

Sophomores Hold Primary Election Thursday, June 4

Petitions Must Be Turned
In to President by
June 2

The primary election of the class of 1938 has been definitely set for June 4 with the general election to follow on June 9. Booths will be placed on the steps of Hawaii hall and Gartley hall. Students in Teachers college will vote at Hawaii hall.

Running for the office of president are Sau Hoy Wong, present treasurer of the sophomore class, Tim Ho, sophomore athletic manager, and Robert Jarrett, former class treasurer.

Four men will seek the vice-presidency. They are Henry Kawano, Donald Rietow, Frederick Tan and Wataru Watanabe.

Candidates for the secretarial position include Sau Chun Wong, Edna Kanemoto, Charlotte Wong and Lucia White. Three men will run for the position of treasurer. They are Abraham Akaka, Albert Kai and Mitsuyoshi Fukuda.

All petitions must be turned in to Kong Tong Mau, president, by 12 noon on June 2. Twenty-five bona-fide sophomores must sign the petition.

The nominating committee included Kong Tong Mau, John Stone, Mitsuyoshi Fukuda, Lucia White and Sau Hoy Wong.

Alumni Leaders Ask for Reports

Presidents and treasurers of organized alumni chapters are being requested at present to send in reports on their chapters. The number of members, number of general and executive meetings this year, purpose and general plan of each meeting, projects undertaken by their chapter, plans for next year, names of officers and committee chairmen for this year and next, make up the information wanted.

All reports of chapter officers will be incorporated into the general report of the territorial association officers and will be mimeographed and distributed at the alumni dinner.

Alumni Committees Report At Meeting of Governors

The monthly meeting of the Board of Governors of the University of Hawaii Alumni Association was held on May 26. The most important report presented was concerning the annual banquet. After several discouraging attempts to stage a dinner-dance, Edith Field was able to arrange for a luau to be held on June 20 at the University gymnasium.

Lorraine Freitas reported on the question which was raised at the last meeting concerning regional representation on the Board of Governors. She presented a resolution which had been formulated by Herbert Keppeler in previous years and approved by the Board, in which local chapters were given the right to designate any one of their members to attend meetings when they happened to be in Honolulu, and report back to their local meetings. The resolution also stated that minutes might be sent to each chapter to acquaint the outlying chapters with the plans and policies of the association.

Cenie Hornung and Mark Westgate reported at some length on the various aspects of the publication question. Without a doubt, a quarterly magazine would be more attractive and appropriate for acquainting the membership with the activities of the association, but the ever-present question of finance creeps in. Without some competent

Honolulu Chapter Makes Fine Showing at Carnival

Contribute Malayan Orchestra and Artists at La
Fiesta in Spite of Short Notice

The Honolulu Chapter of the University Alumni association prides itself on its willingness to cooperate with University affairs. At the last meeting of the Board on May 11th, a letter was read requesting that the alumni take part in the La Fiesta carnival, a student project, to be given by the students the following Saturday.

It was agreed that regardless of the limited time, the alumni must do something. Mrs. Thelma Sproat Bugbee was appointed chairman of the alumni committee, and brought the Malayan stringed orchestra, which furnished excellent Spanish music to add to the Spanish atmosphere. Roberta Irving and Dorothy Beardmore '26, further added to

the alumni contribution by sketching portraits of those who would pay them 20 cents each.

The other main business of the evening was the acceptance of the report by the Student Aid committee recommending the establishment by the chapter of a scholarship fund to be known as the Ruth Shaw Memorial Fund. Money for this fund will be raised by the chapter in the fall.

Meetings of the executive committee will be discontinued until the third Monday in September. At the next general meeting of the Honolulu chapter which will take place in October, officers will be elected for 1936-1937.

Dr. Hosoi Tells About Graduates

Twelve Alumni Attending
Tulane University

Dr. Kiyoshi Hosoi, '21, prominent local physician and surgeon, who returned to Honolulu early last January from the Tulane Medical school where he received his Ph.D. degree, told about several Hawaii graduates attending the institution in an interview.

According to Dr. Hosoi, 12 alumni are enrolled in the medical school, one of whom, Hiroshi Yasuda, was graduated last June with his doctor's degree in medicine. He is serving his internship in Iowa.

Three other alumni will be graduated this June. They are Minoru Kimura, Harold Tamaki Kimata and George Tomoguchi.

Tom Fujiwara will receive his degree next spring. He was to have been graduated this June, but since he was teaching six months in the Department of Pharmacology, he had to study for another semester. Toru Nishigaya, junior, will return this summer for a short vacation.

Other former Hawaii students whom Dr. Hosoi knew are Alfred Y. Hew, Alfred Song, Walter Look, Richard Kainuma, Mitsuo Miyamoto and Wallace Kawaoka.

Alumni Secretary Receives Letter From Larry Ching

Larry F. Ching, '35, instructor in engineering and English at the Yunnan university, Yunnanfu, China, is having a difficult time trying to make his lectures simple to the Chinese students, according to a letter received by Cenie Hornung, alumni secretary.

"My teachings are coming along fine. The only trouble is that I strain myself trying to make my lectures simple enough so that the students can understand at least part of what I say. You can guess how hard it is to make technical things simple," Mr. Ching wrote.

He continues that he is awaiting the arrival of Dean Arthur R. Keller, professor of engineering at the University of Hawaii, and Quon Yuen Ching's return to the Yunnan university.

Notice!

Representatives of all recognized organizations are requested to attend an important meeting of the ASUH student forum today at 12:45 p.m.

Discussion on Ka Palapala expenses will be fully discussed. Any club that fails to pay the \$18 bill to Ka Palapala will have the annuals withheld from every member of the club.

Alumni To Give Election Results At June Banquet

Ballots Circulated to All
Paid-up Members of
Association

The results of the University Alumni association's election of its executive officers will be announced at its annual banquet on Friday, June 20.

The ballots, with the complete list of candidates for the various offices, have already been circulated to all paid-up members of the association.

Three candidates will automatically take the offices they seek because they are the lone aspirants for their respective positions. The three are: Clarence Dyson, present president of the association, who is again out for the chief executive's post, Mae Soares, aspirant for the secretarial position, and Uichi Kanayama, who is running for the treasurer's office.

Three for Vice-Presidency

There are three persons for the office of vice-president. They are: Mrs. Phoebe Amoy, Mrs. Gustave Webling and Mrs. Janet Landgraf.

Members of the association, who are running for the Board of Governors are: Lorraine Freitas, Mrs. Lucy Farden, Iwao Miyake and Harold H. Samson. Mr. Samson is the only candidate running on a petition.

John M. Westgate is the sole candidate for honorary membership in the Alumni association. During the past, Mr. Westgate has contributed a great deal to both the University and the association. The Westgate family established the Inez Wheeler Westgate Memorial Loan fund.

Herbert Keppeler and Fred Denison, members of the present Board of Governors, will automatically vacate their seats this year.

Dr. Mehnert Describes Growth of Red Republic

By CALVIN C. MCGREGOR
Displaying intense interest in the work of the University and happy to be in Hawaii, Dr. Keans Mehnert, recently-arrived visitor from Russia on his way to the University of California at Berkeley, told the interviewer something of his exciting past and a bit of what he expects to accomplish in the future. Dr. Mehnert spoke to the political science classes Saturday morning about Russia's past and present conditions. His hour talk was greatly applauded by the members of the classes.

Born in Russia of German parentage, Dr. Mehnert was forced to flee from the Soviet land because of war conditions existing there in 1914. His parents made their hasty retreat to Germany to retire from the political unrest which had thrown Europe in a frenzy almost overnight. He remained in Germany during the remainder of the war.

Ten years after the armistice was signed, this congenial gentleman was given the privilege of being an exchange scholar to the University of California. During his stay on the Berkeley campus, he made a host of friends, one who was destined to become his wife within a year. After his stay in the California institution, he returned to Germany with his bride-to-be. The couple was married in Berlin where they settled down until 1929.

Dr. Mehnert wrote "Youth in Soviet Russia" which was later published by the MacMillan Company, leading American publishing agents. He also edited "Ost Europa," a monthly magazine published in Germany.

Although the couple lived in Russia less than two years, they have certainly gained an invaluable understanding of political, social and economic conditions in the land where the proletariat is supposed to be the dominant ruling class. The fact that Dr. Mehnert spoke the

ANNUAL BANQUET

Officers of chapters are requested to see that the annual association banquet receives publicity in their local papers and schools. Reservations may be collected by the treasurer of chapters but must reach Lorraine Freitas, or Cenie Hornung at the University not later than June 15. Chapters will be called upon at the banquet for the songs from their island.

Secretary Gives Account of Trip Shows Enthusiasm Over Hawaii Visit

Enthusiastic over her recent trip to Hawaii and congratulating the members of the alumni situated there, Miss Cenie S. Hornung excitedly told about her seven-day visit on the Big Island.

Miss Hornung spent the first day in Kohala High school visiting about ten of the teacher's cottages. She was also a guest at the May program which was being put on by the students. Through Mr. Lloyd Killam, former University instructor, she was able to meet J. Scott B. Pratt, manager of the Kohala Plantation and an ardent Hawaii backer. Mr. Pratt is one of Hawaii's first agriculture students.

She spent the next day in Hilo visiting alumni members, schools, stores and offices of the University graduates. During the evening she attended a banquet of the alumni association. The election of officers after the banquet marked an encouraging start for the organization.

On Tuesday she drove with Mr. Eugene Horner and visited schools all the way to Honokaa. After riding on a taxi to Waimea, a group of friends took her to her former home in Kona. The next two days were filled with other visits to schools and with alumni members.

Russian language without accent enabled him to intimately discuss affairs with the peasants and members of the proletariat regime in the vast Russian territory. It is by this manner that his work among the native Russians has become valuable to contemporary writers on world politics.

In speaking about the conditions in Russia, Dr. Mehnert stated that the Soviet Union has already hit its low point and tends to be heading in the direction of a betterment for the Russians, both socially and economically. He said that industries have turned from exclusively producing goods of production to that of goods of consumption. He believes that Russia will come to the foreground within the next few years and that it will have to be considered strongly by the powers of the East and Europe.

Dr. Emhart will leave Friday for Berkeley where he will teach "Modern Political Thought in Europe" at the summer session in the University of California. After this teaching period, he will cover the presidential elections for a German chain of newspapers. He expects to return to his native land during Christmas and work out his conscription service.

During his stay in the Soviet land he has traveled over 50,000 miles. He has gathered much material during his travels and has made many contacts with the Russian peasants.

Mrs. Mehnert seemed a bit shy but was willing to tell about her experiences also. She said that the Russians lived a hardy life and that some of the buildings there were beautiful. She was thrilled over Russian architecture and at some of the Russian playhouses.

Mrs. Mehnert will accompany her husband to California and will spend the summer visiting friends and doing a bit of studying on the side.

Searle Prepares Ambitions ASUH Sports Program

Tentative Plans Are Made
To Send 300 Athletes
To Valley Isle

A seemingly fantastic plan to send a delegation of more than 300 University of Hawaii athletes to Maui next year for the first annual ASUH Inter-Island Duel Olympics was announced Monday by Pump Searle, graduate manager.

Searle will present his plans to the University authorities soon before negotiating with E. L. Damkroger of Maui, who is at present contemplating a complete rejuvenation of athletics on the Valley island sometime in July. According to Searle, this plan, if carried out, will give alumni and people on the outlying islands an idea of the vast, well-organized sports program of the ASUH.

Present plans call for a four-day vacation at the University during the second semester, beginning on a Wednesday and finishing on the following Saturday. The teams tentatively selected to make the jaunt include the basketball, track, swimming, soccer, baseball, tennis, golf, and volleyball squads.

Theatre Guild May Go

Aside from these athletic contingents, the two first semester Theatre Guild production casts will be asked to accompany the delegation. Profits gained from their performances are expected to pay for their own expenses.

A steamer will be chartered for the trip pending the number of students who wish to make an excursion to the Valley island. To accommodate and entertain the delegation, University alumni on Maui are expected to take care of the group.

According to tentative plans, the "Olympics" will be held on Hawaii in 1938, then on Kauai the following year, and on Molokai.

Mrs. Gladys Hee Returns from Trip To Pacific Coast

Mrs. Gladys Li Hee, better known as Li Ling Ai in literary and theatrical circles, returned recently after a three month stay on the Pacific coast. While there, she spent most of her time contacting writers and producers and collaborating with Rudolph Friml on his Chinese musical play, "Sing Song Girl."

Mrs. Hee is planning to remain here a while working on the script for "Sing Song Girl," and completing a book she and the late Harry Carr were working on before his untimely death.

Alumni Urged To Spread Aloha Spirit

About half of those enrolled at the last summer session were alumni. Many of these have not been on the campus recently. All of them were absorbed in their studies. Few of them had time for the kind of social sitting around that one sees every day on the campus during a regular session. Furthermore their own feeling of strangeness made it difficult for them to go more than half way in getting acquainted with other students.

Another half of the enrollment was not old timers; many of them were visitors in the islands who would have welcomed a smile and an "Aloha" from a kamaaina. For the sake of developing the Aloha spirit the Alumni association is urging all who are on the campus to use the word "Aloha" and the "Aloha" spirit this summer. They are asking that alumni greet strangers, get acquainted with other alumni and welcome the malihini.

We are sure that 50% of the summer session population can do much to build a friendly spirit and urge the readers of this column to help along with this good cause.

Congratulations to the Service Units!

Congratulations are in order for the members of the service unit in Hawaii for the excellent handling of the recent AAU track and field meet staged at Stoneman Field at Schofield Barracks. The meet was staged without any hitch in the day's program.

The army unit has done much to promote the activities of amateur sports in the Territory. Its wholesome participation in the various branches of athletics has enhanced the chances of the University in promoting a better program for the ensuing year.

The alumni wishes to thank the army personnel for the excellent work in this recent meet and hopes that future meets will draw the members of both organizations into closer friendship and understanding.

Dear Alumni:

I want to express my personal appreciation to alumni and friends on Kauai, Molokai, Maui and Hawaii for their hospitality and assistance in making contacts with alumni. I wish also to congratulate our alumni chapters on their progress in organization, in membership and in purposeful programs. Not only are there two new chapters: Molokai and West Kauai, but several sleepers have awakened: East Kauai, Central Maui and Kona, Lahaina and Hilo go on with increasing vigor. In other areas: Kau and Kohala and perhaps even distant Hana, Maui, leaders are interested enough that chapters will soon be organized.

Aloha to you all and Mahalo Nui

Yours sincerely,

Cenie S. Hornung,
Alumni Secretary

Editor, Ka Leo,

May I through your paper take this opportunity to thank all of those who so generously supported me in the past student body elections. I assure you that I will fulfill the duties of my new office as junior councillor in the best way that I know how. And so again I express my sincere mahalo, arigato, to chay, and thank you to you who have shown unbounded faith in me.

Sincerely yours,
Abraham Akaka

Alumni Bagatelles

Time For Alumni To Discuss AAU Mess

The nauseous odor permeating from the "mysterious" depths of the Hawaiian AAU commission's office, recently, that literally took the islands by storm involving one of our most popular alumni, has opened the eyes of every loyal member of the University Alumni association. From what we believe was only a trivial matter arising out of the question of AAU sanctions for the recent ASUH practice swimming meets which the University failed to receive that could have been easily and quietly hushed, arose a bitter antagonism between the commission and Pump Searle, graduate manager.

We shall not take the trouble of reviewing the incidents leading up to the present controversy in detail as the downtown sheets have already played it up loudly enough. We shall, however, attempt to get to the source of the trouble, and find a possible solution to the perplexing problem. Contrary to consensus of opinions, we believe that when C. Dudley Pratt, president of the AAU commission, made a slight statement to the press that swimmers, who participated in the last ASUH practice swimming meets would be classified as professionals, thereafter, because the ASUH had not received the sanctions of the commission to stage the meets, he did not mean to do as much harm as local papers have painted it. Mr. Pratt, undoubtedly, is just as anxious as anyone else to see Hawaii develop into a focal point in athletics, particularly in swimming.

The fact that he failed to send any notice to Pump after his first blast is an indication that he wasn't interested in pressing the matter too far. But since the papers overplayed his first statement he couldn't back out like a coward. After all, he had his honor and the prestige of the commission to defend. Each statement he probably would have like to make never materialized in this way. This, we believe, is where the source of the trouble lies.

Mr. Pratt wouldn't be so foolish as to bar University swimmers from further amateur swimming meets on the grounds of professionalism. He can very well see that none of our swimmers have the calibre of professionals. But there are several budding swimmers, who have shown enough potentiality to warrant the return of the Golden Days of Swimming in Hawaii, the birthplace of competitive swimming.

The first bombardment from the commission was a fatal one. It boomeranged into the commission's most vulnerable spots as several important things unknown to many laymen came to light. As a result the first major development was the abrupt transfer of the amateur boxing authority to the hands of the Territorial boxing commission. At the same time, whispers about unethical deals going on within the commission's office became audible and finally climaxed into a whirlwind of open criticism from the public. The case of Ben Ahakuelo, the ASUH basketball controversy, and many other questions were reviewed.

The AAU commission was placed in a very embarrassing position. Alumni, however, should not take the stand taken by the majority of the laymen. They should feel that the commissioners alone are not to be blamed. Some of the faults lie with the people who were responsible for their being in office. After taking into consideration the many misdeeds made by the commission, it would be mild to say that it did not function properly. Some of the present commissioners are capable men, but unfortunately, they have concentrated on only a few sports that would net neat gate receipts. Plus the prospects of a trip to the mainland, we do not blame them for being lured by such "baits."

It's too late now to quibble over spilled milk. Time is a good remedy to wipe out the present stinging odor. Sometime in September new officers will be elected for the commission. At that time the proper men can be placed in office. Then the trivial question of professionalism can be easily cleaned by an understanding commission.

During the past, Pump has conducted the athletic program at the University efficiently under a system of "calenderizing the sports year." By this method he has certain dates set aside for various sports so that there would be no conflict in schedule. In the past, however, some of the major University programs have conflicted with the events staged by the commission. For this reason a closer cooperation between the AAU commission and the ASUH which is one of the most progressive athletic centers here must be had or Hawaiian athletics will be doomed. At the same time registration of athletes should be conducted by one person. In the past \$300 have been paid to have someone to handle this job, but the work done so far has been mediocre. The money was virtually wasted. To let the ASUH take over this job will serve a good purpose. An efficient method of handling the registration can be established with four needy students taking charge. The four will be picked from the different classes with a senior in charge. One man, therefore, should be allowed to run the show.

One thing that the present commission has lacked is an influential and efficient hustler. The man the commission needs should be an aggressive business man, a smooth diplomat, and a fiery leader who is influential in every branch of Hawaiian athletics. The questions arises, "Where is such a man?" And now, you've guessed correctly . . . Pump Searle is the man. Give Pump the reins and together with his novel system of "calenderization," Hawaiian athletics will boom.

Pump alone will probably have his hands too full to handle the job. Here's where the University Alumni association steps in. This organization cannot be slighted, athletically speaking, for the way it conducted the last two Hawaiian AAU track and field meet, is a criterion that indicates the vast potentiality of the association in building a sport. It wouldn't be a handicap to have some of the alumni assisting Pump as representatives on the outlying islands.

Ka Leo Reveals Doings of Hawaii Alumni in Chicago

Chicago has a large colony of Hawaii alumni, the majority attending the University of Chicago. These people have furnished Hawaiian music at the annual "International Night" at the International House and according to reports, they are planning a Hawaiian luau for all "kanakas" and their friends.

Bernard Hoermann who has had two years of graduate work at Chicago has been appointed a fellow in sociology for the next university year.

Others at Chicago are Harry Y. S. Mau '34, who is doing graduate study in social ethics. Irene Long in social service administration, Charles Kwock in theology, Jana Glenn, home economics and Tetsui Watanabe, medicine.

At other schools in Chicago are James Choy, K. S. Tom and Lee Pang studying medicine at Loyola. Wilfred Kurashige is a medical student at Northwestern. Drs. Masato Mitsuda and Isami Umaki, both graduates, are interning at the Lutheran Memorial hospital and the Cook County hospital, respectively.

Yim Kai Look is registered at the Illinois School of Optometry, Arthur Yee at Armour Technology and William Fujii at the American Art Institute.

A permanent resident of Chicago is Priscilla Sooni Choy Lee who lives there with her husband and son. Mrs. Lee has completed some research on Korean civilization in cooperation with a Michigan professor. She is active in her church, a literary society and mothers club.

University Crews Drill Regularly For Coming Race

Tony Morse, Bill Ahuna, Ernest Moses Supervise Daily Workouts

For the past few weeks over 25 boys have been working out in the afternoon in Honolulu harbor under William Ahuna, Ernest Moses and Tony Morse to prepare for the Kamehameha Day outrigger canoe races, the biggest paddling carnival in the Pacific.

The boys have been working diligently and are rounding out into the best of condition, and when June 11th comes along they will be fit for the tough races.

The Deans will enter six crews in this year's traditional classic. The crews tentatively set to compete are the senior and junior sixes, the senior and junior fours, the senior two and a consolation six.

The Rainbows will meet the Hui Nalu crews this coming Sunday morning in the harbor. Temporary crews will be selected and the showing each candidate makes will go toward determining his chances to paddle on the 11th.

The men trying for the various crews besides Ahuna, Moses and Morse are Francis Apoliano, William Ross, Russ Quaintance, Richard Furtado, Willis Warner, Lex Brodie, Yap, A. T. Ho, Edward Huestace, Jimmy Ing, Kayo Chung, Sam Kaapuni, John Whitmarsh, Mickey Carmichael, Llewellyn Akaka, Mike Gonsalves, Harry Stewart, Frank Cockett, Honan, Lewis Harwitz, John Butchart, McEldowney, Mookini, George Aki and Joseph de Silva.

Ogawa-Chinn Pair Wins Tennis Title

In a surprising upset, Francis Chinn and Henry Ogawa, who were paired in the finals of the ASUH doubles tennis tournament, defeated the Charles Du-Bois-Sullivan duo to win the championship last Thursday afternoon. The final score was 6-3, 6-4, 7-5.

The singles championship matches will begin tomorrow. DuBois, captain of the Rainbow tennis squad will defend his title. According to reports, he stands a good chance of repeating.

All matches must be played on or before the dates they are scheduled, if not, they will be defaulted. Pennsylvanian balls will be used.

The schedule is as follows: C. DuBois vs. J. Morita, Franklin Loo vs. Francis Kai, T. Woo vs. T. Smith, John Uyehara vs. Henry Ogawa, Stanley Bento vs. Seido Ogawa, A. Desha vs. B. Young, T. Chang vs. S. Iwashita, W. Ling vs. Francis Chinn.

The winners of each match will pair off as they are listed in the order here. They will clash next Monday. The semi-finals will be held on Wednesday of that same week, and the two who survive the round will play for the title on Friday.

Two former Colgate baseball stars have been signed by the New York Giants.

Unlimited Volleyball Title Copped by Junior Slammers

The slamming of George Clarke, Tony Morse, Adolph Desha and Alfred Espinda of the junior class volleyball team, Monday at noon in the gym, proved a little too much for the frosh slammers as they crumpled before their onslaught and thereby allowed them to run away with the unlimited volleyball title. The set results were 15-1 in the first, and 15-9 in the final.

The score of the first set attests to the ease with which the juniors took the freshmen in tow, but the second set almost told another story. Before their adversaries could settle down to real playing at the commencement of the second set, the yearlings began to play heads up ball and slamming the ball like veterans they piled up a comfortable margin. But before they could cop the set and throw the game into a tie, with a set to both sextets, the juniors sprang into life, and after a stiff fight overcame the first year boys and put the game on ice, and the title of the unlimited division.

Morse, Desha, Clarke and Espinda were standouts for the juniors while the playing of Katsuso Miho, Ivanhoe McGregor and Frank Cockett for the frosh cannot go unmentioned.

Others who engaged in the battle were Mickey Carmichael, Ralph Matsumura, Sam Kaapuni and Rupert Saiki for the juniors, and Kayo Chung, S. Tsumoto and K. Kanazawa for the first year team.

The final standing is as follows:

	W.	L.	Pts.
Juniors	3	1	44
Freshmen	2	2	13
Sophomores	1	2	6½
Seniors	1	2	6½

Although all scheduled games have not been played, Luke Gill has announced that the 5 ft. 6 in. volleyball league is through. The points scored by each class in this division are sophomores, 9; frosh, 3; juniors and seniors, half point each.

Alumni in Mexico Develops Athletics

Dyfrig M. Forbes, '25, former Rainbow basketball skipper and tennis champion, is at present connected with the Portrero Sugar company in Viejo, Vera Cruz, Mexico.

Aside from his regular work as agriculturist on the plantation, Forbes has organized and developed athletics there to a high standard. Under his tutelage, the Mexicans have become well versed in some of the American sports, particularly in basketball and baseball.

Forbes was also instrumental in the construction of a recreational park.

Return Meet Against Maui Stars Cancelled

The return swimming meet between the Rainbows and the Maui All-Stars which was slated to be held tomorrow night has been cancelled, according to Pump Searle.

The swimming season at the University will be climaxed next week when the pentathlon is finished. Several intra-mural programs remain on the calendar, but outside of this nothing of major importance will be carried out by the Dean squads.

ROTC Inspection Starts Tomorrow Entire University Group To Be Reviewed

The University of Hawaii unit of the ROTC will have its annual inspection tomorrow starting at 1:30 p.m. This inspection which is a yearly occurrence will see the entire ROTC regiment in its last public appearance of the year.

In previous years the University of Hawaii unit has made an excellent showing. They have won excellent rating since the regiment has been rated by the War Department. This is the highest rating which can be conferred by the Army on its ROTC units.

This year's inspection will be opened by a parade to which the student body has been cordially invited. This parade will be about the best held during the year. After the parade the various companies and battalions will be inspected. There will be trial demonstrations by the members of the unit showing the things they have learned during the past year.

The public is invited and it is asked that the students attend the parade and inspection.

Call of Football Lures Many Deans

Looks like the pigskin craze is just around the corner . . . King Football must be rubbing his tired eyes after just waking up from his long hibernation.

In short, spring football is here at the Dean's camp. Although no spring football workout is scheduled yet, with "Proc" on the Mainland, the boys are limbering up their joints and are warming the hogs-hide.

Cooke field, which has long been a place of inactivity, is speedily becoming a place for football enthusiasts. Gordon McKenzie, who was Tony Morse's understudy during the latter part of last season, is one of the many boys who are out daily. Sam Kaapuni, "Kats" Miho, Francis Apoliano, Buster Piltz and many others are seen daily, tossing and

Alex Millikin Favored In Diving Event Wednesday

The ASUH swimming pentathlon opened yesterday morning in the University tank with the 100 yard backstroke. Adolph (Swede) Desha, elongated Rainbow skipper, shattered his own tank mark with a fast time of 1:8.2, eclipsing the former record by seven-tenths of a second.

The backstroke event will be continued today, and for the two days following, the 100 yard breaststroke will be run off. The 150 yard individual medley will be the next event running on Monday and Tuesday, with the 100 yard freestyle coming next on the schedules on Wednesday and Thursday.

Millikin Favored

Diving from the three-meter springboard on Wednesday at 4 p.m. will bring together all contestants for the event. Alexander Millikin, carrot-topped frosh natator, is the outstanding favorite to capture the event which will include the plain front and back dives, and the front and back jack-knife.

The pentathlon will be divided into two divisions, the open and the novice. Desha, Millikin, Bernard Koseki, Ben Chollar, Charles DuBois, Rolland Bellaire, Masuto Fujii, and Wilbur Crow are entered in the open group. Warren Haynes and others who have not been picked for the open will be classed in the novice division.

Medals will be given to the first three in both classes. The system employed in tallying the points of each contestant rules that any swimmer not competing in any event will be given last place in that event.

The officials include: Stanley Livingston, Pump Searle, Ralph Yempuku, and Shorty.

An all-around athlete, but excelling as a volleyball player, is Iolani Luahine. Her consistent good playing and pleasing personality have won for her a high esteem among her fellow students.

St. Louis Stars Plan To Enroll For Fall Season

David Lum, Football Star, Declines Coast Offer For Honolulu

David Lum, Saint Louis all-around athlete, will matriculate at the University according to reports being circulated around the campus. Lum, as well as several other athletes, has registered to enroll this coming semester.

Lum declined an offer to enter Hill Military Academy last fall and is considered to be the fastest halfback in local gridiron crop. He is considered to be an elusive ball carrier, extremely dangerous once past the scrimmage line. He will undoubtedly be a valuable addition to the football squad next year.

Besides being halfback of note, Lum is no slouch on the track field. Participating for the Matson aggregation this year, Lum ran off with several points in the sprints and in the broad jump. Second only to Vasconcellos of Maui, Lum will be a sure point earner for Coach Percy Deverill.

Ernest Won, end; Bernard Smith, fullback; Bernard Rahe, tackle and end, and Teddy Akana, quarterback, are other football players planning to enter from Saint Louis.

Several members of the crack Cardinal band are planning to form a band when they enroll next year.

(Maui), first; G. Clemens (UH), second; R. Bellaire (UH), third. Time: 57.6 seconds.

100 yard backstroke—A. Desha (UH), first; A. Komori (UH), second; M. Fujiwara (Maui), third. Time: 1 minute, 11 seconds.
