

VARSITY TEAM DEFEATS KAM BY ONE POINT

Warriors Give Frosh Stiff Battle; Score Close

MANY SEE GAME Promising New Men Show Prowess; Klum Pleased

Kamehameha's erratic brilliancy versus the Deans' ruggedness and steadiness resulted in a 14-13 victory for the latter in the football game played at the Honolulu Stadium last Saturday.

Our own Frosh yearlings resembled a steam-roller at various stages of the battle but it must also be said that at times they looked like a sieve. The Deans continued to improve as the game progressed. Their charging became more effective, tackling surer, blocking harder, and gains more frequent. Especially was this true in the second quarter.

KAM STARTS FAST
During the murderous first period, when Kam, apparently with effortless ease, put over two touchdowns and converted one, it looked like Custer's massacre for the Manoaites. All through the entire period the Kam offense backfield, Kerr Harbottle, Wise, and Kane, literally tore holes in the Dean forward wall. It was the same story on defense. Yearling plays were smeared before they passed the scrimmage. Plays that passed the line and scrimmage were soon stopped by the Kam backs. It was this same Warrior backfield that started a 40-yard march to the first touchdown of the game. "Rusty" Holt had passed, but the ball was intercepted by Bertelmann. As a matter of retaliation, "Rusty" in turn intercepted a pass by Johnny Wise. He then started on a 19-yard jaunt that was halted on the extreme makai side of the field. However, the pigskin was called back because of an offside on the part of the Deans and restored to the Kam (Continued on page 3)

U. H. Clinic Tests Many Defectives At Waimano Home

Psychological Work At University Is Highly Praised

Examination of a group of inmates of Waimano Home was one of the problems handled by Dr. Stanley D. Porteus and Miss Marjory E. Babcock of the Psychological Clinic recently. The group examined was composed mainly of persons admitted in the days before any systematic psychological examination was being carried on in the territory, and the recent examination was made to make sure that none of the subjects had been wrongly admitted as feeble-minded, thus unnecessarily adding to the Territory's financial burden and, of more importance, working a grave injustice to the individual.

Other problems in the examination of defective or backward persons are brought before the clinic by the various courts, hospitals, and other social service organizations as a matter of routine. The Juvenile Court has adopted a policy of requiring examination by the clinic for all cases committed by the court to the Waimano home.

HAWAIIANS ARE STUDIED
Mr. R. G. Bernreuter, Research Assistant under the Rockefeller foundation, has examined 660 Hawaiians and part Hawaiians in connection with the research program of the Rockefeller Trust Research Foundation at the University. This work is concerned with a study of the mental capacity of the Hawaiian race, and, building upon this as a basis, the result of various other racial mixtures with the Hawaiian.
As an illustration of the value of the routine work of the clinic, Dr. Porteus cited the case of a family examined by Miss Babcock this summer. The four children of a Porto Rican mother, herself feeble-minded, (Continued on Page 4)

Youthful Stars Don Vets' Togs

Grid stars of the Waiatale Boys' Industrial School are now shutting forth to practice in the togs of Johnny Wise, Eddie Fernandez, and other heroes of the Deans. And the director is grateful.

Otto Klum sent a box of old football equipment to the Boys' Industrial School, and received the following letter of thanks: Mr. Otto Klum, University of Hawaii, Honolulu, T. H.

Dear Mr. Klum:
Our boys desire me to express sincere thanks and appreciation for the football paraphernalia. I assure you they are enjoying it. It was a fine thing on your part to think of us, and more than ever we are your boosters. Yours very truly, C. A. WESSON, Supt.

STUDENT-BODY TO MEET NEXT FRIDAY NOON

To Decide Issue of Fair Sharing of Profits

Shall the editors and business managers of student publications at the University of Hawaii share equally in any profits that may be derived from those publications, outside of the 25% that is to go to the A. S. U. H. treasury? This question will be brought to an issue Friday, at the noon assembly of the A. S. U. H. The question will be decided in the affirmative if the A. S. U. H. votes to approve the action of the A. S. U. H. at the final meeting of the last academic year, in June.

TO SHARE PROFITS
At the concluding meeting of the A. S. U. H. last semester, Prof. John M. Baker, faculty advisor of Ka Leo, presented a motion to give the editors of student publications an equal split of profits with the business managers, over and above the 25% profits which belonged to the A. S. U. H. After deciding that the motion was legal and that the assembly was in a position to vote on it, President Daniel K. Aihoa put it to a vote, and it was carried by an overwhelming majority.

Four Men Are Named As U. H. Debate Team

Chun, Yoshida, Fong, Kido Picked; Finals Later

Four debaters were chosen at the final tryouts held last Wednesday evening, to represent the University of Hawaii against the Oregon debating team. Those selected were Ah Ho Chun, Shigeo Yoshida, Ah Leong Fong, and Mitsuyuki Kido. The other contestants were Walter Mihata, Quan Lun Ching, and Kam Tai Lee. Shunzo Sakamaki, who participated in the Oxford-Hawaii debate, was the chairman of the evening. The judges were Professor K. O. Leebrock, Professor Lockwood Myrick, Professor J. M. Baker, and Dean A. L. Andrews.

Within a short time, the names of the three men and the alternate will be announced. In the meantime, the four are working hard under the direction of Professor Baker, coach of debate.

The tryouts revealed a marked improvement in the ability of the contestants to use the Oxford style of debate. Each speaker was allowed five minutes for the constructive speech and three minutes for refutation. The rebuttals were full of witty remarks.

ALUMNI NOTE

Miss Jean Sisson, who attended the University during 1924-25, is attending the Vesper George School of Art in Boston.

Lowell Mell Selected To Head U. H. Y.

New Man Will Take Place Held By Dwight Pugh

Lowell Mell has been chosen by the executive board of the student Y. M. C. A. to fill the vacancy left by Dwight Pugh, former full-time secretary at the University. Dwight Pugh had been secretary of the student "Y" for five years, and is now pursuing his studies at Yale.

The new secretary has had broad experience with this type of work, having been at the Central Y. M. C. A. for several years. Mell is a graduate from the University of California, where he made a name for himself as a stellar football player, as well as standing high in his classes.

The University "Y" has already made a good start this year, and Mell should find things fairly well organized when he takes over the reins. The office of the "Y" will still be located just off the main lanai of Hawaii Hall, where the new secretary will hold forth.

Team Leaves For Maui Tomorrow; Ready for Battle

Squad Sails At 4 P. M. For First Game of Season

Jimmy Blaisdell, formerly of West Point and Bucknell, is now enrolled at the University and has been out in football uniform for the past ten days. Coach Klum expects that this team will be considerably strengthened by the addition of Blaisdell to the backfield, where he will play either half or quarter. Blaisdell has played full formerly, but Klum can probably use him to more advantage elsewhere. Another quarter who will get his chance the day after tomorrow on Maui, is Jimmy Glover.

The team will leave tomorrow afternoon for Kahului, Maui. They sail at 4 p. m. on the Haleakala. Nearly the whole squad is going.

The showing made during the past week, and the results of last Saturday's game, indicate that the Rainbow Warriors are in good shape for the coming battle with the Alumni outfit. Some polishing is yet needed, of course, but the rough spots will wear off after a few initial scrimmages.

The lineup which will start the game Saturday is still uncertain. Probably Kao, McFarlane, Whittle, Holt, McQueen, Herbert, Smith, Towse, Friel, Jensen, Wriston, Weight, and W. Holt will appear in the initial stages of the game.

Women Can Take Dancing, Dramatics Given at Y. W. C. A.

WOMEN'S ATHLETICS
Clog-dancing and dramatic games are included in this year's athletic program for women. Two dancing classes will be held at the Y. W. C. A. on Thursday afternoons, one at 3 p. m.—3:30 p. m., and the other at 4:30 p. m.—5:15 p. m. after Oct. 10. Some natural dancing may possibly be included in this course.

Dramatic games with some added work on pantomime will also be taught by Miss Gay at the Y. W. C. A. on Wednesday afternoons. This class will meet at 3:15 P. M. and last for an hour or an hour and a half.

The swimming tank will be only half full for a week beginning October 10 for the benefit of the girls' Beginners Class in swimming, Miss Gay announces.

Another important announcement is made by Martha. She wants all women students who enrolled in physical education classes to be conducted on the University grounds to come and sign up for lockers. Locker fees are \$2.50 a year. Martha will be at the girls' locker rooms from 7-12 A. M. on Mondays, Wednesdays, and Fridays; and in the afternoons on Tuesdays and Thursdays.

COVERAGE FOR DEBATE FOUND

Local Businessmen Willing To Back University

Are business men of the city interested in activities of the University other than athletics?

Walter Mihata and Hung Wai Ching, members of the committee in charge of finance, appointed by the president by the Hawaii Union to handle the Oregon-Hawaii debate scheduled for Friday evening, October 21, are of the opinion that folks downtown are decidedly interested in any worthwhile project undertaken by the student body of their university. These two recently approached certain men in the business district with the proposition of underwriting the first intercollegiate debate to be participated in by the local school this year. They were informed of the fact that, in the eyes of the business men, an intercollegiate debate was something which ought to be boosted by the community. This statement was backed up by several checks.

The Hawaii Union in its last meeting voted to assume full charge of the coming forensic event. Lack of sufficient funds in its treasury, however, made it necessary for it to solicit the aid of some outside individuals or organizations to furnish the guarantee asked by the Oregon team, the amount being in the neighborhood of \$150. The underwriting simply means that certain business men of Honolulu have promised to cover up any financial deficit that the Union may incur while staging the debate.

"About \$150 have already been either given outright or have been promised us," said Hung Wai Ching, when interviewed. He also announced that Mr. Riley H. Allen editor-in-chief of the Honolulu Star Bulletin has placed the radio broadcasting facilities of that company at the disposal of the Hawaii Union for the evening.

The Union is considering the possibilities of holding a second debate with the visiting team from Oregon. If this plan materializes, the probable question for discussion is the granting of absolute independence to the Philippines, with the local team upholding the affirmative. Inasmuch as the invading team has expressed a desire to hold another competition with Hawaii before going on to the Orient, it is expected that there will be no difficulty in the matter of changes in the original contract.

U. H. Invited To Hold Meetings At Academy of Arts

The Honolulu Academy of Arts, through its Director, Mrs. I. M. Cox, has extended an invitation to the University to make use of its educational facilities.

"We are setting aside Tuesdays," writes Mrs. Cox to President Crawford, "for the special use of classes and shall be glad to make arrangements directly with the teachers for any special Tuesday. I hope your professors will feel free to use the Academy in connection with any of the courses for which it can furnish helpful illustrative material."

Mrs. Cox was a member of the Summer Session faculty of the University of Hawaii conducting a course in "Some Comparisons of Eastern and Western Art."

Faculty Club Tea Is Well Attended

More than 200 women students of the University were guests at a tea given by the Women's Faculty Club of the University last Friday afternoon at the home of Mrs. Frank T. Dillingham.

The house was attractively decorated with bowls and baskets of flowers for the occasion. During the afternoon a musical program consisting of songs by Mme. Eleanor Hazzard Peacock and Mrs. Catharine Knight was greatly enjoyed.

Assisting at the beautifully decorated tea tables were Mrs. Frederick Potter, Mme. Anna von Balzer Dahl, Mrs. John M. Baker, and Mrs. Paul Kirkpatrick.

Ghosts of Bards To Haunt Campus

The ghosts of the wandering minstrels of Germany who have been dead many, many years will soon make their appearance upon our campus, not as they dressed in those bygone days, but in corduroy trousers and broadcloth shirts or such similar clothing of the day.

Here are a few lines from one of their songs which will be commonly heard hereafter: Du bist mein, ich bin dein (Thou art mine, and I am thine) Des sollst du gewiss sein (Of that you should be certain) Du bist beschossen (For you are locked) In meinem Herzen (Within my heart) Verloren ist das Schuesslein (And now the key is lost) Du mußt immer darinnen sein. (So there you must remain.) The meistersingers will be recruited from the courses in German.

Don Blanding Gives Address on Verse At Quill Meeting

Proceeds From Play To Pay for Club Publication

Hawaii Quill, the University of Hawaii literary society, which held its first meeting of the year last Monday night in Hawaii Hall, decided to give a musical comedy in order to raise funds for a magazine which the society is planning to publish this semester.

The musical comedy discussed was "Patience, or Bunthorne's Bride," a Gilbert and Sullivan comic opera. There are many good voices in the Quill and the club is sure that this undertaking will be a great success. There will be a special meeting on Friday night at 7:30 in Hawaii Hall for all those interested in taking part in the comedy. Miss Louis will give a reading of the play and the music will be played.

The President said that she would give a party for the club at her Kahala home as soon as sufficient money to publish the magazine had been raised. When the business of the club was completed, Don Blanding gave an enlightening talk on the art of writing popular verse and read some of his own delightful poems. After Mr. Blanding's talk refreshments were served and the meeting adjourned.

The president, Miss Marguerite Louis, opened the meeting with an address of welcome to the new members and spoke of the splendid showing made by the old ones. The club voted that at alternate meetings there should be a special lecture on modern authors and literature. The old-fashioned spelling matches will be continued. The Quill voted not to increase the dues of one dollar for the year and the president announced that members who have not paid dues will not be allowed to wear their Quill pins until they do so.

If there are any students in the University who are not members and would be interested in joining the club they should communicate with one of the officers, who are as follows: President, Margaret Louis; Vice President, Peggy Harrison; Secretary, Margaret Wong; Treasurer, Ethel Franson.

Jack Myatt Chosen Engineer President

Jack C. Myatt was elected President of the Engineers Club, at a meeting of the remaining members of last year's club, on Tuesday, Sept. 27, 1927.

The office of Vice-President was given to H. W. Ching, that of Secretary to Clarence Koike, those of Treasurer, Recorder, and Sergeant-at-arms to K. H. Lee, John Okamoto, and Jorgen P. Jensen respectively.

Another meeting was held on the following Monday to receive as additions to the Club, all sophomore and junior members who wished to join. Initiation fees will be set at \$1.00, and semester dues at 50 cents, according to President Myatt.

The date for initiations has not been set, but will be published as soon as a program of adequate torturing stunts has been decided upon.

BIG PLAY IS CHOSEN TO SHOW DEC. 2

"Icebound" Selected For First Big Production

"Icebound" by Owen Davis is the semester play which was decided upon by the Dramatic Club last Friday at its first meeting of the year. According to tentative plans, the play will be given on December 2 and 3 at the Punahou Auditorium. "Icebound" was selected as the prize play of the New York season and is said by critics to be exceptionally good.

The setting of the play centers around New England and the plot involves the cold and reserved aristocratic Jordan family. At the opening of the play, Mrs. Jordan is on her deathbed. The children are gathered about her waiting to know how the estate will be divided between the three of them, excluding young Ben Jordan, who is the black sheep of the family. Ben has been an exile because of his guilt of a felonious crime.

JANE GETS MONEY
The will finally discloses that the money has been left to Jane, a second cousin and maldservant of the family. There is also a letter in which Mrs. Jordan asks Jane to send for Ben (Continued on page 2)

Forty Students Taking Course in Economics

About 40 University women this year have registered for the course of Home Economics, conducted by Assistant Professor Miller. Owing to the large number of students, additional classes have been formed.

Advanced Nutrition, which was not given last year, is a study of the nutritive requirements of man, the function of food in the body, and the nutritive value of foods in the diet. Thirteen students are enrolled in this class.

MRS. LEWIS IN CHARGE
Mrs. Dora Lewis, Dean of Women, has charge of Household Management and Elementary Food Preparation and Nutrition. The latter course is very popular this year, the enrollment being all that the laboratory facilities will accommodate.

Arrangements have been made with the Social Bureau of Honolulu and the Queen's Hospital for field practice for senior students in Household Science desiring such training. Miss Eve Fleener is at present taking training at the Queen's Hospital preparatory to become a dietitian.

HAWAIIAN DIET
Research work is being continued this year with special emphasis on the problem of the old Hawaiian diet. Miss Sylvia Dean, senior student will study one phase of this problem. Majorie Abel, graduate student, has begun work on a thesis which will be a study of certain aspects of Japanese and Chinese diets. She is also making a study of the Caucasian diet as a check with the Oriental diet.

Dr. Bachman Finds Waikiki Beach Is Free of Corals

Dr. Paul S. Bachman has come to the University of Hawaii after three years as instructor at the University of Washington. He will assist Prof. K. C. Leebrock here. Dr. Bachman received his B. A. degree from Ohio State University in 1923, his M. A. from the University of Washington in 1924; his Ph. D. from the University of Washington in 1927.

Dr. Bachman declines to voice his opinion regarding Honolulu as yet, but he admits he likes Waikiki Beach.

"I was very much surprised to find the beach at Waikiki so comparatively free from coral. A publicity agent for Hawaii, writing an article in a University of Washington paper, represented Waikiki beach as consisting of much coral and little sand," states Dr. Bachman. This, to his great delight, he found was not true.

As for sports, our new instructor says he is interested in swimming especially, and that he also likes football.

Let's Get Going!

Our first regular game will be on Maui, and unfortunately most of us will be unable to see it. But soon there will be another contest here in which we will participate. With football season thus about to start, it seems about time to get in some good yelling practice, to limber up on our songs, and to show the new students just what they are supposed to do at the games.

So far we have had no yell practice, in fact we will plead ignorance as to the identity of our cheer leader for this year. Have we one? If so, why is he not getting busy? There are over two hundred new students at the University this year, who do not know our yells and songs. Why not get busy and give them some training? Let's have some of those regular old yell practices that we have had in years past.

We have also a new band which is supposed to function at the football games. A few rehearsals with the band and the students working together would not be amiss.

For the Good of All

In spite of the fact that new parking regulations have been put into effect on the campus, it is noticeable that some independent souls still insist on parking their vehicles in places which are supposed to be kept clear.

Of course there is nothing like independent and free thinking, but in cases where this sort of thing develops into plain disregard for the safety and comfort of everyone else, these attributes become rather doubtful virtues.

The roadway on the campus is too narrow, we will all grant, and everyone hopes that sometime the roads will be made wider. But just now there is not much chance of this, so we will have to make the best of things as they are. Ample space for the parking of cars has been provided, and more can be had if necessary. A few persons who continually refuse to regard the new regulations become a menace to all others who use the roads on the campus.

If you are so reckless that you don't care if your old Ford is smashed up, think of the other fellow's feelings. He may think the world of his dilapidated wreck.

Have You Seen Our Team?

They say that there are people in Hilo who have never seen the volcano, people in Honolulu who have never been up to the Pali, and it seems that also there are students at the University who have never seen our football team. It is all a part of the same phenomenon; people do not appreciate that which is near at hand, but must seek afar for the beautiful and the interesting.

In the afternoons, when our Rainbow Warriors are going thru gruelling practice on Cooke field, training to represent the University of Hawaii and its students on the gridiron, the majority of those who watch the practice are people who come from downtown. There are comparatively few students interested enough in the progress of the team to bother to come out once in a while and watch Klum and his charges getting ready for the coming season.

It may seem that it does not matter whether or not students show an interest in the team, but any one who has played on any sort of a team will realize just what it means to have those you are fighting for interested in you.

So if you have any spare moments after 4 o'clock in the afternoon, why not spend a little while once in a while showing the team that you are aware of its existence?

The Thing Called "Honor"

"A liberal or democratic society maintains itself in order and progress by three different methods, each of which represented a more or less distinct domain," says Dr. Henry E. Suzzallo, formerly President of the University of Washington. "At one extreme is the domain of law where society exacts a certain minimum of common behavior essential to peace and order and the preservation of the rights of the individual and the safety of fundamental institutions.

"At the other extreme is the domain of liberty, a field wherein a person may choose and act very much on his own pleasure, without being subject to either legal coercion or social pressure. Such pressure is needed for personal happiness and for that individual variation in human behavior which is the basis for the trial, success, and selective approval of new social folkways.

"Between these two domains is another domain, the great importance of which has not been directly or adequately recognized in recent days. It is what British have called the domain of manners, in the sense in which William of Wyckham used the term when he said, 'Manners maketh the man.' This domain of human behavior will be more readily recognized by Americans if I call it the domain of honor. It covers all that fine fruitage in social and personal conduct where men do whatever they ought to do, not by force of legal coercion, but by act of conscience, or, better still, by nobility of character and personality."—Clipped.

Forlorn Figures

Mrs. Lewis Will Start Calendar

Classes, clubs, and other student organizations are asked to schedule all meetings business or social, in the office of the Dean of Women before the meeting is announced. Conflicts in meetings may be avoided if all organizations cooperate in this. Dean Lewis will keep a calendar in her office for this purpose and students may consult it at any time during office hours which are as follows:

Monday, Wednesday and Friday...
8:30 to 11:30; 1:30 to 3:30
Tuesday.....9:30 to 10:30
Thursday.....
8:30 to 10:00; 2:30 to 3:00

In connection with the new plan for recording the time of social affairs with the Dean of Women, Mrs. Lewis called attention to the statements in the circular of information.

The statements follow:
"Permission to conduct a dance or other social entertainment at which both sexes are present must be obtained from the Dean of Women. Chaperones acceptable to her are to be present at the invitation of the students.

"Tickets to University or group dances or similar parties must not be offered for sale to the general public, but persons not connected with the University may attend if they come as the guests of students or faculty members and are introduced or known to the chaperones."

Ruddy Tong Will Head Printing Co.

Ruddy F. Tong, a graduate of the University of Hawaii in 1925 has accepted the position as manager of the Hawaii Chinese Printing Co., relinquishing his editorship of The Hawaii Chinese News. Mr. Tong feels that there is an excellent opportunity offered him to build up a sound and stable printing concern that will be able to issue a Chinese daily newspaper at a later date.

The Hawaii Chinese News of which Tong has been editor for the past two years was organized through his efforts and initiative in soliciting the support of the leading Chinese concerns in town. It has developed itself to be the leading Chinese paper in the territory.

In an article published in a past issue of Ka Leo, the Hawaii Chinese News was shown to be the leading Chinese paper in subscription among students of the Political Science class, receiving 12 votes as compared to one apiece from the other Chinese papers.

The Hawaii Chinese Printing Co. was recently bought by Mr. Tong. Aside from the handling of general printing, the concern issues a monthly magazine known as the Universal Chinese Review.

"Chicken Inn" Adopts New Native Name

The name of "Chicken Inn" for the women's dormitory has at last been discarded. In its place we have the more attractive and dignified appellation of "Hale Aloha."

Mr. Stock's cheering section was greatly appreciated. We understand that one of the members of the team was heard to remark as he took in the ancient, well worn yells, "God bless you both!"

Petition To Split Net Profits Will Receive Attention

The following petition, brought before the Executive Committee, and posted on the bulletin board, will come up for consideration at Friday's meeting of the A. S. U. H.

At a meeting of the Executive Committee held on Tuesday, October 3, the petition containing the signatures of 12 persons was read as follows:

"That Article VII of the A. S. U. H. Constitution which reads: ARTICLE VII—STUDENT PUBLICATION MANAGEMENT. The Business Manager of Student Publications shall receive seventy-five per cent (75%) of the net receipts from the student publications for the academic year for his services.

"Be changed to read:
"That the A. S. U. H. shall receive twenty-five per cent (25%) of the net receipts on student publications, the remaining seventy-five per cent (75%) to be divided evenly between the business manager of student publications and the editors of the publications, the accounts of the two publications being settled separately."
(Signed) GLADYS A. PEARCE,
Secretary, Executive Committee.

Japanese Students' Association Meets; Prof. Baij Talks

The first meeting of the Japanese Students' Association was held on Saturday evening, October 1, at 7 o'clock in the Nuuanu Y. M. C. A. auditorium. There were about two hundred members present representing the various high schools of Honolulu. Professor Bailey of the University gave a challenging message to the young men and women of Oriental ancestry. He told of his past experiences on the mainland and the attitude of some white people towards Orientals. In order to create better understanding and to become more useful Americans he told the members to give loyalty to the United States.

Jack Wakayama, Freshman at this University and chairman of the association prepared the following program for the evening:

1. Mr. Yoshino's Orchestra
2. Remarks from President Earl Nishimura
3. A Message from Professor Thomas G. Bailey
4. Norman Nagata and his Harmonica Quintet
5. Vocal Solo by Takei, Miss Nakai at the piano
6. Membership Report by R. Sakimoto
7. Refreshments and games

According to the report of Richard Sakimoto there are over 600 members in the organization this year of which 157 are from the University.

The officers of the organization are: president, Earl Nishimura (UH); vice-president, Miss Mildred Nerio (UH); secretary, Miss Yoshiko Kimura (TNS); treasurer, Carl Mirikitani (McK); program chairman, Jack Wakayama (UH); editor-in-chief, Thomas Kurihara (UH); and business manager, Masamichi Narita (UH).

I hear that Adam was considered the unluckiest man in the world because he couldn't flirt with Eve and say, "Haven't I met you before some place?"

DRAMATICNITE PLAYS PICKED

Next Thursday Is Set For First Plays Of Year

Three plays will be given on October 13, at 8 p. m. in the Central Union Parish House by the Dramatic Club. John Devereaux will be in general charge of the evening.

The plays are "The Man On The Kerb," "Matinata," and "Finders Keepers."

The casts are as follows: "The Man On The Kerb" is directed by Juanita Lemon. The Man is played by Joe Swezey. The Woman by Moku Gittel. "Finders Keepers" is directed by Alla Neely, with the following cast: Aldrid played by Phil Peck; Mrs. Aldrid by Dot Anderson, and Mrs. Hampton by Rosalie Young. "Matinata" is directed by Regina Christopherson. The part of Harlequin is taken by Herman Johnson; Pierrot by Allen Moore, and Columbine by Beatrice Newport.

Bergstrom's Music Store is assisting with the properties by furnishing an orthophonic phonograph with all the latest records.

The Dramatic Club has a Dramatic night, every month at which three one-act plays are given, providing the students with chances to do something in short plays. These plays are produced entirely by the students from the choosing of the play, to the coaching and producing.

There is no charge for the Dramatic Night shows, and University students and their friends are assured of a pleasant evening of entertainment.

In order to foster enthusiasm and interest in dramatics among the students, the Dramatic Club plans to have competitive plays between the four classes. Starting in December, the Freshmen are to put on three one-act plays; January, the Sophomores; in February, the Juniors, and in March the Seniors will present their plays. The dormitory contest will be held in April and in May all four classes will present their best play to be chosen from the three one-act plays. At this time the judges will decide upon the winning class.

With such competent officers as Miss Alla Neely, president; John Devereaux, vice-president; Miss Noelani Schwalle, secretary; Edward Keyes, business manager and Tommy Ellis, assistant business manager, the prospects of the Club for future productions are bright.

Big Play Is Chosen To Show Dec. 2

(Continued from Page 1)
to try to reform him. The Jordan children are very disappointed and indignant that the money should have been left to Jane. In the meantime, Jane sends Ben her own money and asks him to come to see his mother from whom he has been separated for two years. Ben comes in spite of the fact that he will be arrested if caught.

The sheriff comes for Ben and Jane pays his bail on condition that he work for her until the trial which is two months hence, takes place.

Act two shows Ben improving after he has worked on the farm. For eight years Jane has been in love with him and is happy at the change in him.

In act three, Jane feels that she has failed and in order to prevent Ben from going away, she gives the farm to him to keep him there. After much persuasion, Jane finally consents to have Ben read his mother's letter and he realizes all that Jane has done for him in order to fulfill his mother's promise.

An interesting love story is woven into this play which excites sympathy for Ben and Jane.

CHARACTERS NAMED

A list of the cast of characters and selections for these parts has been posted on the bulletin board and anyone desiring to enter the tryouts may sign up. The characters are: Henry Jordan, a heavy set man of fifty, worn by his business cares into sort of dull, hopeless resignation; Emma, his wife, a stout and rather formidable woman of forty; Nellie, her daughter by a former marriage who is a vain and shallow little rustic beauty; Sadie Fellows, thin, tight-lipped woman of 40, widow and gossip; Orin, her son a pasty-faced boy of 10; Ella Jordan, maiden lady of 36, restless and dissatisfied; Doctor Curtis, elderly country physician; Jane Crosby, second cousin of the Jordans who is 24 years old and a girl of quiet manner; Judge Bradford, man of about 35 and the leading lawyer of the town; Ben Jordan, black sheep of the Jordan family, years younger than any of the others, a wild, selfish and arrogant fellow, handsome but sulky and defiant; Hannah, middle-aged servant; Jim Jay, large kindly man, of middle age.

Now Tell Me Another

BY THAD COYKENDALL

We aren't really humorous and even if we were, we wouldn't feel like it this past week. Have an idea that its almost as much trouble to read this as it is to write it, except for the difference that a would-be humorist works just as hard or harder than the genuine article for no result.

We have no doubt that the sole cause of the deficiency in subscriptions of Ka Leo to the tune of 200 copies is directly due to the failure of this column to be humorous.

We note in the found articles that someone lost a pair of pants, but has evidently not become aware enough of the fact to claim them. Must have been in the flag rush, and in the excitement the loss was never noticed. At that time we saw many a man just on the verge of losing his, but he always became conscious of the fact in time.

In Econ class the question was asked, "Why do we not call this the age of wood instead of the age of machinery?" We are informed the correct answer was that it isn't aged in wood any more, it's only colored.

How much we notice these days! Everything is spoken of in terms of automobiles! The old excuse that the car doesn't look so good but it has a wonderful motor, finds its counterpart in Cushnie's remark that the best looking girl wasn't always built on a wonderful chassis.

That ad as to the pair of O. D. pants that was found reminds us of the story of the man who left his darling rather hurriedly as he heard her husband's key in the lock. On reaching home and getting ready for bed his wife remarked that he had no undershirt on. "Why John," she said, "where's your undershirt?" "My God!" he exclaimed, "I've been robbed!"

"The man who named me a cow-catcher made a bull," reflected that part of the locomotive, just after having tossed aside the eighth fliver of the day. "He should have called me a can-opener."

Prof. Palmer has a mouse complex. The other day it was two mice in a bowl of jelly that illustrated the transmission of energy in the ether. Then the other night he was unable to attend Hui meeting, so sent in as proxy a dead mouse.

Frosh Girls Learn University Songs

Mrs. Dora Lewis, dean of women, called a meeting of all freshmen girls last Friday afternoon at 1:00 o'clock. A number of things were decided, although only half of the Frosh came. At the suggestion of Mrs. Lewis the freshmen will meet each day at 1:00 o'clock to practice school songs.

The question of whether or not the freshman should wear some mark of distinction at football games was discussed. Miss Ruth Robbins, Miss Annie Akana, and Miss Grace Lam were appointed to talk this idea up and to formulate plans for a Frosh "get-together."

Other meetings will be held in the near future, it is hoped that every freshman girl will be present.

Varsity Team Defeats Kam By One Point

(Continued from page 1)
cohorts. Surprising the young Deans, Harbottle, behind a wall of interference, rushed around right end for a 20-yard gain. He was halted by the Hawaii secondary defense. After several inefficient stabs at the Dean line, Wise shot a bullet pass to Roy who scampered 12 yards before he was finally halted on the Deans' three yard line. On the second play, Wise went over for a touchdown. The try for point was unsuccessful. Kam 6, Frosh 0.

WARRIORS SCORE

Play was resumed on the Dean 23-yard line after Bertelmann had kicked off to Kapu, who ran the ball back 12 yards. After an exchange of punts, Kam took possession of the ball on the Dean 40-yard line. On their first play, Johnny Wise, tore through an off tackle gap, side stepped, spun, and swerved his way 40 yards to the Warriors' second and last touchdown. Holt, the only opponent near him, was neatly taken out of play by Bertelmann. Kerr converted. Score: Kam 13—Frosh 0.

Coach Otto Klum then decided that things had gone far enough. Jacobs and Baker were sent in to help stave off the rush of the furiously charging Warriors. This addition aided the Yearlings considerably and things immediately brightened. The line took on a more life-like look, and Holt, Herbert, Kapu, and McQueen turned in respectable yardage. Keeping up a steady plunging attack, they began to tear holes in the hitherto impenetrable Kam line. The ball was worked down the field on four and six yard smashes until "Rusty" went over for the initial Frosh touchdown of the day. Herbert put the Deans in position for this score by catching a partially blocked Kam punt and running it back to the Warrior 25-yard line. "Rusty" Holt converted. Score: Kam 13—Frosh 7.

FROSH 14—KAM 13

The Yearlings, getting this taste of blood and abetted by several substitutes, including Petersen, Steere, Akau and Shin, went through their second touchdown. After several ineffectual attempts, during which Steere recovered Harbottle's fumble, the Frosh went to work in earnest. Akau gained off tackle and Kapu tore off 10 more on a pretty criss-cross. Herbert plunged through for six at center. Akau carried the ball three successive times for four, four, and 12-yard gains. It was first down on Kam's three yard line. On the second play, Herbert went over for the tying touchdown. Mel Petersen was called back from end and came through with a conversion. It proved to be the winning point. Score: Frosh 14—Kam 13.

After the kickoff and on the next

Rice Is Chosen R. O. T. C. Leader

The following appointments have been announced by the Military Department:

To be Cadet Major, Richard R. Rice. To be Cadet Captains: Percy E. Lydgate; William E. Kaeo; Alfred O. Giles; Bernard Farden; Hakumasa Hamamoto; Warren M. Dease; Pyueng Son Pyuen; Ralph B. Cloward (Band).

To be Cadet First Lieutenants: Daniel P. McGregor; Thomas H. Maeda; Charles K. Buchanan; Quan H. Yuen; Walter P. Arioli; Charles R. Weight.

To be Cadet Second Lieutenants: Nathaniel Chung; Fochi Harada; Chitoshi Yanaga; Antonio I. Cruz; Masami Yamauchi; Richard Sakimoto; Roger Witmarsh; Likio Koga; Edward Towse; Jiro Suzuki; Philip B. Peck.

To be Cadet Master Sergeant: Thaddeus R. B. Coykendall.

To be Cadet Staff Sergeants: Philip Westgate; Walter MacFarlane.

To be Cadet First Sergeants: S. F. Wong; Jorgen P. Jorgensen; Percy E. Smith; Maitland C. Dease; Thomas E. Ellis; Frank N. Thomas; Kam Tai Lee.

To be Cadet Sergeants: Harold Crawford; M. Inaba; R. S. Inoshita; Y. Matsusaka; G. I. Dowson; H. B. Luke; K. Sato; L. Chunn; C. H. Auld; A. Kaumehewa; S. P. Tseu; L. Zine.

We hope soon to hear the last Ford joke, for with the advent of the new Ford we are inclined to think the joke will be on the manufacturers of the other cars.

Kam punt, which Jacobs blocked, Steere fell on the ball for the University. The necessary punch for a touchdown was lacking, however, and after Red McQueen's unsuccessful drop kick, the half ended.

THIRD QUARTER GOOD

The third quarter was replete with thrills. The highlights included several well executed criss-crosses for substantial gains and one successful lateral pass for a gain of six yards. Near the end of this quarter, Kerr punted to Auld, who partially reversed his field and was finally brought down after a snappy 22-yard run.

As the end of the battle approached, Kam launched a desperate offensive and was going great when the final gun sounded. Wise had previously turned in several good gains and a 15-yard pass to Kerr had just been completed.

This game revealed to Coach Klum what new material he can really count on. While the Green and White team did not exhibit any startling prowess, it showed great promises. As for the material uncovered the whole team proved an eye-opener. Holt, Herbert, Akau, and Auld deserve mention. Steere, Judd and Petersen turned in some good work on the ends, the latter contributing the winning point. Jacobs, Wong, and Friel all played a sturdy game on the line.

Company I Wins R. O. T. C. Contest Held Last Week

Company I under the command of Captain Sam Kaeo captured first place in the first R. O. T. C. inter-company competition held on September 30. The officers judging the contest were Colonel Adna Clarke, retired, and Captains Nelson and Gridley of the University Military Training Department. The cadets were judged upon the appearance and execution of commands. Colonel Clarke personally graded the cadets in the training they have received to date. Captains Gridley and Nelson inspected the clothing and appearance of each cadet and graded him accordingly.

The results of this contest are as follows: first, company I score 90.69; second, Company M 89.25; third, Headquarters Company, 88.75; fourth, Company L 88.03; fifth, company K 87.75; and Howitzer 87.69.

HAIRCUTS, SHAVES, NEEDED

Company M took bottom place in appearance (average—93.31); three cadets needed haircuts; one a shave, three had dirty shirts on, one had no R.O.T.C. insignia on his shirt, six had no UH insignias, ten wore dirty belts, one needed to have his breeches washed, five had a disregard for the appearance of their shoes, ten did not take the trouble to clean their rifles. The highest average in appearance went to Company K.

Company I had twenty-seven absences and four lates the lowest in attendance with Company M having the best record of three absents and one late.

COMPANY K UNTRAINED

Company K, according to figures gathered from the results, are poorest trained in the whole R.O.T.C. unit. Ten did not stand at "attention," fourteen executed parade rest incorrectly, three did not "stand at ease" when commanded, and six did not know how to salute correctly. The best trained company is Company I with ten mistakes in "attention," six in "parade rest," and two in "hand salute."

The difference in the grade from the first to the last company is only the small difference of 2.99. The figures given above were taken from the report of the judges. The grades made at these monthly competitions will count toward the final grade made by each company at annual inter-company R.O.T.C. competition to be held on University Day.

More Pre-Medical Students Yearly; Great Problem

A rapid increase in the number of medical students is the situation in all American medical colleges, according to a recent report issued by the U. S. Bureau of Education. There were 80 medical schools and 19,532 students in 1926-27. In 1919 there were 12,930 students; in 1924 17,728, and in 1926 18,840. At that rate of increase, the current year (1927-28) will probably see over 20,000 in our medical schools! The number of graduates has increased from 2529 in 1922 to 3962 in 1926.

Twenty years ago there were 162 medical schools in the United States, with over 25,000 students enrolled, but a movement to eliminate quantity and produce quality resulted in the reduction of both schools and students to the figures given above.

CRAWFORD ADVISES

"It would be well for our pre-medical students to take note of these facts," says President D. L. Crawford, in commenting on the information given out by the Bureau of Education. "There are splendid opportunities in the field of medicine for our young men and women but there is more and more competition to meet because of the constantly increasing number of medical school graduates. It is a prospect only for the ambitious and strong-hearted student who will go in against great odds and stay with it in spite of difficulties. Others had better not waste their time in a medical school."

"Good preparation in the pre-medical course cannot be too greatly emphasized," declares President Crawford. "A student cannot succeed in a good medical school now unless the pre-medical studies have been thoroughly mastered. Our students who intend to go to a medical school cannot afford to regard lightly certain requirements laid down at the University, for these are all planned in accordance with the standard medical school programs."

Crossroads Church Welcomes Students

A dinner coupled with an interesting program of games, talks, and music was given last night from 5:30 to 7:30 at Mission Memorial Hall by the Church of the Crossroads. It was a special reception for students of the community and an opportunity for all to meet new and old friends.

Dean Prize For Best Research Is Announced

A prize fund was subscribed by faculty members in honor of Dr. Arthur L. Dean at the time of his retirement from the presidency of this University. The income from this fund to be used as a cash prize to encourage research work by students. This prize will probably be about \$50.00 and will be awarded annually to a graduating student selected by a faculty committee.

The first award will be made in June, 1929, but the plan will go into operation this year. At the end of the present college year a number of Juniors will be nominated by faculty members as eligibles for the prize and from this group a year later one will be selected to receive the award.

TO STIMULATE WORK

The prize offer is intended to stimulate the spirit of research among upper class students, as the award will be made not only upon the basis of research work actually done by a student but also his or her capacity for this kind of study, taking into account the student's native ability, intensity of interest and the probability of continuation in that work.

The prize will be known as the Arthur Lyman Dean Prize for Research.

They had a good system at the game Saturday; one man would take a Kam warrior down, and to keep him out, Baker would come over and sit on him.

Band Showing Is Good; Review Held

In full uniform for the first time since its organization two weeks ago, the University band went thru inspection last Monday. Captain Nelson was pleased with the showing made under the leadership of the new bandmaster, Ralph Cloward.

At present the band plays several marches and popular pieces and is ready to play at the pep rallies, football games, and other activities about the campus. Although all the members have had some previous training in music, section practices are held on Tuesdays and Thursdays.

Among those in the organization are: Baptiste, Spillner, Smith, Lee, cornet; Vannatta, Maneki, saxophone; Iwanaga, Hanaoka, Souza, Wong, clarinet; Inafuku, Hosaka, trombone; Doi, Alto; Morihara, Narita, baritone; Kaaua, Zane, bass; Chun, flute; Daishi, drum; Whiteman, Howell, McQueen and Muramaru.

MRS. PENHALLOW HAS BRIDGE

Mrs. Richard Penhallow, former University student had a few friends in for luncheon and bridge at her home in Alea last Thursday. Those so delightfully entertained were: Miss Dorothy Anderson, Miss Flora Walker, and Miss Nina O'Day.

You need protection

Impetuous youth thinks lightly of health and life. Games and sports are sometimes dangerous and youth—more than anyone else needs insurance protection.

Insurance costs rise as the applicant for a policy grows older or his health becomes impaired. It is very much to your advantage to investigate now.

We write all forms of insurance and will be glad to tell you of the best kind for your case.

Oregon Debaters Are All Veterans With Good Record Are Making Tour of World; Oxford Style Used

Using the Oxford style of debate, Benoit McCroskey, Avery W. Thompson, and W. E. Hempstead, representatives of the University of Oregon, will conduct a round-the-world debate tour, meeting the University of Hawaii team as their first opponents at the Mission Memorial Hall, Friday, October 21. They will uphold the negative of the proposition, "Resolved, that the foreign nations immediately abandon extraterritorial privileges in China."

The Oregonians will arrive here on October 17 and will leave on October 31. While in Honolulu, they will be entertained at the Pan-Pacific Institute. Radio programs, and a series of side talks and writings may be arranged for the visitors in order that some of their expenses may be met.

IN THE PHILIPPINES

From Honolulu, they will continue to Manila where they will meet the University of the Philippines debating team on the question, "Resolved, that the Filipinos be given immediate independence," again debating on the negative side of the argument. Nagpur University, west of Calcutta, India, will debate the Oregon trio on the democracy question on December 24.

The three men have been coached by J. K. Horner, the head of the public speaking department and coach of debate in the University of Oregon.

ALL VETERAN DEBATERS

Each has been active in student affairs, especially in forensics. Hempstead is a senior in journalism, a three-year varsity debater, winner of the national inter-collegiate peace contest for 1926, general forensics manager and chairman of the forensics committee, vice-president of Delta Sigma Rho, a forensics society, and a member of Phi Kappa Psi, social fraternity, and Sigma Delta Chi, national journalism honorary fraternity.

McCroskey is a senior in pre-law, winner of the state extemporaneous speaking contest at Corvallis in 1924, winner of the state peace contest in 1925, representative of the University of Oregon in the northwest tri-state contest and semi-finals in national intercollegiate constitutional contest 1927, three years a member of the varsity debate team, president of Delta Sigma Rho and a member of Phi Gamma Delta, a social fraternity. Thompson is a law major, representative of the university in the state oratorical contest, a member of the debate team for two years and a member of Delta Sigma Rho and Phi Gamma Delta.

Ka Pueo Arranges Program for Year

Ka Pueo held its first meeting last Monday evening, at the home of Alice Denison, president of the club. It is the custom of Ka Pueo to adopt a poor family during each year, and arrangements were made to select the family. Isabel Hookley was appointed chairman of the service committee, the duty of which is to plan such relief work.

Besides the more serious feature of the evening, the girls discussed possible entertainments for the coming year. From the numerous suggestions showered on Alla Neely, chairman of the entertainment committee, were selected a few ideas which will be presented to the club at the next meeting.

CO-EDS MUST OBSERVE HOURS

Women Students are kindly asked to observe the visiting hours at the women's dormitory, so that a studious atmosphere may be maintained during the day.

Committees Are Formed By Y. M. C. A.

With seven hundred dollars as its goal, the University Y. M. C. A. started its financial campaign last Monday. The campaign thus far has brought satisfactory results although exact figures are not available at present.

As soon as the necessary funds are procured the student "Y" will commence active work. Already various committees have been appointed to expedite the carrying out of the year's program. These committees are:

Religious education committee, under the chairmanship of David Yap; this committee will conduct bible instruction classes and establish groups for discussions.

New students committee, with S. Ogura as its head. This committee will take charge of new students enrolled at the University. Deputation committee, with Samuel Kapu as head of the rural division and Mosses Inaina as head of the city division. This committee will hold meetings and disseminate knowledge of a religious nature.

Boys' Work Committee, with M. Yamada as the head. This committee will conduct works of interest to the members.

Campus activity committee, under the head of Percy Smith. This committee takes up work not covered by the A. S. U. H.

Publicity committee, under the leadership of Thomas Kurihara; this committee will take charge of all publicity and poster work.

U. H. Clinic Tests Many Defectives At Waimano Home

(Continued from Page 1)

were committed to Waimano Home. With a life expectation of some fifty years each, all four children will be supported by the Territory at a cost approximating five hundred dollars apiece yearly, thus costing the taxpayers something in the neighborhood of one hundred thousand dollars.

BOOK IS PUBLISHED

Reviews of "Temperament and Race," a study of the first three years' work of the clinic, recently brought out by Dr. Porteus and Miss Babcock, show a widespread interest on the mainland in the work being carried on here, as well as appreciation of the almost ideal opportunities Hawaii affords for racial studies.

The Saturday Review of Literature says, in part, "Hawaii forms an especially good laboratory. Anglo-Saxons, Portuguese and Porto Ricans have come from the West; Japanese, Chinese and Filipinos from the East. All except the Anglo-Saxons came as laborers in the sugar plantations. They started from the same mark, and their position at the end of the race will be determined by the mental, and temperamental or character traits which each possesses."

The personal credit that these reviews all give to Both Dr. Porteus and Miss Babcock for their work will give added interest to the book on which Dr. Porteus is now working in collaboration with Dr. Wood-Jones. This book, to be called "The Matrix of Mind," will deal with the history of the human mind, Dr. Wood-Jones tracing its evolution from the biological viewpoint, while Dr. Porteus will show its development on the intellectual side.

Mrs. Kirkpatrick Will Head Wel- fare Drive Here

Mrs. Paul Kirkpatrick, '27, has been appointed to take charge of the Welfare Drive work at the University. The Welfare Fund not only helps many of the organizations which provide facilities used by large numbers of University students but also aids several agencies which give part time employment to undergraduates.

Mrs. Kirkpatrick is organizing her work so that all students and faculty members will be given an opportunity to share in putting the drive across.

Captains Selected By Varsity Co-eds

The Green and White Teams of the University Women were organized last Tuesday and Wednesday at meetings in room 107 at 7:45. The Green Team met Tuesday and elected Miss Moku Gittel as their captain for the year. The other candidates were Miss Blanche Bogart and Etta Forbes.

Miss Lydia Cox was elected Captain of the White Team. Miss Eva Young, Miss Helene Bartels and Miss W. Webster were the other candidates.

Miss May Gay, director of women's athletics, spoke about the different sports scheduled for the year. The captains of the teams will make up other teams chosen from their own members. They have in mind teams for volleyball, basketball, and baseball.

Mrs. Lewis, Dean of Women spoke at both meetings on the possible activities and social affairs for the year, and asked all women students to state their preferred activities. The Adelphi Club plans to work out the detailed plans of these activities.

The Physical Education meetings will meet regularly on Tuesdays and Wednesdays at 7:45 until teams for the sports have been finally chosen.

SALLY'S SALLIES

The chap who invents an adjustable engagement ring will make a fortune.

MISS BABCOCK RETRURNS
Miss Marjory E. Babcock of the Psychological Clinic returned last week from her vacation, which was spent at her home in Hornell, N. Y. She gives few details, except that it was thoroughly enjoyed.

Prizes For Econ Essays Offered

Prizes have been offered, through the generosity of Hart Schaffner and Marx, for the best essays submitted in studies in the economic field, by a committee composed of Professor J. Lawrence Laughlin, University of Chicago, Chairman; Professors J. B. Clark and W. C. Mitchell, Columbia University; Professor E. F. Gay, Harvard University and the Hon. Theodore E. Burton, Washington. This has been done in order to arouse an interest in the study of topics relating to commerce and industry, to stimulate those who have a college training to consider the problems of a business career, and to aid in constructive economic thinking.

The contestants will be grouped in two classes according to certain conditions. No degree is required nor age limit set for Class "A," but the contestant must be either a resident of the United States or Canada. The prizes offered for this group are a first prize of \$1000 and a second prize of \$500. Group "B" includes only those who, at the time the papers are sent in, are undergraduates of any American college. Competitors are not confined to topics which the Committee propose, but may choose their own subjects which first must be approved by the Committee.

Essays which do not exceed 250 to 300 printed pages and which excel in the higher qualities of economic insight, grasp of principles, power of analysis and style will be given preference by the Committee. The essays should be inscribed with an assumed name, the class in which they are presented and accompanied by a sealed envelope giving the real name and address of the competitor, together with any degrees or distinctions already obtained. No paper is eligible which shall have been printed or published in a form to disclose the identity of the author before the award shall have been made. Contestants are warned that in submitting more than one essay, contestants may disqualify themselves by disclosing their identity. If the competitor is in Class B, the sealed envelope should contain the name of the institution in which he is studying. The papers in Class A should be sent on or before June 1, 1928 and those of Class B before July 1, 1928 to J. Lawrence Laughlin Esq., University of Chicago, Chicago, Illinois.

Students wishing to enter this contest should see President D. L. Crawford for further information.

Seniors Meet and Plan Year's Work

A senior meeting was held on Wednesday, September 28, at which time temporary plans were drawn for the coming school year.

Two dollars was decided upon as the Senior Class dues. A campaign for dues was planned, the plan being to stage a contest between the Seniors of the two colleges. It was agreed that the losing college should have some penalty imposed. Suggestions that the losing side should treat the victors to a picnic of some kind were made.

Suggestions for a Senior Dramatic night during the latter part of the year were also made.

LETTERS

Dear Editor:

Previous to the contests on the day of the flag rush, a roll call of the Sophs was taken. True to expectations, a number of "Idle Souls" completely ignored their collegiate standing, as Sophs, in spite of frequent warnings. Just what other reasons, if any, kept them away is of little concern to anyone—they were not present for the fray, that was all. Perhaps a most convenient way of giving twenty-eight reasons why the Sophs were defeated may be as follows:

Satoru Aoki James R. Leach
Jesus O. Cayaban Daniel P. McGregor
Chi Kwan Ching Masaru Miyamoto
Thomas M. Daishi Shigeru Morikone
Maitland C. Dease Harry Y. Murakami
Lawrence A. Fer Abraham K. S. Ng

WHOSE LIMOUSINE?

Discussion of "Mental Tests" has received added impetus due to the discovery of a car marked "Psychological Clinic," directly in front of the "No Parking" sign near the University Cafeteria. Can this be explained by the phenomenon known to the laity as "absent-mindedness," or is there some deeper and more complex set of reactions involved? Or, again, might it be a subtle investigation of the reaction of the hypothetical "Mob Mind," at seeing authority openly and flagrantly flouted?

DR. CRAWFORD ENTERTAINS JOURNALISTS

Dean Walter Williams from the University of Missouri, Miss Lockwood from the Star Bulletin Staff, and Mr. and Mrs. Rely Allen of the Star Bulletin were guests of President and Mrs. D. L. Crawford at a dinner at the Crawford home, Wednesday, Sept. 28.
