Biologist Sheila Conant wins national conservation award

The Ralph W. Schreiber Award from the American Ornithologists' Union honors extraordinary scientific contributions to the conservation, restoration and preservation of birds and their habitats. (Photo: Ryan Hagerty/USFWS)

Energetics of the deep-water bluntnose sixgill shark

Undergraduate researcher Danielle Garcia uses metabolic rate to help shed some light on the life history of a shark found up to a mile below the ocean surface.

Expanding energy research with solar net zero energy classrooms

At three classrooms on Oahu and Kauai, students will have the opportunity to learn in facilities that are truly research and learning platforms.

New book about nationalism in New Caledonia

In "The Kanak Awakening," David Chappell traces the rise of a nationalist movement that restored self-government and legalized indigenous aspirations for sovereignty.
