John Phillips Resigns From BOG Post; Governors Ask 'Reconsideration' Of Action

Sinclair To Recommend Alumni's BAC Plan

Will Decrease Faculty Posts From 8 To 3

President Gregg M. Sinclair announced Wednesday he will recommend the UH alumni association's board of athletic control reorganization plan to the board of regents at their next meeting, Friday, Jan. 21.

The association had appealed to President Sinclair for a redistribution of the number of representatives to BAC from the faculty and alumni. Under the association's plan, faculty and administration personnel on the board would be reduced to three, the alumni would be accorded an additional member, while student representation remains unchanged.

AT PRESENT, membership on the BAC is composed of eight persons from faculty and administration, Dr. K. C. Leebrick, Dr. Paul S. Bachman, Dr. Willard Wilson, Mr. Iwao Miyake, Dr. Hubert Brown, Mr. Joseph Skorpen, Dr. Bruce White, and Col. George Honen.

Representing ASUH are President Warren Higa, Claude Takekawa, and Barry Rubin. The alumni delegates are Mr. Herbert Keppeler and Adolph Mendonca.

PRESIDENT Sinclair disclosed also that he will ask the regents to keep the director of athletics and Mr. Skorpen, university treasurer, on the board as ex-officio members.

The alumni's request was originally directed to the council of deans last Tuesday. At that time the association urged "immediate" reorganization of BAC, which governs all Varsity sports here.

IT IS PRESUMED that the regents will approve President Sinclair's recommendation, although ASUH members on the BAC voiced their disapproval of the plan because, in their opinion, the alumni had not merited an increase in representation.

(Ka Leo also expressed dissatisfaction with the reorganization on the same grounds. This paper questioned the alumni's support of the university's athletic program, and their selection of Mr. Mendonca, treasurer of the Hawaiian Warriors, a professional team, as a member of the board.—Ed.)

NON-TECHNICAL 'Social Process' Valuable Source For Plays: Kim

"Students who have not yet secured a copy of 'Social Process' are passing up a valuable source of material for their plays and English compositions," according to Stanley Kim, Sociology club president.

Written in a non-technical style, the booklet, now on sale at the bookstore, contains articles dealing with social problems in Hawaii.

IN ADDITION, President Kim points out that "Social Process" serves as an excellent gift.

"Friends on the Mainland will find much information in it to give them a better understanding of life in the Islands."

10 EARLIER, 10 LATER

Deans Propose Lunch Extension Plebiscite

By VIRGINIA MCGREGOR
Ka Leo Staff Reporter

A student plebiscite on the proposed lunch hour extension was recommended to the ASUH council by the council of deans this week.

Beginning classes 10 minutes earlier in the morning and 10 minutes later in the afternoon was the sole proposal the deans suggested for the student council's consideration.

Sinclair Visits Kauai; Plans Two Day Stay

President Gregg M. Sinclair will leave for Kauai today on a two day business trip.

The president is also scheduled to tour Maui next week. While on the Valley Isle he will address the Junior Chamber of Commerce on "The Significance of the University of Hawaii in 1949."

IN HIS TALK on Maui, he will attempt to show UH's relation to the present world situation. "Asia is growing and Hawaii is in the trough of history," said President Sinclair in explaining the topic of his speech.

A trip to Hawaii is scheduled Jan. 25. The president will remain on the Big Isle three days.

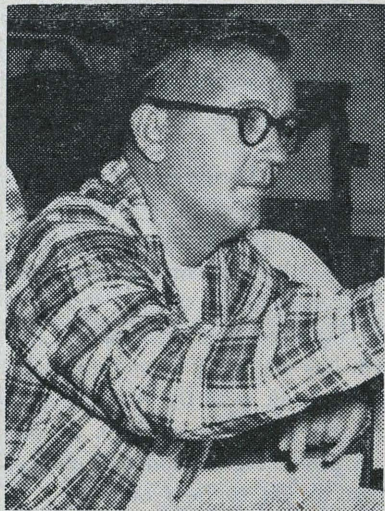

Dean Paul S. Bachman will accompany him to Kauai and Hawaii.

SPEAKING FOR the deans, Dr. Paul S. Bachman advised, "Students should be asked to vote either 'yes' or 'no' when the plebiscite is conducted."

No positive action was taken on the extension question because, Dean Bachman said, "Relatively few students have expressed themselves on the subject, and these few have agreed to no specific change."

HE COMMENTED, however, "If the students vote to initiate a specific change in the lunch period, the deans will then take action."

The extension matter was brought to the deans' attention by the ASUH Liaison committee, headed by Councilman Barry Rubin. The committee had concluded a straw poll which disclosed that 59 per cent of 472 questionnaires returned favored some type of lunch hour extension.

JOHN PHILLIPS

3273 ASUH Members Participate In 49 Campus Organizations

An estimated total of 3273 members are participating in 49 ASUH recognized campus organizations, it was disclosed in a report from the bureau of student activities.

The total, which was based on figures submitted by the various groups, does not take into account the overlapping of membership between organizations.

HEADING THE list with 300 members each are the YWCA-YMCA and the Newman club. The Teachers' College club is second with 275 participants, followed by the Commerce club with 209.

HELP SELL UH TO TH LAWMAKERS

President Higa Appoints Inouye, Rubin, Shim To New Committee

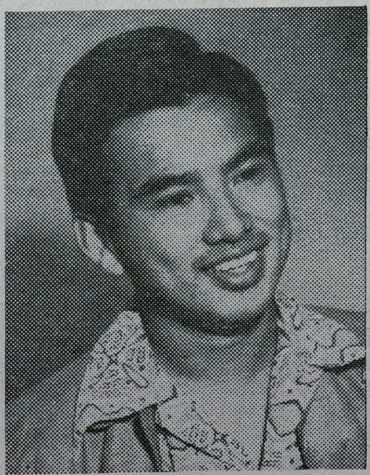

DANIEL INOUE

Two juniors and one senior were named to form the important ASUH Legislative committee which will "help sell the university to the Territorial legislature" next month, it was announced by President Warren Higa during a press conference Wednesday.

Juniors Daniel Inouye and Barry Rubin, and Senior Alvin Shim were the presidential appointments.

ACCORDING TO President Higa, this committee will work in close coordination with the UH board of regents in presenting the university's needs to the legislature when it meets to consider budget requests in Feb.

No further details were available concerning the committee's plan

ALVIN SHIM

of action, pending the appointees' initial meeting. President Higa pointed out, however, that more members of the committee may be added should conditions warrant.

THE THREE committeemen are well known in campus circles. Shim is president of Atherton house club, a member of Hawaii Union and Pre-legal club. He also directed the political rally staged here before the last general election.

Rubin is Junior class representative on the student council, member of the BAC, Hawaii Union, Pre-legal, and numerous other student organizations, while Inouye chair-manned the Pine Bowl committee, and is commander of the Disabled War Veterans in Hawaii.

BARRY RUBIN

'Dear Senior' Mag Available For '48 Grads On Mainland

A pictorial magazine entitled "Dear Senior," which records various events of the class of 1948, has been distributed to last year's graduates residing in Hawaii, announced Ralph Miwa, editor.

Students who know any '48 graduates attending Mainland schools are advised by Miwa to get copies of the magazine at the office of the director of athletics and send them to their friends. Mailing envelopes will be available at the DA's office.

Dr. H. Roberts To Preside At Crucial Space Hearing Meeting With WCC, MFC Is Scheduled For This Weekend

In a sudden and unexpected move, John Phillips Tuesday handed his resignation to Hemenway hall board of governors' Chairman Howard Lau, thus terminating one and a half years of service on the board which has been the center of controversy since last Sept.

BOG, however, Wednesday night acted upon the suggestion of Chairman Lau, and voted unanimously to request Phillips to "meet with the board in an attempt to have him reconsider" his resignation.

PHILLIPS, IN A prepared statement to Ka Leo, explained the reason for his dramatic action. "I can see no indication on the part of the board to realistically identify their problems, as being the needs of the students, and not the appeasement of minority groups."

"I will not be a part of selling the students' \$250,000 plant down an administration-faculty dominated river."

BOARD MEMBERS present at Wednesday night's meeting expressed regret that Phillips had taken this step which, in the words of one governor, "might very well jeopardize not only this board, but those in the future."

Phillips, who is also ASUH vice president, could not be reached Wednesday night for comment on the board's action. He did intimate previously to Ka Leo reporters that he considered his resignation "final under any circumstances."

MEANWHILE, EVENTS on the BOG front of activity rapidly were reaching a head as a result of two meetings this week. Racing against time to beat a Jan. 21 deadline.

'STRONG HUNCH'

Police Narrow Suspects In Snack Bar Mysteries

Police are working on a "strong hunch" in connection with the recent dual robberies of the campus snack bar, it was reported Wednesday by Detective Bill Chun, officer in charge of the cases.

Detective Chun said the department is employing the "process of elimination" in trying to solve the mystery, but that he has a "strong hunch" in mind as to who the thief is.

HE DECLINED to give any further details at the present, but informed Ka Leo that fingerprints uncovered at the scene of the crime had not yet been processed up to Wednesday.

As soon as the guilty person is arrested the university will be notified, he said.

As We See It...

No Cause For Alarm

The recent stories in the metropolitan newspapers concerning the move to oust Tommy Kaulukukui as head coach should be viewed with interest but not alarm by the student body. There is as much chance of replacing Tommy as there is of sinking this island with a firecracker.

President Warren Higa, in his letter Tuesday to the Star-Bulletin, summed up campus opinion perfectly when he said the student body is more than satisfied with Tommy's ability and prowess as Rainbow mentor. The students realize what Tommy is up against, even if the "small group of sportsmen" does not.

All of us earnestly desire a winning team. Dismissing Tommy is certainly not the way to get one. This paper said editorially last week that until such time as the alumni association begins to actively support the UH athletic program, we will not boast a consistent winner. And we adhere as firmly as ever to that statement.

It is true that Tommy has come in for much criticism lately. But almost without exception this criticism has stemmed from those who are not informed, or don't care to be informed, as to the real situation which confronts him. That is why we reiterate if any group, alumni or otherwise, is genuinely interested in producing a good ball club at UH, all it need do is ask, "What can we do to help out?"

Apparently, however, these mysterious "sportsmen" do not care to ask that question. Instead, they are content to sneak around trying to "plunge a knife," so to speak, in Tommy's back for reasons unknown to us.

But they will not succeed. UH students will see to that!

Campus Is Ripe For Thieves

Twice within the short span of three weeks the local snack bar was pilfered, in the same fashion late at night. The two incidents are now water under the bridge. Perhaps the police will be able to corral the culprit, perhaps not.

The question we must now consider is what steps will the university administration take to adequately safeguard its property and possessions against further repetitions of lawlessness.

Anyone who has been on campus late at night knows full well that the lighting system is far from satisfactory. The area bounded by the library, social science building, Hawaii hall, and Dean and Gartley halls is as dark and foreboding as the proverbial tomb. Even campus streets are poorly illuminated.

Furthermore, it actually is a great risk to park a car in the Hemenway parking lot at night. Visibility there is zero when the two or three lights are turned off, which is more often than not. Petty thievery in the parking lot is carried on at a surprisingly high rate of activity. Even if the car happens to be locked, head lights and tires remain easy prey.

Farrington hall, with all its expensive equipment, stands out as one of the biggest plums to pluck we know of on campus. Who can attempt to distinguish those on official business from those on monkey business in surroundings similar to the interior of an ink bottle?

In addition, the current set up relating to the night watchman leaves a great deal to be desired. Can one individual in all fairness be expected to protect this vast campus? We say it is utterly preposterous to think he can.

The administration cannot afford to sit back complacently and write off the snack bar robberies as isolated incidents. Rather the thefts should serve notice that IT CAN HAPPEN HERE. Immediate steps should be taken, therefore, to increase not only the lighting of the campus, but just as important, the staff of patrolmen on duty at night.

If these measures are not adopted, the administration will have only itself to blame when something far more serious than the stealing of a few cartons of cigarettes occurs here.

Taking A Well Earned Rest

Many students have been wondering what has become of the energetic Spirit and Rally committee which handled the football season so splendidly. These students say that UH does have a team participating in basketball, and want to know if the committee is aware of it.

The truth of the matter is the Spirit and Rally people are fully conscious of that fact. They have formulated plans to stimulate campus interest in the cage sport, but won't put them into action until next semester.

Although the Spirit and Rally group is reputed to be invincible, they hasten to point out that they too are students first. With the shadow of finals drawing ever closer, they feel, and rightly so, that they must devote some time to refreshing their memories.

We add that they have earned a breather, and are confident they will be back on the job as competently as in the past.

THAT MAN...

Higa's Story: Interpreter To ASUH Boss

BY RAY HAFTEL

Ka Leo Ass't Feature Editor

Big hearted, jovial ASUH President Warren Higa may act as though a serious thought never enters his mind, but according to UH alumni and old timers on campus, "He's doing a better job as student body leader than has been done for many a year."

Higa, who has been nicknamed "Blubber" for certain obvious reasons, is a "40 year man" at UH. Coming to Manoa Valley in 1940, he had just completed his freshman year when Dec. 7, 1941, rolled around.

THE HAWAIIAN National Guard was immediately incorporated into the regular army during the crisis, so the university's ROTC unit in which Higa had enrolled was mobilized, with the designation Hawaiian Territorial Guard.

WARREN HIGA

But, Higa related, "The following Jan. the Nisei members of the outfit were requested to step out because our loyalty was questioned. We just couldn't sit around waiting until Washington decided if we were loyal or not, so we formed our own organization, the Varsity Victory Volunteers, and offered our services to the army."

VVV WAS ACCEPTED as a labor battalion by the military, and for the next year the boys worked at Schofield, digging ditches, repairing roads, and doing other menial but all important tasks. "Blubber" noted that one of the closest group relationships he's ever seen developed within this organization.

IN JAN., 1943, Washington finally OK'd the formation of a Nisei regiment and all members of VVV who were eligible for service requested to be released from Schofield so they could join the new organization—the 442nd.

"Blubber," who had spent eight years of his childhood in Japan, was selected to serve as an interpreter. After a session at language school in Mississippi, he was shipped out, going first to the Philippines and then to Okinawa.

IT WAS AT the latter operation that his outfit, the 96th division language team, did most of its interrogation of war prisoners. "Our language team was one of the best in the Pacific," kidded the ASUH boss. "In fact, we left Johnny Philip's (ASUH vice prexy) 27th division team behind in the dust."

Enough about "Blubber's" military career. What is more important is that he came back to the university in 1946, and immediately entered student government affairs. In May of that year he was elected to the office of ASUH vice president, assisting Dick Kosaki in handling a difficult assignment.

HAVING GAINED this valuable experience, Warren ran for and was elected to the presidency last year. Since then he has done everything in his power to carry out the main plank in his political platform.

When he campaigned for office, he stated, "I want to bring about a closer and more cordial relationship between the students and administration. This, above all, I shall consider most important."

MANOA MERRY-ROUND

PAUL KOKUBUN

ATTRACTIVE OFFER FOR A SENIOR MAUI-ITE

Senior class President Kats Miho was busy the other day sifting through the student catalogue in the ASUH office to secure a list of members of the class of '49 who hail from Maui.

He was doing this in response to a request from the Rotary club. Out of a clear blue sky one day last week, President Miho was informed through his campus mailbox that the Rotary club wanted the information for the purpose of selecting a student to study in Europe under a Rotary scholarship plan.

It was stipulated in the note, however, that the scholarship is to be offered to a senior who claims Maui as his home.

Why the Rotary club is confining the offer, which certainly sounds attractive, to Valley Islanders, I don't know. Neither does Miho. It's probably the Maui Rotary which is sponsoring the scholarship.

At any rate, one senior will be handed the Rotary certificate along with his sheepskin at the commencement exercises in June.

Seniors who, to my mind, will be strong contenders for the award are Charlie Oda, Alice Yoshimori, Phil Haake, Sue Tateishi, Alvin Shim, Mike Tokunaga, Mildred Yagami, and Yoshi Shibuya. These names are mentioned at random. I'm sure there are many others who will be eligible under the Rotary rule. Fifth year graduate students may also apply.

Since President Miho might have overlooked some names in compiling the list from the student catalogue, seniors from the Valley Isle are advised to contact him via CM 781 as soon as possible.

KOKUBUN

BEHIND THE SCENES ACTIVITY

An activity on campus which has been functioning with little or no publicity at all is the student leadership conference.

Originally conceived by Hawaii Union, men's forensic society, the conference has met three times so far, and has drawn considerable interest from student leaders.

Attended by faculty members, club and class presidents, and other officers, the meetings discuss the role of the leader and the participant in all phases of campus activity.

The leadership conference has merit. The discussions have inspired campus leaders to improve their status in their respective organizations and to promote the interests of all participants.

The meetings, which have been held at nights in Hemenway hall, have averaged an attendance of 25. With Stanley Kim as the temporary chairman of the steering committee, the response of campus leaders to future conferences is sure to improve.

BLEAK PICTURE OF JOBS PAINTED FOR SENIORS

If the 70 seniors who attended the panel discussion on employment last Tuesday in Hemenway hall heed the advice of Mrs. Nesta Gallas and Mr. Donald Bevins, they are bound for Guam, Okinawa, or Japan after graduation.

The panel members spoke to the senior audience in frank, straight forward terms—that the employment picture in Honolulu, particularly of government jobs, is pretty bleak.

But what are the 400 graduates of UH going to do after they receive their diplomas in June?

The counselors replied: "Opportunities are many and varied for college graduates in Guam, Okinawa, or Japan."

Wally Young and Jackie Wong, under whose chairmanship the meeting was held, were all smiles. They deserved it, for in the minds of the 70, it was a very successful meeting.

But the question as to whether the seniors will pack up and settle temporarily in Guam or Japan after June remains to be answered.

CUDDLE UP A LITTLE CLOSER

Over 2 Million Family Groups Live With Relatives: Report

Does your family have to share one roof with someone else? If so, you're just one of the estimated 2,700,000 family groups in the nation who are living with relatives as subfamilies, according to 1948 estimates by the census bureau, as reported in the New York Times.

Of these, two million were husband-and-wife subfamilies; the other 700,000 were parents-and-child subfamilies.

THE BUREAU ALSO ESTIMATES that the number of households is 40,720,000 now, an increase of over five and a half million since 1940. Which no doubt accounts in part for the increased doubling up.

Nine-tenths of the estimated 145,100,000 people in America (another jump) live in families. Of the remaining 10 per cent, about six per cent or 8,200,000 persons live as individuals, and 1,300,000 are inmates of institutions.

Furthermore, the bureau reports, about one in five of all family heads was a male veteran of World War II.

Letters From The Readers

OPERATION COUNTERATTACK

EDITOR KA LEO:

Subject: Counterattack

1. Vicious, winged, house-sized flies are winning the battle over the campus.
2. Time now for we poor humans to fight back.
3. Action: Thorough application of DDT spray.

—S. LEE

NOTE OF APPRECIATION

EDITOR KA LEO:

I only wish that the entire student body could have come out to watch the members of the Pineapple Bowl Publicity committee who worked with so much energy and enthusiasm during the Christmas holiday. Among them were:

Doris "Dodo" Obata, sweet, southern Virginia McGregor, Betty Lou Lung, Alma Tom, Veronica Chang, Paula Simpson, president of the Radio Workshop, and her crew of Martha Stenberg, Louis Steed, Bruce White Jr., and Stanley Toyama; Fred Chang, president of Tu Chiang Sheh; and my buddies from Kappa Epsilon Theta fraternity, Forrest Murphy, Bob "Too Long" Richardson, Tom Lalakea, and Eddie Fernandez.

A special note of appreciation goes to earnest Shinye Gima, of Veterans Village, who rendered his professional art services.

Hats off to them!

—DENIS WONG
Publicity Chairman

Cagers Seek Ninth Victory; Play Tall, Fast Weyenbergs

Vie Against All Stars Tomorrow At Civic

Seeking to rack up their ninth consecutive triumph of the season, Hawaii's Rainbow courtmen face the fast and tall Weyenberg quintet tonight in the campus gym at 8:15.

Weyenberg boasts a good record so far this season and Coach Art Gallon of the 'Bow cagers is expecting some trouble in downing the Commercial league cagers.

* * *

STARTING LINE-UP for the Green and White tonight will probably include George Malama, Al Haake, Harry Kahuanui, Ed Loui, and Dick Mamiya. The condition of Capt. Bobby Wong's leg, which was injured last week, will determine whether he will start or not.

The Varsity cagers face their toughest test of the season tomorrow night when they go into Civic auditorium to vie against Coach Art Kim's Hawaiian All Stars in a benefit affair, sponsored by the UH alumni association.

* * *

THREE GAMES are on tap for casaba fans at the auditorium, starting at 6:15 p.m. The warm up game will see the Thelma Akanas battle the Sunnyside cafe for supremacy in the women's senior basketball league.

Coach Al Saake's Frosh squad will meet Kamehameha Warriors in the second game. The Junior Green and Whites have set their own good record this season and will be all out to maintain their undefeated slate.

* * *

THIS BENEFIT has been arranged by the alumni association in order to raise funds to help defray expenses of the Varsity basketball team to the National association of Intercollegiate basketball tournament at Kansas City, Kansas.

A small fee of 35 cents will be charged students at the gate. General admission seats will be sold at 60 cents while reserved seats will sell for \$1.20.

Coach Moses Ome Calls Track Meeting Monday

Cinder-churners will awaken from their hibernation next Monday to attend a meeting called by Coach Moses Ome.

The meeting, which is the first of the coming season, has been called for the Varsity tracksters, and will be held in the Cooke field locker room at 4 p.m.

Two-Timer

REPEAT PERFORMANCE — Scrappy Jyun "Curly" Hirota was elected captain of the Varsity batsmen early this week. "Curly" displayed his ability as a leader of men when he co-captained the UH grid machine through a torrid season.

DIAMOND DUST

UH Meets Acme In Season's Opener At Moiliili Field

The Green and White whirlwinds of the base paths open the Winter baseball league Sunday against the Acme nine at Moiliili field.

Having lost only two men from last year's diamond aggregation, Tommy Kaulukukui, 'Bow mentor, said that Sunday's game will help set the Manoans' line-up for the future.

* * *

SUNDAY'S OPENER is rated a toss-up. Coach Kaulukukui is looking beyond the Winter loop and making definite plans for the Hawaii Baseball Congress to be held in April at Honolulu stadium.

Slated to see action Sunday will be catcher Jyun Hirota, capt. of the squad, while Hank "Lefty" Tomimaga, Harry "Smiles" Kitamura and Walter Hiranaka will alternate on the pitcher's mound.

PROOF OF THE PUDDING...

The BAC, in a meeting last Wednesday night, commended Coach Tommy Kaulukukui for the showing the football team made this past year in spite of injured players and lack of material to reinforce the posts which were vacated by injured men.

To us, this is an important and vital fact for the "downtown sportsmen" to consider before any further moves are made to have "the old man" replaced with a new coach.

To the small minority who have personal "beefs" with Tommy and who have dropped, or have been dropped from the squad, my advice would be, if you have any confidence in your own judgment, write letters either to the BAC or to Ka Leo.

Any such letters would not be used in connection with your names in the paper, but I personally am curious to see how many "of the great many" will come forward and state their opinions.

Tommy Kaulukukui is, in my judgment, one of the finest coaches today on the NATIONAL football scene. I have known a number of the coaches who have come and gone at Ohio State university's football plant at Columbus, Ohio.

Among those whom I may name for comparisons would be Paul Brown, former OSU coach, and now coach of the Cleveland Browns; Francis Schmidt, Ernie Godfrey and Carrol Widdoes, all of whom were nationally famous for teams in Big Ten competition.

Tommy has the same qualities they possessed—a knack for taking a squad of men and turning out a good offensive ball club.

But then, the difference rests in the fact that the alumni, student groups and faculty at OSU are interested enough to keep their better material in Ohio through scholarships and student employment.

It appears to me that some place along the line the "downtown sportsmen" have slipped, at least those who are alumni of UH, in not trying to help keep athletic talents at home. Give Tommy the material and he will give you the team.

* * *

THEY REPRESENT YOU...

The cagefest slated for tomorrow night in Civic auditorium should receive complete student backing. It features the Varsity and Frosh squads and is sponsored by the UH alumni to defray expenses for the Kansas trip scheduled for the basketball squad in March. The 35 cent charge which will be assessed each student is negligible. It is your team playing.

Congratulations to the alumni for this noteworthy act.

Takane Fires Hot 79; Takes Links Tourney

Rainbow golfers held their second tournament of the semester during Christmas vacation on the Ala Wai golf links in which 32 golfers pounded out their scores on a wet and windy course.

Winners in "A" Flight included Robert Takane, who won with a 79-10 for a net 69; second, Henry

Ahn 78-8-70; third, Clifford Chong, 84-10-74.

* * *

GEORGE INENAGA headed the "B" Flight contenders with 85-16 for a net 69; second, Jiro Akashi, 93-22 for a net 71. Two contestants tied for the third honors, Daird Mau and Ray Kusumato, who both scored 95-22 for a net of 73.

RECONVERTED—Gridders turned basketballers are the three players shown above. After shedding helmets and pads, they donned the Green and White trunks and jerseys of the cage team. Harry "Clown" Kahuanui (top), towering end on the football squad, is currently using his height to excellent advantage at center on the hardwood. Dick Mamiya (center) is as adept a field general in the casaba sport as on the gridiron. Dick plays guard. Bobby Moore (bottom) is a newcomer to the Varsity, but made quite a reputation for himself at Kam school. Bobby is a guard. All three will be seen in action tonight and Saturday night when the Rainbows meet the Hawaiian All Stars.

TOUCH CHAMPS

Seniors Trim Frosh 27-6

The seniors walked away with the Interclass touch football title last Tuesday, when they trimmed the Frosh gridgers 27-6 at TC field.

Although the underclassmen fought valiantly, they could not overcome the power of the champions. The seniors scored once in each stanza to bring the freshmen to their knees.

Sponsored and organized by the Intramural department, the scheduled contests were run off in clock-work fashion, except for postponements caused by rain.

Raqueteer Notice...

Class C netmen are urged to turn in their applications for tennis competition to Edwin Goya at the Ka Palapala office tomorrow. The tournament begins Sunday, Jan. 23.

Phillips Resigns

Continued from Page 1

line—the day the board of regents meets—BOG adopted the following measures relating to space allocations:

1. Appointed Dr. Harold S. Roberts, US labor department conciliation chief and currently visiting professor of economics here, to act as "chairman" at a special open meeting sometime this weekend between Men's Faculty and Women's Campus clubs' representatives on the one hand, and BOG on the other.

2. Drew up a specific plan which will be presented to both contesting groups for their action, in a last ditch effort to settle the drawn out space muddle before Jan. 21.

OTHER IMPORTANT steps taken by the board this week were:

3. Addressed a request to the administration that it purchase a trophy case for Hemenway hall, to house the more than half a hundred trophies littered about the UH campus.

4. Called for a thorough investigation as to the feasibility of having each faculty and administrative staff member assessed one dollar per year—as is stipulated in BOG's constitution—since all students are taxed this same amount.

IN CONNECTION with Phillips' resignation, Chairman Lau commented that he felt it was "extremely unfortunate." He said Phillips' presence on the board "served as a healthy effect on the other members."

Phillips, on the other hand, hinted in his letter of resignation that without his presence on the board BOG "might now find it possible to arrive at SOME solution to the reallocation problem."

If your answer is yes to either of these questions, you may be interested to know that the Sophomore class is sponsoring a completely non-profit used text book exchange between semesters for the convenience of the entire student body.

THIS WAS ANNOUNCED by Ray Haftel, chairman of the text book exchange.

"The sophomore council is conducting this project," said the chairman, "because it feels that there is a definite need for a used text book outlet on campus. If the sale proves successful, the sophomore council will recommend to the ASUH council that a permanent book exchange be established."

LISTS CONTAINING title of acceptable books will be posted at Hemenway hall, Hawaii hall, and the social science building. Headquarters for the exchange, which will be in the vacant first floor room in the new wing of Hemenway hall, will receive books from Jan. 24 to Feb. 4.

The sale will begin the first day of registration for the new semester and run for a week.

PHILLIPS SCORED both the groups balking at settlement of the space issue and the elected students on the board. The former, he maintained, have adopted a "dog in the manger attitude toward the student union," while the latter, he said, fail "to display the type of managerial capacities required for administering a \$250,000 plant."

He expressed a "sincere and earnest desire to see BOG arrive at an equitable solution of the space problem, with the needs of a greatly expanded student body kept uppermost in mind at all times."

UH Symphonic Band To Present Winter Concert Sunday Night

2 Selections From Wagner On Program

By HELEN KIMURA
Ka Leo Staff Reporter

From the opening note to the final strain, the UH symphonic band will present a program of semi-classical music at its winter concert scheduled to take place at Farrington hall Sunday evening at 7:30.

Beginning with Christiansen's "First Norwegian Rhapsody," the concert will include the "Sabre Dance" by Khachaturian, two selections from Wagner, "Jamaican Rumba" by Benjamin, and Grofe's "Mardi Gras."

COMPOSED OF members of the marching band, the symphonic band, directed by Mr. Ernest McClain, claims versatile musicians who can switch from clashing the cymbals to performing on the oboe.

Harold Hagen, one of the jacks-of-all-horns, plays the piccolo while on the march, but turns to the flute and bass clarinet on the concert stage.

MOSES SATO, the man behind the cymbals in the bleacher band, is a first class oboist. He is a member of the Honolulu Symphony orchestra.

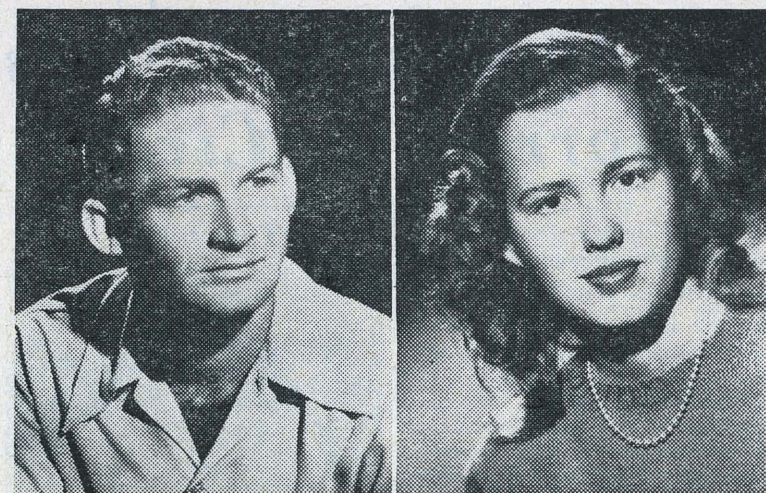

Floyd Uchima, another member of the Honolulu Symphony orchestra, plays the saxophone and bassoon. Wally Chang, drum major and student director of the band, divides his time between the drum and clarinet sections.

Music Recital Slated Jan. 18

A student recital, featuring a soprano, two pianists, and a woodwind quartet, will be held at the music building Tuesday, Jan. 18, at 12:30 p.m. Also included in the program will be a selection by Mozart played by the UH band.

Pianist Blanche Yoshizumi will play "Allegro from Sonatina" by Kuhlan, while "Nocturne" from Chopin's Opus 32 will be played by Betty Chu.

"THE LAST ROSE of Summer" will be sung by Hilda Odan. The quartet, which will present a Mozart composition, is composed of Fusae Yamashita, Moses Sato, Evelyn Morikawa, and Floyd Uchima.

TG NEWCOMERS MAKE GOOD—Westley Strombeck (left) and Katherine Clement, who are currently performing in "Lysistrata," have been getting their first taste of acting behind Farrington hall footlights in Theatre Guild's latest production. Strombeck, a sophomore, is seen as President of the Greek senate, while Miss Clement plays the title role. Tickets for tonight's and tomorrow's performances are completely sold out. (Bentley Photos)

FOOTBALL GREATS—ALL

Coach Tommy Renews Friendships At Meet

By SAM OKINAGA
Ka Leo Managing Editor

"The main thing about these conferences is that you meet all the big names in football coaching," said Coach Tommy Kaulukukui after his return from the 26th annual meeting of the American football coaches association, at San Francisco, Jan. 6 and 7.

Ball To Celebrate Chinese New Year

Chinese New Year will be celebrated at the traditional Narcissus Ball sponsored by Te Chih Sheh sorority Saturday, Feb. 5, from 8 to midnight at Hemenway hall, announced Lorna Lee, chairman of the dance.

Tickets are on sale in Hemenway hall lobby and can also be obtained from club members.

Among the 500 who attended the conference were Dana X. Bible, Jeff Cravath, Bud Wilkins, George Sauer, Len Casanova, Jimmy Phelan, Tom Harmon, and Lynn Waldorf. Coach-of-the-year-elect, Bernie Oosterban, who ably filled Fritz Crisler's shoes at Michigan, was one of the many coaches who missed the convention because of unfavorable weather conditions which delayed plane schedules.

THE RAINBOW mentor renewed acquaintances with Coaches Clarence "Biggie" Munn of Michigan State, Cecil A. Cushman of Redlands, and Jack Curtice of Texas Mines, all of whom expressed the desire to return for grid games here. They said that they enjoyed their visit to the Islands and felt it would be a "nice trip for the players."

Beginning with registration, Thursday morning, Jan. 6, at 8, the two day convention was filled with lectures by popular coaches and by specialists in related fields, committee reports, and movies. Tommy was also impressed with the modern equipment displayed there by various nationally known athletic firms.

Deans Must OK College Transfers

To avoid last minute complications, students who plan to transfer from one college to another or change their curricula for the second semester should contact their deans immediately, according to Dr. Willard Wilson, dean of student personnel.

Dr. Coulter, Former UH Geography Dept. Head, Appointed To United Nations' Post

Dr. John Wesley Coulter, former UH geography department chairman, was recently appointed to direct the United Nations' trusteeship division of the Pacific area.

Now professor of human geography at the University of Cincinnati, Dr. Coulter will assume his new post late this month, according to word received by Dr. Otis W. Freeman, close associate of the famous geographer, and presently a UH visiting professor of geography.

DR. COULTER taught at UH for 15 years (1927-42) after which he was named chief of the Pacific Islands section of the army's general staff corps, with the rank of colonel.

To his credit are several books and pamphlets, among them, "Agricultural Land Use and Planning in Hawaii," "Fiji: Little India," and a chapter on Hawaii in "The American Empire."

Naughty, Naughty

Freddy Freshman wanted the Federal Communications Commission to investigate a Rainbow football game broadcast. It seems that he was shocked to hear the football players were improperly dressed when the announcer said something about a "naked reverse play" being executed.

EX-UH PROFESSOR SERVES UN—Dr. John W. Coulter, who was chairman of the UH geography department before the war, has been named to head the United Nations' trusteeship division for Pacific affairs. A world recognized authority on the Pacific Islands and their peoples, Dr. Coulter served as a colonel during the war. He is shown above with his two young daughters.
