Negro Baritone Headlines UH Convocation

Belton's Recital May Shed Light On Issue Of American Music Origin

R. E. Belton, renowned singer of negro spirituals, will present a program of early American music at the ASUH convocation Thursday, January 20, in Farrington hall.

In November, Yowlache, famous Indian singer, was heard at the university and claimed that the Indian music was the very beginning of American folk music, rather than the negro spirituals. Authorities have widely differing views on this point, but students will now be able to hear both and form their own opinions.

Mr. Belton is a negro baritone from Louisiana who has studied widely in the United States. Since arriving in Honolulu about two weeks ago, Mr. Belton has appeared in programs at the Methodist Church, the Army and Navy YMCA and over radio station KGU.

This talented singer, whose rendition of old dialectic songs is said to be especially worthwhile, adds variety to his programs by giving readings of negro selections.

Mr. Belton is at present a guest at the home of Nolle Smith, freshman at the university.

Paahao Invasion May Prove Fatal For Holmes' Clan

By Ernest Silva

Fenny Holmes, Bob Stafford, Sing Chan Chun and Harry Oshima are going to Oahu prison this afternoon!

So you're not surprised. Before you start saying "I told you so," I ought to wise you up, fellow sufferers, to the fact that Holmes and accomplices will have those gray walls all around them for the space of only a few short hours. They plan to stir up paahao pilikia in a debate with a picked squad of Oahu collegians. With their usual tactless indelicacy, our heroes have chosen "A Third Term for the President" as the topic. Assuming that their worthy opponents have previously been in the habit of settling all arguments peaceably with brass knuckled persuasion, if a riot does not ensue, it won't be because our team didn't try hard enough.

After the brawl is over and Messrs. Bull, Butch, Slimy and Snake have formally clasped the mitts of Messrs. Holmes, Stafford, Chun and Oshima, dinner is to be served. Perhaps because of the extra special guests, a rare prison feast will be spread. The bread might even be buttered and the water drunk out of glasses.

Except for a few odd bruises, the boys are expected to emerge alive and healthy unless Mr. Holmes is called upon for an after-dinner speech. The boys at O. P. can't stand being asked why prisoners file into their cells in groups and file out alone.

Labor Unions Offer College Courses

Courses in economics, languages, literature, statistics and similar branches of knowledge now commonly associated exclusively with colleges and universities may be made available to the general public by labor unions. At least that's what's happening in Washington. The United Federal Workers of America, a CIO affiliate, has opened a school for its members, as well as the public, and, for a nominal tuition fee, courses may be pursued in Spanish, economics, creative writing, literature and other college subjects.

With the Debaters

Withdrawal of the TC '39 club from the Hawaii Union inter-organizational debate league caused the cancellation of the scheduled debate last Monday with the FFA. Phi Delta Sigma will not meet the Wakaba Kai team Wednesday because the latter has withdrawn also. However, there is a possibility that the YMCA team will replace Wakaba Kai in the remainder of the schedule. Friday afternoon at 12:45 the affirmative and negatives teams of TC club and the FFA will clash in Hawaii hall, rooms 3 and 22.

Election Story Correction

Checking on the constitution of the ASUH, Ka Leo finds that only a plurality of votes is necessary in an election for senior counselor. Consequently, Herbert Choy was elected to the council when he polled 97 votes, 10 more than his closest opponent, Kam Fook Lai, in the balloting held last Friday.

Prexy Returns; Union Building Solution Seen

Action Pending Dr. Crawford's Return Expected Soon

A solution to the university union building problem awaits President David L. Crawford when he returns tomorrow morning on the Matsonia.

Active construction on the building had been planned for the start of the school year, but following an unexpected \$42,000 added cost as submitted by the lowest bidder, necessitated delay. No action has been taken pending the return of President Crawford.

Two alternatives face university administrators: the first to redraw plans to be within the bidder's costs, and second, to raise the additional sum.

President Crawford returns after an absence since November. He was on a business tour of the mainland, participating in meetings of state university presidents, land grant colleges, and contacting professors for the summer session and regular session.

Insurance Against Flunking Is Latest

And now you can insure yourself against flunking a course! At Emory University in Georgia two students have started an agency that will insure passing a course—or even making an "A" in it. Premiums for the scholastic policy are computed on the basis of your average, the grades made previously under the teacher in question by the applicant, and the number of flunks and "A's" given yearly by that teacher.

Terms of installment payment are offered by the firm so that a student may pay a small amount down, the rest later, and may drop the policy if he feels that he's going to pass the course and thereby lose the premium. Courses may be insured for anything up to \$100, the premium varying with the amount of the policy. The firm will insure on any grade down to F.

Names of clients are kept confidential so that teachers may not know what students are insuring themselves and for what grades.

Camera Hawks, Notice

Members of the Ka Palapala photography staff are asked to meet with Larry Mizuno in the ASUH publications office tomorrow afternoon at one o'clock.

Japanese Cast Rehearses in Full Dress Saturday

Full dress rehearsal for the Theatre Guild's Japanese play, "The Quest of Shimosaka," will be held Saturday night, according to Arthur E. Wyman, director.

The play is scheduled for presentation January 26, 27, 28 and 29 in Farrington hall at 8:15 in the evening.

Friday evening the stage crew will polish up with a special rehearsal in the changing of sets for the various scenes. Construction work is complete, except for a few odd jobs that are being completed this week.

Oakleys May Vie With Plebes

Wahine Sharpshooters' Scores To Date Not Lower Than 96, Prone

Can university coed sharpshooters shoot more bulleyes than plebe marksmen?

This question which has obsessed ROTC students may be answered if the department and Sergeant Patrick J. Hogan decide to go through with their tentative plans of having the varsity women's rifle team fire in competition against a picked squad of freshman shooters.

Scores turned in to date by coeds firing daily in preparation for interpostal matches against mainland universities and colleges have not been lower than 96, prone.

Challenges have been received from the North Georgia College, University of Arizona, State University of Washington, University of Nevada, University of Kentucky, University of Oregon, University of Kansas, University of California at Berkeley, Carnegie Institute, Pennsylvania State College and University of Oklahoma.

The five girls shooting the highest each week will be chosen to represent the university in matches. Firing will be done in the .22 calibre indoor rifle range located in the gymnasium.

Brigance Will Lead Panel Discussion On Bi-Lingualism

Dr. W. Norwood Brigance, professor of English, will lead a panel discussion on the results of bilingualism, at M. M. Scott auditorium this Friday evening, at a forum meeting sponsored by the McKinley class of 1937. Chiyo Kwaye, university coed, will present the student's opinion of the subject.

Interested persons are invited to attend.

Council Rejects Orne's New Ka Leo Plan

Proposal Calls For Appointment of Editor By Publications Board

Matters discussed at a special meeting of the student council Monday at 12:45 noon included reports on ASUH publications, election committees and the cafeteria and dance situations.

James Carey, junior president, made a motion for the adoption of a proposal made by Stanley Orne concerning a new system in the election of the editor of Ka Leo. Plans were made for the board of publications to appoint Ka Leo's editor, who is to be appointed in the first week of April and is to assume office in the first week in May.

All plans were adopted save the plan concerning the board of publications appointing the editor of the school's paper. This plan was rejected temporarily on the grounds that it required further discussion before its adoption.

The election of Herbert Choy as senior counselor was announced by the election committee.

Edison Tan, Chung, and Carey were elected on a committee to study and report on the dance situation.

Famous Dancer Shows Tonight

Ram Gopal Will Perform at Dillingham Hall; Costumes and Artistry Rated Highly

Ram Gopal, world famous Hindu dancer, will perform at Dillingham hall tonight at 8:15. Gopal, who began his strenuous temple dancing at the age of four, is descended from a line of high caste Indians.

His father, a Sanskrit scholar, schooled him early in his life to interpret Sanskrit poems by gesture. He has been widely educated and speaks English flawlessly.

Persons who have seen him perform have marvelled both at his excellent art and gorgeous costumes, reputedly the most colorful attire worn by any of the classical dancers.

Arthur E. Wyman, director of the UH Theatre Guild, has been working out lighting effects for the performance. The dancer's repertoire is fundamentally enhanced by intricate lighting effects and he is known to make the fullest use of such effects to convey the beauty of his interpretations.

Magistad Speaker At Meeting Of Chemistry Club

Dr. O. C. Magistad, director of the Hawaii Agricultural Experiment Station, was guest speaker at the monthly meeting of the Chemistry club held last night. He spoke on frozen foods and the quick methods of raising vegetables.

A sukiyaki picnic supper was held for guests and members of the club before the talk.

The Chemistry club is open to juniors, seniors and graduate students who are chemistry members, and members of the faculty of the chemistry department. Robert Hughes, senior, is president of the club. Dr. L. N. Bilger is the adviser.

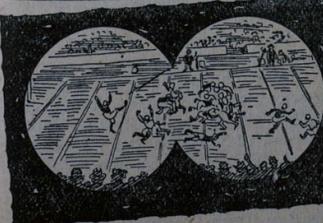

Fujimoto Enjoys Leave On Coast

Giichi Fujimoto, instructor in chemistry on sabbatical leave, reports that his first snowy winter has been very enjoyable, in a letter to Dr. Frank Dillingham, professor of chemistry.

Mr. Fujimoto is doing graduate work at Cornell University this year. He is instructor of qualitative and quantitative chemical analysis at the local university.

The Library Window

Several weeks ago this column modestly discussed the situation on the campus in regard to the existence of the numerous racial clubs. The article did not commend nor did it condemn the situation but rather it explained the causes, results and significances the existence and functioning these clubs had on our campus.

The reactions to the exposition were varied but all could be classified under three general thoughts. There were those who said that the existence of the racial clubs is abominable and that they should be abolished as soon as possible. The more conscientious of the objectors have formed a group and plan to campaign for the elimination of all racial clubs.

Some were of the opinion that the condition could not be helped. Whether the clubs were justified or not in existing they could not decide.

Still another group emphatically propounded the justification of their existence and the benefits derived therefrom.

Library Window does not conform to any of the three groups but presents this problem of the campus to the students in order

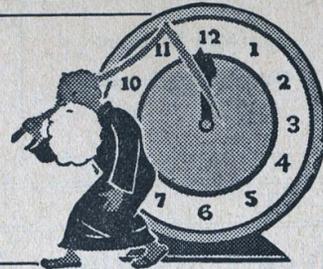

that they may start their own mental processes and find a solution for themselves. The best that we can do is to give both sides of the question dispassionately but as you all know the question of personal equation is impossible to escape.

To petition the student council and secure a legislation to eradicate these clubs will not be the solution. Legislation is never successful unless the majority of students are of the same opinion. No one will deny that most students do not feel the same in regard to this problem. However, if such action fails it will still be a great step toward the solution in that more students will become aware of the problem.

Eventually we hope that all racial sororities and fraternities will undergo a process of "natural death." Certainly after a period of the melting of races goes on as Dr. Romanzo Adams has described in his book, "Inter-racial Marriage in Hawaii," these racial clubs will not be a problem on our campus.

Library Window, if it did seem to condemn the existence of racial clubs, was only being a romanticist, who "looks before and after, and pines for what is not."

Time Stagger's On

By NORMAN K. CHUNG

Jokes about drunks seem to be the vogue around the campus. . . . It may be the aftermath of a happy New Year's Eve, but, anyway, here are three of the best we've heard . . . or read. . . .

From Bo Sanger:

The drunk was searching diligently around the base of the lamp post. Queried a cop, "Did you drop something here, bud?"

"No," was the reply, "I dropped it way over there."

"Well, what the heck are you looking for it over here, for?"

"Don't be stupid, offisher,—there's more light over here."

From the Silver and Gold:

Drunk: (In flower shop) Do you deliver flowers?

Florist: Certainly, we do.

Drunk: Well, take me home, I ish a panshy.

From Walter Winchell:

The drunk was leaning heavily against the building. Along came the ever-present cop and said, "Come on, move on. What do you think you're doing, holding up the building?"

"Yup," murmured the drunk as he moved on.

And the building fell down and killed the cop.

Mary had an Elgin watch, She swallowed it; it's gone

And now whenever Mary's drunk, Time Staggers on!

All men smoke—but Foo Man-chu!

Syllogisms: Optimism is what makes people try to borrow money from me . . . It's also flattery . . .

And flattery is what makes the head go round . . . When your head goes round, you get an unpleasant feeling . . .

When you get an unpleasant feeling, you feel bad . . .

When you feel bad, you're pessimistic . . . Therefore, optimism is pessimistic . . . or what have you?

Now's time to take time out to pass out a few orchids . . .

A big bouquet to the student council for getting to work on both the cafeteria and dance situations . . .

An even bigger bouquet to the group of TC sophs who pulled off a swell picnic last Friday . . .

The spirit and enthusiasm they showed fairly effervesced . . .

To Marjorie Carter for winning the UHTG's diction award . . .

An extra big spray of orchids . . .

To Herbie Choy on his election as senior councilor.

Noisy, Inconsiderate Students Requested To Think Of Others

Professors lecturing and students listening to their talks on the second floor of the new addition to the library are bothered to no end by the wholly uncalled for commotion in the hallway caused by over-eager students at the end of every class hour.

They distract. They disturb. They deny the professors and students of a full class hour. The most important points of a lecture usually come at the end of the hour. These are missed by the students and, unfortunately, are most disconcerting to them when exams come around.

Perhaps the guilty students like their classes in the library addition so much that they cannot wait until the end of the hour before they can sit comfortably in their respective seats and get in the mood of the class to come. We are happy to learn that students here are eager to be on time for their classes.

But definitely, they can wait a few minutes until classes are out before they start stamping down the hallway and chatter, chatter. The hallway is a veritable soundbox and every little click of heel and mumble is picked up and magnified.

Are we to surmise that some University students are so lacking in judgment and consideration of others that they to this day do not realize they are erring?

They may be excused if they try to speak in whispers but when there are chronic outbreaks of "Hay! You!" that even stir sleepy students from their stupor we cannot help but reprimand them.

More cooperation and consideration from these students will not be wasted.

Freshman Ferment . .

By Ernest Silva

An idea struck me a foul blow, rendering me more than ordinarily senseless. The result is a thumbnail biography of a sophomore which somehow does not seem to fit in with this column, but then, does Barlow Hardy fit anything?

And so:

The Life and Loves of Barlow Hardy

Barlow Hardy was born. To say that Mrs. Hardy was aghast would be putting it mildly. I wouldn't blame here if I were you, though, since she was only doing her duty by God.

Barlow grew and I can prove it. While pursuing his studies in the second grade, he fell madly in love with his school teacher. One day she beat him up and he swore that he would never again love another woman outside his immediate family circle.

I have it from reliable authority that Barlow was, during his high school days, a limburger addict. Maybe you don't give a damn but his classmates did. They wouldn't either if he hadn't insisted upon opening his lunchbox one hour before lunch and giving everybody

Mrs. Roosevelt's Advice to Coeds

Ithaca, N. Y. (ACP). — Mrs. Franklin D. Roosevelt, speaking before women students at Cornell University, told them, if they would be successful in life, to "do more than get by."

"College graduates," she said, "have during the past years gotten jobs easier than girls with grade school educations, but, at that, there were many college graduates who had accepted jobs as sales girls in department stores."

Success requires more of a girl than just enough ambition to earn her weekly pay check, she implied a prephew of his midday meal.

In his freshman year at college he took to journalism and even went so far as to conduct a column in the school paper. Which might explain why it is so hard to get anyone to read Ka Leo columns anymore.

Barlow is now eighteen years old but he shows no sign of age except a slight loss of memory whenever debts exceeding ten cents are mentioned. He hopes that some day he will graduate from the University of Hawaii. "If I am patient," he says, "maybe they'll make some more mistakes like they did last year and in time I might even be a senior."

Comments on the News

The Honolulu Advertiser of the 17th, commenting on the dance situation editorial in Ka Leo recently, says that the picture is probably overdrawn by the high spirit of youth. They go on to state (on what authority we do not know) that it was not the high school students, but the older ones who were disorderly.

Regarding the first statement, Ka Leo points to the recent statement by Dean Webster to the social committee pointing out the instances of misbehavior. Does the august Advertiser consider Dean Webster as also "charged with the high spirit of youth"?

The second statement is untrue. University students have—according to the authorities and students who were there, conducted themselves as they should. It was definitely high school students who were misbehaving.

As reported in other columns, the Student Council has taken action to remedy the dance situation by the appointment of a committee. At the same time, members of the ASUH social committee are working on the problem. It is hoped that a sensible and effective solution will be worked out soon.

Vittorio Mussolini, son of the Duce, in his recent book, describes the glories of war. We haven't the direct quote, but it was something like this: "We flew above a troop of Ethiopian cavalry, unobserved, and then dropped three bombs. The whole troop blew up with a beautiful budding effect. It was a great deal of fun."

Keeping in mind that the budding effect was made of the flesh of men and horses, we don't think it's very funny. Maybe we just don't appreciate the Italian sense of humor.

Ka Leo prints today a questionnaire, asking students how Ka Leo can be improved. Now is the time for chronic squawkers as well as those genuinely interested in Ka Leo to aid the editorial staff.

We realize that improvement can be made in Ka Leo, but desire the cooperation of students in telling us just how we can improve it so that they will like it. It is, after all, your paper.

Students are requested to fill out their questionnaires and place them in ballot boxes which are in TC, Gartley hall and the front steps of Hawaii hall.

Ka Leo Questionnaire

In order that "Ka Leo" may better serve the students during the second semester, we are presenting the following questionnaire to find out just what the students read, and like or don't like in "Ka Leo." Constructive criticism will be welcomed. Your cooperation is requested in filling out the questionnaire and putting it in the ballot boxes which are in TC, Gartley hall, and on the front steps of Hawaii hall.

Former Deans Spread Aloha; Make Hit at Christians' Meet

Eleven former University of Hawaii students were among 15 Hawaii delegates attending the National Assembly of Student Christian association held at Miami University and Western College in Oxford, Ohio, from December 27 to January 1. Lloyd Killam, former territorial YMCA secretary and at present national secretary in pioneer fields at the Chicago YMCA, led the Hawaii delegation.

Christian students from all sections of the world participated in discussion pertaining to individual and world-wide significance. Topics included relationships between the student and the community, as school citizens, with the church, educational system, agriculture, and with the world community. Others were vocational opportunities, economics and labor and current topics.

At the end of the sessions, the Hawaii delegation was adjudged the "friendliest" group by the 1500 students who were gathered.

Abraham Akaka, premier Hawaiian soloist, was the principal attraction, and he teamed with Jack Wakayama to present duets. Miss Helen Hayashida, former sophomore in Teachers college, presented the cosmopolitan idea with her interpretations of Japanese dances.

Quiet Hawaiian fireside gatherings were held during the confer-

ence with all former kamaainas present. Francis Okita was elected president of the club which was founded to locate other Hawaiian students on the mainland. Mr. Killam was chosen adviser. At this "bull session," Miss Ngit Wan Chong played several piano numbers, Akaka and Wakayama sang, and the group participated in mass singing. Miss Hayashida's fruit cakes were part of the refreshments served.

During the New Year's Eve celebration held by the conference students, each racial group contributed to the program. Hawaii's part in the program was played up prominently in the newspapers.

Attending the conference were the Misses Oei Maehara, McMurray College, Jacksonville, Ill.; Helen Hayashida, Southwest State Teachers College, San Marcos, Texas; Chiyoko Ohata, Monmouth College, Monmouth, Ill.; Masako Tateishi, William Jewell College, Liberty, Mo.; and the Messrs. Stanley Hirokawa, William Jewell College; Waichi Takemoto, Earlham College, Richmond, Ind.; Edward Susumu Nakano, Drury College, Missouri; Abraham Akaka and Jack Tsunao Wakayama, Illinois Wesleyan University, Bloomington, Ill.; Francis Okita, Chicago Theological Seminary, Chicago, Ill.; and Thomas Osakoda, Southwestern University, Memphis, Tenn.

Kampus Klubs

The Agricultural club was organized in 1921, by students interested in agriculture. The purpose of the club is to promote extracurricular activities in the various phases in agriculture.

Various activities carried on by the "Aggies" include excursions, field trips and numerous talks at the club meetings by professional men on different phases of agriculture. The social phases of the club's activities include dances, joint socials, outings, informal gatherings and a big hay ride and dance in collaboration with the home economics club girls.

In the field of athletics the organization sponsors the intra-club as well as the inter-club competition in games. It has been made an annual affair to hold games between the Aggie club, Engineers, Commerce and TC clubs with a luau as a stake. Last year the Aggies won the prize and the luau was held at Punaluu.

Club funds to carry on the organization's numerous activities are raised at the Aggie's annual dance.

Meetings are held the first Monday of each month at 12:45 noon

in the Agricultural building room 110.

The campus YWCA, open to all women students of the university, has perhaps the least restrictions on those seeking membership to that organization. Those wishing to become members have but to subscribe to the purpose and sign the pledge card.

From that time on the new members may participate fully in all the activities of the club. The latter include sponsoring discussion group meetings on such subjects as: Individuals and Life, Personality Development, Religion and World Affairs, sponsoring jointly with the YMCA a Peace Panel, participating in annual Thanksgiving and Easter conferences, sponsoring seasonal worship services and dances.

Meetings of the club are held every Tuesday noon at 12:45 in the AWS room in Atherton House, School of Religion and Farrington Hall. There are also special afternoon discussion groups and parties.

President of the campus YWCA is Sau Chun Wong.

Chinese New Year Is Occasion For Narcissus Dance

One of the most colorful dances of the year will be given on Chinese New Year's Eve by members of Te Chih Sheh, when they sponsor the "Narcissus Dance" on the evening of January 29 in the gymnasium.

Gay colored lanterns, willow trees, bamboos, and narcissus blossoms will transform the hall into a typical Chinese garden. To add to the atmosphere of a gay holiday, all guests who attend the dance will be given narcissus flowers.

Members of the organization who are working to make the affair a success include Alice Tyau as general chairman, Mildred Liu and Violet Lee, invitations: Alma Lai, Priscilla Tam, Violet Choy, program; Fanny Tam, Gardie Ako, Irene Chang, refreshments; Edna Leong, Ivy Awana, Beatrice Fong, Ah Mee Young, Eunice Leong, Ruby Chun, Deborah Kau, tickets; Beatrice Liu, Margaret Chow, Kam Yuen Au, Dorothy Chang, Minnie Wong, Dorothy Lam and Gladys Ching, novelties.

A novelty dance which is being originated by a member of the club will be given during the intermission.

Johnny Lau's well-known orchestra will furnish the music for the evening.

JUNIORS ARE CHAMPS

In the final game of the interclass soccer league, the juniors defeated the sophs, 5-1, and became the undisputed champions.

Sadao Tsumoto, junior manager, scored two goals in less than 2 minutes of play. Kats Miho accounted for two more of the juniors' scores. The other was made by James Carey, the juniors' stellar forward.

Hartwell Blake of the sophs made the only score with a well timed boot.

Kayo Chung, junior fullback, turned in a fine performance. Herb Cockett, soph forward, was also an outstanding player.

SENIOR-FROSH

The seniors won their second soccer victory when they defeated the frosh 2-1 in a game played 30 minutes overtime last Thursday.

Once more little Chock Lau was

the star of the game. It was he who scored the final goal during those last gruelling 30 minutes. Lau made the winning goal by a clever kick taken from right under his bigger teammates and opponents' feet. Morio Ishado made the other senior goal.

The most outstanding boot of the day came when Nolle Smith made a beautiful kick from the 50-yard stripe right over the senior goalie's hands and into the goal. This was the frosh's only score, although they had many opportunities to score.

Volleyball Next Sport in Intramural Athletics Series

Another Mythical Selection-- Chuck, Yempuku Pick Stars

By Walter Chuck

After every sport in the intramural field, your scribe and Ralph Yempuku, director of intramural athletics, make an all-star selection. This brain child of ours is the result of the recently completed interclass soccer in which the juniors captured the pennant.

There were many outstanding players, and it was hard to make the selection. However, we have picked a list that we consider the best players in the league.

Starting with the position of goalie, we have placed Kanemi Kanazawa, junior, on the first string. Kanazawa was a consistent player who adapted himself very well to this position.

Sau Hoy Wong, senior, deserves special mention for his fine work.

For the two fullback berths, Kayo Chung and Russ Quaintance were chosen. Both of these players played aggressive soccer, using their feet and heads to advantage. Sam Kaapuni and Junichi Buto were also outstanding.

Butchart Outstanding

David Butchart, junior, was unanimous choice for the position of center half. Butchart participated in every game and showed himself to be a most outstanding defensive player. Proving himself an excellent dribbler and passer, Butchart laid the groundwork for many a junior score. Kenny Powers was selected for the post on the second string.

For the other halfback positions, we picked George McEldowney, junior, and Herbert Cockett, soph. McEldowney played hard and fine soccer. Cockett starred at forward position for the sophs, but was shifted to halfback to strengthen the first team's defense. Duke Cho Choy, soph, and Maxie Lim, junior, were selected for the second team.

James Carey was a unanimous choice for center forward. Carey's ability to use his head and feet was uncanny. Hartwell Blake placed on the second string.

Chock Lau Is Star

Little Chock Lau, senior, was selected for one of the forward posts. Scoring winning goals and playing generally good all-around soccer, Lau was one of the spark plugs on the senior squad.

Morio Ishado, also a senior, was selected for another forward berth. Ishado was noted for his clever dribbling and his ability to pass the ball swiftly and accurately. Kats Miho, junior, garnered one of the berths also. Miho was a constant threat and scored several

times. Dick Wong was the only freshman to make the first string. Wong was a hard and consistent booter. Spillner, O'Sullivan, Wah Jan Chong, and H. Chu also played consistently good games.

Ho Is Most Valuable

Tim Ho, senior and varsity squad captain, proved himself master of all phases of the game, and was picked the most valuable player of the league. An excellent dribbler and accurate passer, he was tops as a goalie. For this he was placed as first string utility man. Kinji Kanazawa was given the same post on the second string. Peter Chang was given honorable mention.

Following is the entire line-up:

Inter-Club Casaba

EPISCOPAL-COMMERCE

In a regularly scheduled interclub noon hour basketball league game, the Episcopal club defeated the Commerce club, 32-19, last Friday.

Howard Hiroki, forward for the Episcopalians, was high scorer for the day, making 19 points. Hiroki's shooting ability was uncanny for he found the basket from all parts of the court. It was through his ability that the Episcopalians triumphed over the Commerce lads.

Sadao Tsumoto of the Commerce club accounted for 8 points to be next high scorer of the day.

Episcopal-Aggies

Displaying fine teamwork, and showing that every man on the team can shoot well, the Episcopal overwhelmed the Aggies, 39-18, in an interclub basketball game played last Monday, at 12:30 in the gym.

Once more Howard Hiroki was high scorer making a total of 10 points. All of his teammates accounted for at least one goal apiece.

Ikeda was the outstanding star for the Aggies.

Gill's Charges and Maluhians Meet in Opener

Luke Gill's University of Hawaii varsity basketball squad will show in its first game against the runner-up Maluhians of the ASUH Junior conference tonight, starting at 7:30, instead of against the champions of that league. The game will be played in the school gym.

The title winning Palama junior five was supposed to play the Deans tonight, but due to the fact that the majority of her boys are to perform for the Palama senior squad an hour later in the Palama-Matson clash, she withdrew.

Palama-Matson

As stated above the Palama senior quintet will play Mannie Ferreira's Matson AC bunch in the second game of the scheduled twin-bill this evening.

The Deans will most likely start out with Captain Tommy Kaulukukui and brother Joe at the forward posts, Wendel Bayne at center, and Alfred Espinda and H. Kometani stationed as guards against the Maluhians.

Sked Changes

More unforeseen situations have developed which necessitate changes in the interclub noon hour league basketball schedule.

The Engineer - YMCA game, originally scheduled for Thursday, January 20, has been changed to Friday, January 21.

The Aggie-Hui Lokahi tussle, scheduled for Friday, January 21, has been shifted to Wednesday, February 2.

However, we may see Joe at one guard post and Art Campbell at forward with Tommy.

The Maluhians, who made such a great showing in the junior loop, are sure to prove formidable opponents for the Rainbows. They have a speedy squad, which is a fast breaking combine and which strikes swiftly on all opportune scoring occasions.

In forwards Masayoshi Masuda and Richard Lum, center Harold Okimoto, and guards Tadao Mashita and Arthur Kauahi, the Maluhians have a crack five. Masuda and Okimoto are ace shooters.

When Palama's senior five plays the Matson AC team tonight, it will be returning to the ASUH Senior conference after a year's absence.

Dean Hootmon Squad Tackle Smile Cafe

Dr. Felix M. Keesing's Rainbow soccer eleven will play its first game of the season against the Smile Cafe squad, this Saturday afternoon, beginning at 1:30, at John Wise field.

The Deans were scheduled to play the Navy combine next week Saturday. However, due to the entrance of the Smile Cafe squad into the Honolulu Soccer league, the schedule was revised.

Smile Cafe is a team composed of hoot mon lads who formerly donned the green and white outfit of the Deans.

Prominent among the ex-Rainbows are Dick Furtado, Bill Ahuna, Tony Morse, Maikai Gonsalves, and Charlie Hapai.

According to Coach Keesing the Deans will most likely start out with the following lineup:

G., Tim Ho (C); RF, Kanemi Kanazawa; LF, Masatoshi Kuwata; RH, Kats Miho; CH, George McEldowney; LH, Dave Butchart; OLF, Peter Chang; ILF, Peter Chu; CF, Jimmy Carey; IRF, Hartwell Blake or Herbert Cockett; ORF, Richard Wong.

HE SELLS 20 MILLION POUNDS OF TOBACCO A YEAR

Bob Cooper — tobacco auctioneer — tells why he, and other tobacco experts, prefer Luckies . . .

"I've been auctioneering for 20 years," says Mr. Cooper, "in Georgia, North Carolina and Tennessee...and I've seen the tobacco Lucky Strike buys at auction after auction. It's the best in smoking quality."

"Luckies suit my throat, too, as well as my taste. Even after crying out bids 7 hours a day, Luckies never bother my throat in the least." (Reason: the exclusive "Toasting" process expels certain irritants found in all tobacco.)

"In every section of the Tobacco Belt where I auctioneer," Mr. Cooper adds, "I've noticed tobacco men smoking Luckies."

Are you benefiting by the experience of the tobacco experts? . . . Sworn records show that among independent tobacco experts, Luckies have twice, yes—twice, as many exclusive smokers as have all other cigarettes combined.
