounds only but what is lacking in weight is made up by his shiftiness and his tremendous speed.

Some of the names of the leading players and their weights include Tex Harris, 215, and Me-Chesney, 190, both ends and plenty fast; Carl Olson, 200, and Sam Stowsky, 205, form a husky pair of tackles. These boys have broken up most of the opposing offensive thrusts and probably were responsible for stopping Bob-

As one of the many interclass activities to be sponsored by the ASUH, a golf tournament will be held Friday, November 29, at one of the local golf links. All those interested are asked to see any of the following: Harry Chuck, Mitsutada Nakayama, James Kashiwahara, Itsuku Murakami or "Pump" Searle.

by Grayson and Bones Hamilton of the Stanford Cardinals last Saturday.

Bob Barr, 190, and Johnny Hastings, 220, answer Bill Spaulding's prayers for ideal guards. This fellow Barr is an exceptionally good blocker and is another of the Southland's speedburners. Chavoor, 195, is a veteran center of the Bruin eleven and his ability to diagnose plays is proving to be one of the highlights in the Uclans play.

## Townies Register Brilliant Victory

### Maroons Look Forward to University Game

Surprising its strongest backers, the Town team scored a brilliant 34-7 victory over the scrappy St. Louis Alumni aggregation last Wednesday night in the third game of the Senior league schedule.

With Hiram Kaakua, Charley Fernandez, Stew Milligan and Herb Fletcher playing the leading roles, the Maroons encountered little trouble pushing over touchdowns for the one-sided victory. The Townie line showed a powerful offensive drive, ripping big holes in the Cardinals' forward wall to aid the backfield men get loose for big gains.

The University of Hawaii aggregation takes on the Townies October 25 in their farewell appearance. A large crowd is expected to witness this gridiron struggle and bid farewell to the Rainbow eleven before they leave for their mainland jaunt.

## UH Sponsors Second Annual Swimming Meet in November

The second annual open water swim, sponsored by the ASUH in conjunction with the Outrigger Canoe club, will be held on the morning of Thanksgiving Day, November 28, at the Outrigger beach, according to announcement by Theodore Searle, graduate manager.

The swimfest is open to all swimmers registered by the AAU. Last year the 40&8 club captured the meet, in which were also entered teams representing the University of Hawaii, Outrigger Canoe club, Hui Makani and the Army.

At stake will be the special team trophy offered by the Royal Hawaiian hotel, as well as individual medals to winners of first, second and third places in the various events.

The program of events includes the one and one-fourth mile senior Castle swim, the half-mile junior Public Baths swim and the quarter mile novice Cuna swim.

Searle calls attention to the closing date of entries, November 25 at 4 p.m. Entries must be filed with Searle.

## Boxing May Be on Dean Sports Menu

### Amateur Pugilists Should Attend Meeting Friday

Plans for the coming year will be discussed at a meeting of the boxing squad tomorrow at 12:30 in Pump Searle's office.

The University will promote a boxing team if enough interest is shown by the boys on the campus. Equipment will be also forthcoming should about 15 members turn out for boxing lessons.

These amateur pugilists are not required to enter any boxing tournament but it is hoped that the Rainbow ring artists will enter a team in the local AAU tournament. The winners of their respective weights in this contest are rewarded with a trip to the mainland to compete in the national finals of the AAU. This should be an incentive for any aspiring amateur and with the type of athletes produced by the University it would not be surprising to see some of the Dean amateurs grab one or two of these awards.

...but, after all is said and done, it's the cigarette itself that counts

...the question is, does it suit you?

Now, when it comes to a cigarette that will suit you . . . you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident . . .

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding . . . for mildness . . . for better taste
