A Selected Bibliography of Taiwan Archaeology: 1953–1962

Note: This list is an up-to-date supplement to 'Books and Articles Relating to the Archaeology of Taiwan', compiled by Sung Wen-hsün, in the Bulletin of the Department of Archaeology and Anthropology, National Taiwan University, no. 1 (1953), pp. 39–42; no. 2 (1953), pp. 46–49; no. 4 (1954), pp. 57–60. Sung's list covers practically every book and article relating to the subject from 1895 to March 1953, but the present supplement includes only important titles that have since appeared, without attempting to be exhaustive.
