La Follette Bill for Control and Prevention of Syphilis — Expatriation of Japanese — More on European Situation.

(The writer of this column is given wide latitude in expressing his personal opinions, and his comments on current events given below do not necessarily represent the editorial policy of Ka Leo. Contributions, criticism and general comment will be welcomed—Editor.)

IN an obscure corner of one of the local papers appeared a one-column two-inch story reporting the introduction in the United States senate by Senator La Follette of a bill allotting \$217,000,000 for the prevention and control of syphilis.

Far be it from me to discuss the pros and cons of the bill, but it would not be inappropriate to discuss the significance of such a bill being introduced.

Take the year 1934 as an example. There were 525,000 new cases of syphilis. In other words, syphilis struck one out of ten adults.

Now compare this with data of other maladies of the same year. Scarlet fever had 225,000, tuberculosis 125,000, auto accidents' permanent disabilities 100,000, diphtheria 50,000.

Senator La Follette's bill is a very welcome sign indeed. More encouraging to us is the recent practice of local newspapers of reporting venereal diseases under the data released by the Board of Health on communicable diseases.

STREAMLINED across the front page of a local paper was the headline of the story of Japan's Foreign Minister Koki Hirota's reply to a Diet member concerning the status of second-generation Japanese in foreign lands, especially in the United States. The news story implied that Hirota was of the opinion that all of these "nisei" were to be educated as Japanese, loyal to the Emperor.

George Sakamaki, chairman of the territory wide expatriation drive now being conducted under the leadership of the Hawaiian Japanese Civic Association, inquired more fully on the matter from Japan. His reply and the subsequent statements of Hirota in the various newspapers seemed to indicate that the headline and story was jingoistic. What Hirota meant was that second-generation Japanese, Americans of Japanese ancestry, should secure the best of Japanese culture and thereby become good American citizens. Most of you will agree that this will hold true to Americans of any ancestry, regardless of race.

Censorship of our speech, action and thought is unthinkable by any democratic country but one step toward this condition would be to believe everything you read in the newspapers.

THIS world moans over modern political trends. War is bound to come and it will come if we don't do something in the meantime. Italy and Germany in Europe and Japan in the Far East are disturbing the status quo which endangers peace.

But blaming Germany, Italy or Japan can never bring about peace and security. We must go deeper and find their causes for wanting to disturb peace, and then try to solve the problem.

Treaties and agreements do not bring peace. Peace is made in the hearts of men. At times,

## Six Beauties Win Campus Queen Titles

Eighteen Finalists  
Appear Before Five  
Judges In Contest

Six coeds representing six "racial" groups on the campus were adjudged the most beautiful out of the 18 bathing-suit-clad contestants that paraded before the discerning eyes of five judges in Hawaii hall 214 on Thursday. Herbert Choy was in charge.

Audrey Kirk, Caucasian; Barbara Smythe, Caucasian-Hawaiian; Gertrude Kamakau, Asiatic-Hawaiian; Amy Chang, Chinese; Mary Lee, Korean; and Marjorie Carter, cosmopolitan, were chosen as having the best carriage, features, form, hair, teeth, hands, and personality.

No contestants from the Japanese group appeared. To make this beauty competition truly representative of the campus a special contest of this class will be held at a later date.

The judges were Gordon Chadwick, Jerry Chong, Paul de Gaston, Merle Ogden, and Seymour Thompson.

Previously, 32 participants were listed to take part in this contest but for some reason or other, nearly half dropped from the parade before the judges. A few could not be relieved from practice teaching.

All of the participants will go offport to greet the visiting Washington cagers next Thursday.

The eighteen finalists were: Caucasian—Helen Harmon, Barbara Hudnut, Audrey Kirk, and Ruth Murphy.

Caucasian-Hawaiian — Edean Ross, and Barbara Smythe.

Asiatic-Hawaiian — Puamana Akana, Gertrude Kamakau, and Juanita Wong.

Chinese—Muriel Dunn and Amy Chang.

Korean—Beatrice Choo, Mary Han, Mary Lee, and Miyo Hee Lee.

Cosmopolitan — Marjorie Carter and Gertrude Furtado.

Ka Leo staff members felt they could not keep a secret so the earliest opportunity was taken to reveal the names of the winners.

## Fiesta Prevue To Be Shown

Washington Series Will  
Boost ASUH Carnival;  
Tickets Now On Sale

Fans attending the University of Washington basketball series to be held at the Civic Auditorium will be given an inkling of what the Rainbow Carnival will be like.

Between halves of the basketball games, short parts of several of the feature entertainment attractions will be put on to advertise the ASUH carnival. Besides publicizing the affair, proceeds of which will be used to furnish the men's and women's lounges of the University Union building, the attraction will be the intermission entertainment.

Plans for the Rainbow Carnival are proceeding rapidly. Committees are seeking attractive prizes to be awarded in the concession booths. Tickets for the "Carnival Dance" on Saturday evening, April 2, have been distributed to different campus organizations and are being sold.

Colorful posters advertising the second such undertaking of the Associated Students have been made by John Han.

Campus clubs are considering various decoration schemes in order to win the special award offered to the best decorated booth. Clubs undertaking to sell refreshments are also considering using novel costumes in order to make the carnival as colorful as possible.

## High Tor Cast Departs Today For Halekipa

Actors To Rehearse  
Caucasian Play  
In Seclusion

Members of the "High Tor" cast will spend the weekend at Camp Halekipa, Kokoiki, rehearsing, Director Arthur E. Wyman announced yesterday.

The thespians will depart for the "dramatic retreat" late this afternoon and return late tomorrow.

Rehearsing in seclusion, away from the usual Farrington hall locale, is expected to produce better results as well as relieve the monotony of weeks of steady work, according to Director Wyman.

The cast will be accompanied by a few members of the stage crew who are also expected to discuss scenery technicalities with the director during the time at camp.

The complete party going to the camp includes: Arthur Wyman, Stanley Bento, assistant director; John Kelly, Molly Webster, Alice Sullivan, Cyril Helton, Robert Doe, John Foster, James Carey, Kenneth Powers, Bob Cato, Herbert Choy, Everett Rolff, Thomas Starcher, Charles Judy Jr., Bob Hughes, Robert Stafford, Miss May Gay, Elizabeth Young, Earl Hagemann and Lewis Howard.

All participants in the Ka Leo-Ka Palapala Beauty contest will meet in Hawaii hall 22 on Wednesday, March 23, at 12:45.

Matters of great importance concerning the reception of the Washington cage team will be discussed.

## Gillis Orders ROTC Changes

Eight Cadets Promoted;  
Twelve Corporals Demoted  
As Four Are Transferred

Ordered to wear corporal chevrons the second semester as indications of their offices were eight newly-appointed ROTC cadets who have been promoted by the military department. Twelve appointments of corporals were terminated by the same order.

Promoted were Arthur Holt, John Warner, Mun Charn Wong, Takeichi Takemoto, Masutoshi Kuwata, John Pringle, Howard Miyake and Melvin Lepine. Transferred to different companies were Cadet Corporals Kaoru Akamatsu, Masayuki Matsunaga, John Kelly and Stanley Kam.

Major Marcel A. Gillis, professor of military science and tactics, published the 10th special orders effecting the changes.

## Famed Thespian May Be Heard In Recordings

Recordings from the play, Richard II, featuring the nationally famous Maurice Evans in the title role, will be played at the musical half hour Wednesday afternoon at 12:45 in Farrington hall.

The program is being sponsored by the University of Hawaii Theatre Guild. The speech of Mr. Evans in this play has won acclaim throughout the country.

The play itself had failed as a box office attraction several times before Mr. Evans was given the opportunity of performing in it. Produced last season in New York with Mr. Evans in the lead, the play skyrocketed to general public approval, culminating in a road tour of the country.

## Scraps That Pass for Notices

Nobody knows better than we do that the depression is not over but there is such a thing as carrying this economy thing too far. Every time you go to the campus mail box to look for that important note, you have to search through a litter of microscopic strips of paper. If there happens to be a wind you may have to spend half an hour picking up the trash blown away by the slightest breeze.

The attempts of the club secretaries to save paper are highly commendable as far as they exemplify thrift, but there is the factor of inconvenience to be considered. Strange to say, the largest clubs are the worst offenders. Why can't club secretaries use reasonable sized pieces of paper for their notices?

Plans to operate typical Iowa farms are under way at Iowa State College. Each of the farms will be under the supervision of a local county commissioner. An "agricultural foundation" gift of an anonymous donor, was established for the "improvement of Iowa agriculture."

If you go to Lewis Institute of Technology you can hire someone to think for you. One student there has started a card index of students who complain they forget such vital details as their sweethearts' birthdays or when they last had a haircut.

All that embarrassment is now eliminated. Instead of running around with their fingers tied up in strings they call their remembering service. The service thumbs a card, and presto, up comes the dope!

"Bismarck" is just a dog, but he has been pledged by an Ohio State University fraternity. They claim he is the only canine in the world officially affiliated with a Greek letter organization.

Picked up last winter, freezing and half-starved, the lanky, tan dog lives at the Zeta Beta Tau house. He nearly caused his fraternity to sever diplomatic relations with the sorority, Alpha Epsilon Phi, recently. Walking into the feminine headquarters, the dog was ordered out by one of the coeds, who later admitted she did

not realize she was addressing such an important personage.

Immediately, every Zeta Beta Tau present rose in anger and stalked out of the house behind this canine pledge-brother. Before the injured brothers would return, they called for, and received, a suitable apology.

"More marriages are wrecked by college-trained girls not working and having too much time on their hands, than by their working," Dr. James McConaughy, president of Wesleyan University, thinks that it is unfair to force a young wife who could earn some money for herself, to beg her husband for spending money.

## University Students Offered Pacific Area Scholarships

Mainland college and university experiences are vividly portrayed in letters recently received from 19 students who are now studying in mainland colleges and universities as a result of the Pacific Area Scholarship Plan.

At the close of this academic year these students will return to the University of Hawaii to carry on their studies started here, and

some 25 or more students now in the University of Hawaii may be selected to replace the first group or take up studies on the mainland.

The Pacific Area Scholarship Plan is being promoted by the Territorial Young Men's Christian Association and is not an Exchange Student plan. Some 25 mainland institutions are offering scholarships to deserving and qualified University of Hawaii students, through the channels of the Pacific Area Scholarship Committee consisting of Messrs. Stanley Livingston, chairman, Theodore Richards, George Sakamaki, Ralph G. Cole, James Leong, Mrs. Ruth McMurtry, Dwight Rugh and Hung Wai Ching. The purpose of this committee is to provide students from Hawaii an opportunity for a year's study in the mainland colleges and universities, and to give students in those institutions an opportunity to know more of the culture of the Orient and Hawaii.

The committee seeks to select University of Hawaii students who have completed the sophomore year and to assist them in experiencing one year's study in a mainland college or university. Students finishing this year of study on the mainland are expected to return for the final year and graduate from the University of Hawaii.

The committee is interested in sending students who have shown ability to do independent thinking and who are relatively more mature and determined to carry on their vocation here in Hawaii. Students of this calibre, either men or women, who are desirous of a year's mainland college experience before graduating from the University of Hawaii, and who require some scholarship aid, are invited to make application for such aid. In some cases specially qualified freshmen or junior students may be chosen.

Further information concerning the institutions in which scholarships may be secured, and other details may be obtained from Hung Wai Ching, secretary of the committee at the Student Information Bureau of the Nuuanu YMCA. Students desiring to have interviews may also see Mrs. Ruth McMurtry of the University YWCA, and Dr. Dwight Rugh of the University YMCA.

There are now 25 colleges and universities participating in the Pacific Area Scholarship Plan including Coe College, Ohio Wesleyan, Park College, Centre College, Springfield YMCA College and the following:

Baker University, Ball State Teachers College, Baylor University, Butler University, Hillsdale College, Illinois College, Illinois Wesleyan, Knox College, Marietta College, McMurray College, Millikin University, Morningside College, University of Missouri, North Central College, Southern Methodist, Southwestern College, University of Denver, Wabash College, William Jewell College, Wittenberg College.

## ROTC Heads Halt Book Learning; Cadets To Begin Warm-up Drills

By Ima K. Dett

Ten-pound rifles will be lugged around yet!

In answer to Ima K. Dett's moans of the lost days of officers' glories, sponsors' flourishes, and cadets' stories, the military department has announced the resumption of field drill and tramping up and down Cooke field the first week of April.

One day to get the kinks out of the kneecaps and to relearn the already forgotten manual of arms as well as to reorganize the battered companies, the entire unit will go through a practice parade in preparation of a gala tribute to

high dignitaries on April 11.

Several drill hours previous, the cadet officers will go through a ghost parade, without any soldiers, so as to perfect the drill and precision of the corps.

Sam Browne belts, holsters, puttees and leggings are receiving tender care these days. The rifle and pistol racks are being visited to see that culprits do not walk off with the weapons, and mama's irons are being stealthily used in the corner, out of sister's view. Officers' lost glory will climb to greater heights within a few sunrises and the University ROTC regiment will march again. On to Rome! Caesar, we come!

## Students in Hawaii Know Location Of States Better Than Mainlanders

By Isabella Aiona

University of Hawaii students know their United States geography better than do students on the mainland, according to tests given by Dr. J. Edward Hoffmeister, noted coral authority and visiting professor of geology.

In the tests, students were given blank maps of the United States and requested to fill in the names of the various states. On the average they made a better score than did students in the University of Rochester.

Comparing the University of Rochester, at which he is professor of geology, Dr. Hoffmeister found the two universities very similar. "There is a similarity in atmosphere and mental attitudes between the two campuses," he said.

"Our football team is not very good," he continued. "Those chiefly interested in athletics prefer to go elsewhere. The University of Rochester is one of the few colleges on the mainland that does

not encourage subsidization of athletes."

Parelleling the fame of the University of Hawaii's Oriental Institute is the Eastman School of Music at Dr. Hoffmeister's home college.

Dr. Hoffmeister teaches geology classes here and spends part of his time at the Bishop Museum doing research work on corals. He formerly conducted expeditions to the South Seas to study coral and reef structure of the Fiji and Tonga islands in connection with the University of Rochester and the Bishop Museum.

A student at Adrian college has earned his way through school by landscaping the college campus. Coming to Adrian after financial stress forced him to forego his educational pursuits at the University of Illinois, he approached the college authorities and proposed that he landscape the entire campus, which was in a bad state of neglect, in lieu of his tuition.

## Gillmen Fail To Crash AAU Championship Round

### Pioneers Meet Wailuku For Senior Title

**Final AAU  
Cage Games**  
7:30—Log Cabin vs. Wailuku AC (senior).  
8:30—O. K. Soda vs. Palama (junior).

Failure to score a win over Wailuku last night on the U court floor, cost Luke Gill's University senior cage five a chance to take a crack at the AAU Territorial basketball title.

The Deans gave in to the quintet from Maui in a bitterly staged game, which finally ended by a 32 to 27 score. Log Cabins trimmed the champion ASUH Dragons 38 to 36 in the other game of the evening.

As a result of their victories, Wailuku and the Pioneer Log Cabin five will meet tonight for the Inter-Island senior cage flag. O. K. Soda will play Palama Settlement's young five for the junior cup, in the curtain raiser this evening.

### Cockett Leads

Inability to prevent Frank Cockett, Wailuku's ace running guard, from finding the hoop was the cause of the Deans' downfall. The earstwhile Rainbow cager found the meshes for 15 digits.

Captain Tommy Kaulukukui once again stood out for the Deans with his brilliant shooting and guarding. Little brother Joe also played outstanding ball for the Deans.

In the other game sharpshooting Tull and the Pioneer's sturdy guard Sturtevant turned in crack performances. It was mainly through the two's efforts that the Pioneers clinched victory.

## Handicap Matches Get Underway

The results of the other matches are as follows: Stanley Bento defeated Robert Wong (frosh), 6-0 and 6-3; Robert Wong (sophomore) defeated T. Ujiki, 6-3 and 6-4; Bernard Kau defeated Jack Pyo, 6-2 and 6-2.

Tommy Chang defeated Toshimi Tatsuyama, 6-0 and 6-4; Norman Tsukazaki won defaulted match from William Grieves; Albert Kai defeated Clifton Takamura, 6-0 and 7-5.

## Ka Leo Announces Noon-Hour League All-Star Selection

By WALTER CHUCK  
Assistant Sports Editor

Due to the large number of teams entered in the recently finished interclub noon hour basketball league and because of the close competition offered by these teams your scribe and director of intramural athletics, Ralph Yempuku, have decided to pick an all-star list from the first series and from the round robin series.

We decided to select only one team from each series. The teams chosen, we believe, would be able to defeat any other combination from their respective series.

Our selection was based on three points: first, the number of games played; 2nd, consistency; and finally, the candidate's value to the team. Therefore, many good and outstanding players who, in the readers' opinion deserved a place on one of the squads, were left out.

### Loo and Hiroki

In the round robin series, competition for the forward berths was stiff. However, Franklin Loo and Howard Hiroki, of the CSA and Episcopals, respectively, were given the nod over the others. Both Loo and Hiroki were consistent shooters and accounted for many points made by their respective teams. Loo was noted for his side shots, and Hiroki for his under basket shots.

For the center berth we have Harold Kometani, the spark plug of the championship Episcopals. Kometani was an excellent shooter and an outstanding guard. Kometani was the nucleus of the

champion Episcopals.

After much discussion we decided to have three players for the two guard berths. We could not determine which two were the better. Stanley Saiki, Harold Fong, and Melvin Tsuchiya were excellent guards and had much to do in enabling their respective teams to participate in the round robin series.

### First Series Selection

Once more Howard Hiroki was our selection for one of the forward berths on the all-star selection of teams participating in the first series. This selection had no bearing on, nor was it influenced in any way by the round robin selection. Tai Hee Lim of the TC club easily grabbed the other berth. Lim was a consistent high scorer and spelled trouble to all of his opponents.

Sadao Tsumoto was the Commerce club's mainstay and a player who found the basket for points consistently. Although his team was not of championship calibre, Tsumoto played so well and hard that his opponents respected him and his team.

Once again three guards were selected, and once more Stanley Saiki made the team. The other two guards were Sam Watanabe, the outstanding guard from Hakuba Kai, and Richard Tatsuyama, manager and player of the fighting YMCA's. Both of these boys were fine and steady players.

## Indoor Volleyball Slated to Start Next Month

At a meeting of club managers held Thursday at 9:30 an interclub indoor noon hour volleyball league was established to begin on the first week of April. All games will start at 12:30 in the gym.

There will be two divisions, the unlimited and the 5 ft. 7 in.

A tentative plan was drawn up whereby each club entering the various intramural sports will pay two dollars and a half for the whole year, and the pooled sum will go towards giving the winner of each sport a dinner.

# Searle Maps Entertainment Program For Cage Invaders

"Before the Washington Huskies leave, Honolulu is going to be basketball conscious," promised Graduate Manager Theodore Searle in disclosing plans for the reception and subsequent entertainment of the mainland cage invaders.

The Huskies will arrive on the Lurline Thursday morning, March 24. Fifteen co-eds are to be specially chosen to greet them off port and the university band is seeking permission to accompany the crowd which is expected to parade the visitors through town.

On the evening after their arrival, the team will leave for Kauai where they will play two games with Garden Island teams. They will be back in Honolulu the following Monday morning and will be feted at a reception by local Washington alumni at the Moana hotel.

A pineapple cannery and a sugar mill are among the points of interest to be shown the visitors and they will, in turn, hold the first basketball clinic Honolulu

has ever seen in which both the coach and the players will participate.

On the 29th a visit to the Waialua plantation is in order. While at Waialua, they will engage four plantation teams in a game. Each of the teams is to play one quarter of the contest.

They tangle with the Deans at the university gym on the evening of the 30th and will play two separate games; one with the ASUH champions and the other with the ASUH All-Stars the following evening.

Friday, April 1, is the date slated for their departure.

## Report Shows 140 Deficient

**Scholarship Requirements Drop 55 Students; 4 Regain Scholastic Standing**

Statistics released from the Student Personnel office reveal that a total of 140 students have been placed on the grade point rule for this semester. Seventy-seven of these date their placement from after the mid-year exams while 66 are continuing their probation period which began in the summer of 1937. The rule requires that a grade point average of 2 be made to balance the deficiency of the previous semester or year.

An aggregate of 55 students has been dropped for poor scholarship. Only 27 of these attempted to secure permission to make up. The remainder would have been refused even if they had done so.

Four have been restored to good standing after one semester on the grade point rule.

## Five Students Injured In Auto Accident

As a result of injuries sustained in an automobile accident, which took place Thursday afternoon, at Wilder and Makiki streets, Walter Mookini will be lost to the varsity basketball squad for the rest of the current season.

Mookini, a regular forward on the cage squad, is at present laid up with a broken right forearm. He has also been slightly bruised.

The car in which Mookini was riding, was hit by another vehicle and as a result tipped over on the road. Riding with him at that time was Buddy Brown, member of the school soccer squad, and Mike Kinoshita. Hartwell Blake was also in the car at the time, but he escaped injury.

Both Kinoshita and Brown came out of the accident with bruises and cuts. The former is at present laid up with internal injuries. Buddy will be lost to the soccer team for the remainder of the season.

## Glimpsing the News

(Continued from Page 1)

signed documents may stop conflicts but peace without justice, like the Versailles treaty, brings about conditions like today.

When all of us realize justice in peace, then, we may find everlasting peace. In the meantime, we may have to be cruel and inconsistent because of the ignorance and prejudices of mankind in order to gradually change our international relationships. The other alternative would be to plunge ourselves into a war that will be more cruel, inhuman, destructive and terrible than ever before. From this we may be fortunate enough to start again if there is anything with which we can start.
