

EDITORS' CORNER

WE ARE INSTITUTING A NEW SYSTEM for contacting the journal editors to improve our communication with authors. General inquiries about the journal, initial requests for information about article submissions, and electronic submissions should be sent to ljunker@uic.edu and addressed to Laura Junker. Once articles are submitted, the assigned journal editor will notify you with their specific contact information for author queries. Mailed submissions should continue to be sent to: Asian Perspectives Editor Laura Junker, Department of Anthropology, University of Illinois at Chicago, M/C 027, 2102 BSB, 1007 W. Harrison St., Chicago, Illinois 60607-7139 U.S.A. Authors with large graphics files should send their submissions by mail or in several e-mails (5 MG maximum per e-mail) to avoid problems of file retrieval and electronic bounce-backs. We would like to emphasize that we encourage submissions from a broad range of theoretical perspectives. We also want to especially invite indigenous Asian archaeologists to submit manuscripts and, while we encourage all authors to use whatever resources available to produce clearly written English language papers, we are also happy to work with authors on English language issues to improve the peer review process. Please let us know if you would like to be added to our list of peer reviewers.
