Mr. Alexander C. Kinzler
Vice-President & Secretary
Barnwell Geothermal Corporation
2828 Paa Street, Suite 2085 1100 ALAKEA SUITE 2900
Honolulu, Hawaii 96819 Honolulu Hi 96813

Dear Mr. Kinzler:

FAX 531-7181

Lani Puna 1

Thank you for your March 21, 1994 letter proposing to turn over geothermal test hole Lani Puna 1 to our Department for use as an observation hole.

As you well know, we are in the process of taking over the three scientific observation holes drilled by Hawaii Natural Energy Institute and Well KA1-1 drilled by True/Mid-Pacific to establish a network of monitoring wells in the Kilauea East Rift Zone. The purpose of these wells is to allow us to gather data for developing and monitoring a model of the geothermal reservoir as part of our regulatory role. At this time we have no need to establish a monitoring well in the direction of Lani Puna 1 since HGP-A already covers this area.

Should you have any questions regarding this matter, please have Mr. Martin Jokl call me at 587-0230.

Sincerely,

MANABU TAGOMORI
Manager-Chief Engineer

BARNWELL GEOTHERMAL CORPORATION

RECEIVED
'94 MAR 22 A10:16
DIV. OF WATER & LAND DEVELOPMENT

March 21, 1994

Mr. Manabu Tagomori
Deputy Director
Division of Water and Land Development
Department of Land and Natural Resources
P.O. Box 373
Honolulu, HI 96809

Dear Mr. Tagomori:

I have been in communication with the owner of the land on which the geothermal test hole Lani Puna 1 is located regarding the plugging and abandonment of that well. In the past, there has been some interest in maintaining the well for use as an observation hole. If the Department of Land and Natural Resources ("DLNR") is interested in acquiring the well for that purpose, Barnwell Geothermal Corporation ("BGC") would be willing to transfer the well to the DLNR under the condition that the DLNR assume the obligation to plug and abandon the well.

If the DLNR wishes to acquire the well, BGC will attempt to purchase the property in order to assure access to the well. If the DLNR has no need for the well, BGC will begin to organize the plugging and abandonment of the hole.

If you have any questions please call Martin L. Jokl at (808)836-0136.

Sincerely,

Alexander C. Kinzler
Vice President & Secretary

Re: Geothermal Resources Mining Lease No. R-2, as supplemented by that certain Supplement to Geothermal Resources Mining Lease No. R-2; Change of Address for Notices to leasehold lender Credit Suisse

Dear Sirs:

This firm represents Credit Suisse as leasehold lender with respect to that certain Geothermal Resources Mining Lease No. R-2 dated February 20, 1981, as supplemented by that certain Supplement to Geothermal Resources Mining Lease No. R-2.

Please note the following correct address for notices to the leasehold lender pursuant to Chapters 171 and 182 of Hawaii Revised Statutes and pursuant to that certain Lessor's Consent to Mortgage, Non-Disturbance and Attornment Agreement and Estoppel Certificate (State Lease) made as of July 9, 1990 between The State of Hawaii, by its Board of Land and Natural Resources, Puna Geothermal Venture, as lessee, for the benefit of Credit Suisse as lender and for the further benefit of Kapoho Land and Development Company, Limited, as fee owner, in

connection with the loan made by Credit Suisse to Puna Geothermal Venture:

MAR 15 1993

Mr. H. William Sewake
Manager
Department of Water Supply
County of Hawaii
25 Aupuni Street
Hilo, Hawaii 96720

Dear Mr. Sewake:

Water Well Monitoring Program for Geothermal Development Monitoring, Kilauea Lower East Rift Zone, Kapoho Shaft Well Right-of-Entry

As you know, we are conducting a monitoring program of water wells on Kilauea's lower east rift zone in connection with geothermal development upgradient from this area.

Part of this program will be to install low capacity sampling pumps in five wells in the lower Puna area. Accordingly, we would appreciate your approval to access and install a pump in the Kapoho Shaft well. We wish to monitor the well approximately once every two weeks for an indefinite period of time. We understand that the Department of Water Supply plan to abandon this well. The pump to be installed is a Model ST1101P which was purchased from QED Groundwater Specialists, 6095 Jackson Road, P.O. Box 3726, Ann Arbor, Michigan 48106, (800) 624-2026 and is of stainless steel construction. All materials which will be installed in the well will meet EPA drinking water standards. Upon completion of our work, the pump and all materials will be removed and the site restored as near as practicable to its original condition.

Should approval be granted, please be assured that reasonable precautions will be exercised to prevent any damage. However, should damage occur, the damage will be restored as reasonably as possible to its original condition. To the extent permitted by law, you will also be held harmless from any injuries and/or damages resulting from the State's exercise of this approval.

Approval may be granted by signing in the space below and returning the original to us.

Your favorable consideration of this request will be appreciated. Should you have any questions on this matter, or require any additional information, please have your staff contact Mr. Gordon Akita at 587-0227.

Sincerely,

MANABU TAGOMORI
Manager-Chief Engineer

APPROVED for Access and
Pump Installation and Monitoring Work
