University of Hawaii Partners on \$5.3-Million Cyberinfrastructure Award

With funding from the National Science Foundation, UH is part of a team that is looking for ways to expand the research and education impacts of advanced computing resources on campuses nationwide. Find out more about why Gwen Jacobs, UH Director of Cyberinfrastructure, believes a high-performance computing cluster at the new Information Technology Center at UH Mānoa is key to advancing UH research and innovation.

Novel waterproof electronic tablets for reef monitoring

Graduate student John Burns is proposing a new tool that could help community groups on the Big Island direct their own reef health projects. The project is a finalist for the 2014 Rolex Awards for Enterprise.

School of Pacific Asian Studies 2014 Graduate Student Conference

This year's theme was: "Pushing Boundaries, Shifting Perspectives: Remapping Asia and the Pacific through a Transnational Interdisciplinary Lens."

[VIDEO] Crew cohesion focus of second Mars simulation mission

A new space odyssey begins as the six crew members of the second Hawai'i Space Exploration and Analog Simulation (HI-SEAS) mission entered their remote habitat for a four-month-long journey.
